Magic and Witchcraft Nevill Drury, 2004-10-25 A survey of magic and witchcraft throughout history traces its earliest animist concepts about the universe's spiritual forces to the emergence of Wicca and contemporary Neopaganism discussing such topics as traditional shamanism medieval witchcraft Satanism the occult the tarot and modern technologies Reprint

The A to Z of Shamanism Graham Harvey, Robert J. Wallis, 2010-04-01 Few religious traditions have generated such diversity and stirred imaginations as shamanism In their engagements with other worlds shamans have conversed with animals and ancestors and have been empowered with the knowledge to heal patients advise hunters and curse enemies Still other shamans aided by rhythmic music or powerful plant helpers undertake journeys into different realities where their actions negotiate harmony between human and other than human communities Once relegated to paintings on cave walls today Shamanism can be seen in performances at rave clubs and psychotherapeutic clinics The A to Z of Shamanism has the dual task of exploring the common ground of shamanic traditions and evaluating the diversity of both traditional indigenous communities and individual Western seekers This is done in an introduction a bibliography a chronology and hundreds of cross referenced dictionary entries which explore the consistent features of a variety of shamans the purposes shamanism serves the function and activities of the shaman and the cultural contexts in which they make sense [A History of Witchcraft: Sorcerers, Heretics & Pagans \(Third\)](#) Jeffrey B. Russell, Brooks Alexander, 2024-06-18 An authoritative and concise history of witchcraft from the ancient world up to the present day Witchcraft has always been a fluid and intriguing belief system that has enchanted and sometimes terrified humanity Now in its third edition *A History of Witchcraft* has established itself as the authoritative history of witchery and the occult Beginning with magic in the ancient world Jeffrey B. Russell explores the definition of witchcraft in its many diverse forms from the worship of the Greek goddess of magic Hecate and the witch crazes of the fifteenth and sixteenth centuries to the development of modern witchcraft by Aleister Crowley and Gerald Gardner in the early twentieth century Brooks Alexander analyzes the development of witchcraft and Neopaganism in the present day charting the dissemination of modern witchcraft through media and the tensions that arise when a secretive cult becomes an open and recognized religion This updated edition features a new chapter exploring the challenges that witchcraft has faced in the past decade including the rise of social media platforms such as Instagram and TikTok the COVID 19 pandemic and new Neopagan groups *Witches and Witchcraft* Rebecca Stefoff, 2007 A critical exploration of witches and witchcraft Provided by publisher *Historical Dictionary of Shamanism* Graham Harvey, Robert J. human communities Once relegated to paintings on cave walls today Shamanism can be seen in performances at rave clubs and psychotherapeutic clinics The Historical Dictionary of Shamanism has the dual task of exploring the common ground of shamanic traditions and evaluating the diversity of both traditional indigenous communities and individual Western seekers This is done in an introduction a bibliography a chronology and hundreds of cross referenced dictionary entries which explore the consistent features of a variety of shamans the purposes shamanism serves the function and activities of the shaman and the cultural contexts in which they make sense

Stealing Fire from Heaven Nevill Drury,2011-03-02 The Western magical traditions are currently undergoing an international resurgence In Stealing Fire from Heaven Nevill Drury offers an overview of the modern occult revival and seeks to explain this growing interest in ancient magical belief systems Gnosticism and the Hermetica the medieval Kabbalah Tarot and Alchemy and more recently Rosicrucianism and Freemasonry collectively laid the basis for the modern magical revival which first began to gather momentum in Europe at the end of the nineteenth century Western magic has since become increasingly eclectic drawing on such diverse sources as classical Greco Roman mythology Celtic cosmology Kundalini yoga and Tantra shamanism chaos theory and the various spiritual traditions associated in many different cultures with the Universal Goddess Drury traces the rise of various forms of magical belief and practice from the influential Hermetic Order of the Golden Dawn to the emergence of Wicca and Goddess worship as expressions of contemporary feminine spirituality He also explores Chaos Magick and the occult practices of the so called Left Hand Path as well as twenty first century magical forays into cyberspace He believes that the rise of modern Western magic stems essentially from the quest for personal spiritual transformation and direct experience of the sacred a quest which the trance occultist and visionary artist Austin Osman Spare once referred to as stealing fire from heaven Considered in this light Drury argues modern Western magic can be regarded as a form of alternative spirituality in which the practitioners seek direct engagement with the mythic realm

False Dawn Lee Penn, 2004 The interfaith movement which began with the 1893 World s Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today s interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear

to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI s proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People s Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion org
