17 essays identify inherently queer heterosexual practices and critique the idea of heteronormativity blurring the line between homo and heterosexuality Topics discussed include sodomy and chastity Victorian literature the relationship between sex gender and desire and the instability in literary portrayals of gender and sexuality George Eliot George Meredith Ernest Hemingway and Rider Haggard are among the many authors discussed *The Magic Toyshop* Angela Carter, 2008 This crazy world whirled about her men and women dwarfed by toys and puppets where even the birds were mechanical and the few human figures went masked She was in the night again and the doll was herself One night Melanie walks through the garden in her mother's wedding dress The next morning her world is shattered Forced to leave her rural home she is sent to London to live with relatives she has never met gentle Aunt Margaret mute since her wedding day and her brothers Francie whose graceful music belies his clumsy nature and the volatile Finn Brooding over all is Uncle Philip who loves only the puppets he creates in his workshop which are life sized and uncannily life like Anagrams of Desire Charlotte Crofts, 2003-04-19 This is the only book length study of Carter's work in media a critically neglected body of work comprising five radio plays two film adaptations and a television documentary as well as two unrealised screenplays an operatic libretto and a stage play **Angela Carter** Aidan Day, 1998-06-15 The first full scale study of Angela Carter's fiction with a broad though scholarly appeal *Tactical Readings* Nicola Pitchford, 2002 Both writers novels borrow heavily from other authors and in doing so they offer strategies for a politically committed rereading of literary history and its interaction with the popular imagination **Cycles of Influence** Stephen Benson, 2003 In this wide ranging and insightful analysis the author proposes a poetics of narrative for postmodernism by placing new emphasis on the folktale He begins by examining the key features of folktales their emphasis on a chain of events rather than description or consciousness their emphasis on a self contained fictional environment rather than realism the presence of a storyteller as a self confessed fabricator their oral and communal status and their ever changing state which defies authoritative versions **Angela Carter's Pasts** Sarah Gamble, Anna Watz, 2025-02-20 This book provides a fresh look at Angela Carter's critical and intertextual engagements with the past Examining a broad range of Carter's work novels short stories poetry as well as stage plays the essays in this collection explore a stimulating selection of topics including folk song medieval literature magic realism and the occult Frequently drawing on newly available archival material the volume lays out the ways in which Carter wove allusions into her own narratives creating a lively and challenging dialogue with the cultural materials of the past and present This volume will appeal both to scholars and students of contemporary women's writing critical theory gender studies and British fiction **Breaking the Frame** Debra Malina, 2002 This volume abstracts a model of metaleptic subject construction that has significant implications for narrative theory rather than viewing narrative as static product the deconstructive narratology it launches would accommodate narrative's bidirectional or cyclical dynamics and elaborate the energetics of the narrative process Jacket Angela Carter Linden Peach, 2009-09-09 This revised new edition reviews

**Angela Carter: Surrealist, Psychologist, Moral Pornographer** Scott Dimovitz, 2016-03-02 Contributing to the conversation regarding Angela Carter's problematic relationship with what she viewed as the interrelated traditions of surrealism and psychoanalysis Scott Dimovitz explores the intricate connections between Carter's private life and her public writing He begins with Carter's assertion that it was through her sexual and emotional life that she was radicalized drawing extensively on the British Library's recently archived collection of Carter's private papers journals and letters to show how that radicalization happened and what it meant both for her worldview and for her writings Through close textual analysis and a detailed study of her papers Dimovitz analyzes the ways in which this second wave feminist's explorations of sexuality merged with her investigations into surrealism and psychoanalysis an engagement that ultimately led to the explosively surreal allegories of Carter's later more complex and more accomplished work His study not only offers a new way to view Carter's oeuvre but also makes the case for the importance of Angela Carter's vision in understanding the transformations in feminist thinking from the postwar to the postfeminist generation
