Kill-Do Not Release Douglass K. Daniel, 2025-08-05 Fighter Writer reports from major battles in the Pacific highlight what America's Marines endured in World War II Douglass K Daniel presents a fascinating trove of previously classified material withheld from the public because of government and public relations concerns at the time including tactical details that could inadvertently aid the enemy battlefield gore that could disturb readers and the gamut of issues of taste Navy censors in the field and editors at Marine Corps headquarters in Washington were also on alert for any material that could negatively affect the Corps itself or the overall war effort Soul searching stories that questioned the nature of war were rejected lest they sow doubt stateside about the cause for which so many lives were being lost Behind the bylines was a new breed of storytellers Considered fighter writers Marine combat correspondents or CCs carried typewriters as well as weapons The Marine Corps Division of Public Relations recruited them from America's newsrooms to join the fight that stretched from Guadalcanal and the bloody assault on Tarawa to the black sands of Iwo Jima and the dense jungles of Okinawa Their approved work appeared in civilian newspapers magazines and other national and local media This collection also highlights the unique efforts of the CCs and the public relations officers who commanded them While they were assigned to report and write they were Marines first They eagerly put aside their notebooks to take up arms against the enemy as needed Many were wounded in battle and more than a dozen were killed giving their lives to get the story behind the most significant conflict in human history

**Monthly Catalogue, United States Public Documents**, 1993 **Monthly Catalog of United States Government Publications** United States. Superintendent of Documents, 1993 *Fortnight of Infamy* John Burton, 2013-09-23 While America was preoccupied with the aftermath of Pearl Harbor an even greater tragedy

was unfolding across Southeast Asia From Wake Island to Burma the Empire of Japan opened the largest front in the history of warfare an aircraft driven invasion of colonial possessions throughout the Far East that crumbled the entire Western imperial legacy of the nineteenth century Events during the first two weeks of battle set the stage for the greatest military defeats America and Great Britain would suffer during any conflict This book offers the first comprehensive overview of the collapse of Allied air forces during the period between December 8 and 24 1941 Written for a wide audience it gives readers both a cockpit view of the desperate actions that took place and an understanding of why such heavy losses occurred The narrative account includes enough detail and analysis to hold the interest of serious students of Pacific War aviation and enough exciting descriptions of air combat to attract those with little knowledge of the subject Explaining how and why the Japanese were able to win a quick victory John Burton points to U S failures in the concepts for employment of airpower and a significant underestimation of Japanese air mindedness and aviation capabilities failures that resulted in the loss or surrender of more than 200 000 troops at Bataan and Singapore

*Extinct Birds* Julian P. Hume, 2017-08-24 A comprehensive review of the hundreds of bird species that have become extinct over the last 1 000 years of habitat degradation over hunting and rat introduction *Extinct Birds* has become the standard text on this subject covering both familiar icons of extinction as well as more obscure birds some known from just one specimen or from travellers tales This second edition is expanded to include dozens of new species as more are constantly added to the list either through extinction or through new subfossil discoveries The book is the result of decades of research into literature and museum drawers as well as caves and subfossil deposits which often reveal birds long gone that disappeared without ever being recorded by scientists while they lived From Great Auks Carolina Parakeets and Dodos to the amazing yet almost completely vanished bird radiations of Hawaii and New Zealand via rafts of extinction in the Pacific and elsewhere this book is both a sumptuous reference and astounding testament to humanity s devastating impact on wildlife

**Pacific Payback** Stephen L. Moore, 2015-06-02 Deeply researched and well written By far the most detailed account of USS Enterprise s dive bombers and their decisive role at the Battle of Midway Sunday December 7 1941 dawned clear and bright over the Pacific But for the Dauntless dive bomber crews of the USS Enterprise returning to their home base on Oahu it was a morning from hell Flying directly into the Japanese ambush at Pearl Harbor they lost a third of their squadron and witnessed the heart of America s Navy broken and smoldering on the oil slicked waters below The next six months from Pearl Harbor to the Battle of Midway a dark time during which the Japanese scored victory after victory this small band of aviators saw almost constant deployment intense carrier combat and fearsome casualties Many were killed by enemy Zero fighters antiaircraft fire or deadly crash landings in the Pacific while others were captured and spent years in POW camps Yet the Enterprise s Dauntless crews would be the first to strike an offensive blow against Japanese installations in the Marshall Islands would be the first to sink a Japanese warship and would shepherd the Doolittle Raiders bombing of Tokyo Not until Midway though would Dauntless

crews get the chance to settle the score and change the course of World War II Drawing on dozens of new interviews and oral histories author Stephen L Moore brings to life inspiring stories of individual sacrifice and bravery and the sweeping saga of one of America s greatest triumphs INCLUDES PHOTOS     **A Double Dose of Hard Luck** Leo Aime
