**Occultism in a Global Perspective** Henrik Bogdan,Gordan Djurdjevic,2014-09-11 The study of the

ideas and practices associated with occultism is a rapidly growing branch of contemporary scholarship. However, most research has focused on English and French speaking areas and has not addressed the wider spread and significance of occultism. *Occultism in a Global Perspective* presents a broad international overview. Essays range across the German magical order of the *Fraternitas Saturni*, esoteric Satanism in Denmark, sexual magic in Colombia, and the reception of occultism in modern Turkey, India, and the former Yugoslavia. As any other form of cultural practice, the occult is not isolated from its social, discursive, religious, and political environment. By studying occultism in its global context, the book offers insights into the reciprocal relationships that colour and shape regional occultism. **Magical Imagination** Nick

Farrell, 2013. Imagination is our inner vision, our human skill to see different realities. It can take us to the throne of God; it can connect us to the stream of infinity and allow us to see the universe for what it really is. Controlled use of the imagination is fundamental to magical practice, and this comprehensive study by an experienced practitioner provides the keys to understanding and using these powerful inner techniques. Based on Nick Farrell's previous book *Magical Pathworking*, this greatly revised and expanded edition includes new chapters which further develop the techniques of pathworking for magical and spiritual purposes. It covers group work, divination, visiting other inner world dimensions, and working towards what Farrell calls objective pathworking. Even if you think you know all about visualisation, pathworking, and the magical key of imagination, even if you teach the subjects, this book will astound you. Nick Farrell explores magical imagination with depth and discernment, revealing principles and methods that will enrich and transform your magical and spiritual practice. Quite simply, this book is the best of its kind and extends the magical use of imagination to new heights and insights. It is an essential book for all magicians, Pagans, and anyone who works with the inner realms. Peregrin Wilcoak, author of *By Names and Images*. [Sea Witch's Companion](#) Levannah Morgan, 2022-07-12. This book is for all those who love the sea, who have

thrilled to the sight of the full moon rising over the ocean, who feel the pull of the tides, and who have dreamed of making sea magic. You will learn how the moon, sun, and sea together create the magical ebbing and flowing tides, and how to work with them. You will experience the spiritual power and beauty of the goddess of sea and moon, and learn how to forge your own deep and abiding relationship with her. You will discover how practical magic and folk customs have been used to protect us against the might of the sea and to ward off the powers of storm and flood. The book will show you how to use the gifts of the sea to create spells and charms for use in your own life, to increase your well-being, and to protect your home, family, and friends. It will demonstrate how you can invite sea spirits into your life and make magic with them. If you wish to go deeper, it will introduce you to the profound occult concepts of the greater tides that lie behind existence and that govern our lives, births, and deaths. **The Art and Practice of Caballa Magic** Ophiel, 2004-07-01.
