,2023-01-01 **Steps toward a Tibetan Understanding of Purity** James E. Morrison,2025-03-27 Though of little concern to most westerners notions of what is considered clean and unclean pure and impure are of great importance to many cultures Both ritual and moral purity and impurity are significant concerns for Tibetan Buddhists and Buddhists at large being foundational to how they live their everyday lives Steps Towards a Tibetan Understanding of Purity provides a detailed analysis of Tibetan conceptions of purity and purification through a careful examination of salient Tibetan texts across a wide

range of genres The practical applications of this study articulate ways to contextualize the good news of Jesus in a Tibetan Buddhist context with an emphasis on the gospel of purification Such an approach provides the reader with renewed impetus to share the gospel in meaningful and relevant ways to a Buddhist audience while also providing additional insights into the worldview of Tibetans *Steps to the Great Perfection* Jigme Lingpa, 2016-07-05 The mind training practices contained in the Dzogchen tradition of Tibetan Buddhism have never before been presented in the English language The main text translated here The Steps to Liberation will be of great interest to Western practitioners since its instructions are pithy and direct and experiential rather than scholarly The contemplations on core Buddhist principles like impermanence and karma intended for beginning meditators unfold as dramatic stories in which the meditator is to vividly imagine himself or herself as the main character who undergoes a sequence of experiences that result in transformative realizations They distill the most essential teachings of the Buddha into a practical system that can be easily implemented in a daily meditation practice At the same time they bring together the most foundational Buddhist teachings with the profound methods of the Vajrayana the esoteric teachings of Buddhist tantra This is the hallmark of Dzogchen mind training and what sets it apart from other mind training lineages **Buddhism in the Krishna River Valley of Andhra** Sree Padma Holt, A. W. Barber, 2008-08-07

Offering perspectives from a distinguished group of international scholars this book provides a multidisciplinary inquiry into the various forms of Buddhism that thrived during the early centuries of the common era in the Krishna River Valley areas of what is now the modern state of Andhra Pradesh in India The contributors explore not only the factors that led to the rise of Buddhist communities but also the significance of these early Buddhist communities in the unfolding of the greater history of Buddhism throughout the Asian world Yoga Spandakarika Daniel Odier, 2005-03-23 Translation and commentary of one of the most important texts of the Kashmirian Shivaism tradition of Tantra Author was a student of the late Kalu Rinpoche Explores the transmission of Mahamudra the Great Cosmic Gesture Includes the Vijnanabhava Tantra which contains the totality of the oldest source text on Yoga The Spandakarika the Tantric Song of the Divine Pulsation is said to have been transmitted directly to the sage Vasugupta from the hands of Shiva on Mount Kailas In his commentary on these fifty two stanzas the sage Ksemaraja described them as the heart of the Mahamudra The oldest masters of Spandakarika viewed everything in the universe including matter as consciousness and created a yoga practice in accordance with this realization The sacred dance of Yoga Spandakarika Tandava is extremely subtle and difficult requiring thousands of hours of practice to master yet it surpasses any other physical practice allowing the practitioner to touch the divine inner pulse Once its third stage has been mastered the yogi or yogini is able to manifest the dance of Shiva in space a tradition visible in the statuary of Tantric temples in India and Tibet Energy is no longer contracted by the perception of duality and the mind and body become unbounded forming a sphere that contains all that was formerly outside In Yoga Spandakarika Daniel Odier passes on these vanishing teachings as he received them from his Tibetan master Kalu Rinpoche and Kashmiri yogi Lalita Devi Buddhist

Theology Roger Jackson, John Makransky, 2013-12-16 Scholars of Buddhism themselves Buddhist here seek to apply the critical tools of the academy to reassess the truth and transformative value of their tradition in its relevance to the contemporary world

The Tantric Path of Indestructible Wakefulness Chögyam Trungpa, 2013-04-08 Ch gyam Trungpa explores the the vajrayana teachings of the tantric path in this final volume of his masterpiece on Tibetan Buddhism This three volume collection presents in lively relevant language the comprehensive teachings of the Tibetan Buddhist path of the hinayana mahayana and vajrayana Considered Ch gyam Trungpa s magnum opus *The Profound Treasury of the Ocean of Dharma* will resonate with new and senior students of Buddhism In this third and final volume Ch gyam Trungpa s examines the vajrayana teachings of the tantric path The vajrayana or diamond vehicle also referred to as tantra draws upon and extends the teachings of the hinayana and mahayana As with the hinayana and the mahayana the formal acceptance into the vajrayana is marked by a vow in this case the samaya vow There is an emphasis at this stage on the student teacher relationship and on the quality of devotion Generally students must complete preliminary practices called ng ndro to prepare themselves for initiation into the vajrayana path before going further Having done so they then receive the appropriate empowerments to begin tantric practices There are empowerment ceremonies of many kinds called abhishekas The vajrayana includes both form practices such as visualizations and sadhanas ritual liturgies and formless practices based on allowing the mind to rest naturally in its inherent clarity and emptiness Although on the surface there is much greater complexity in tantric practices the principles of mindfulness and awareness and the cultivation of compassion and skillful action continue to be of central importance The tantric path requires complete engagement and fierce dedication It is said to be a more rapid path but it is also more dangerous There is a quality of directness abruptness and wholeheartedness Tantrikas or vajrayana practitioners recognize that the most challenging aspects of life the energies

and play of confused emotions and frightening obstacles can be worked with as gateways to freedom and realization Other topics covered in detail in this volume include the four reminders the mandala principle mahamudra atiyoga and more *A Beginner's Guide to Tibetan Buddhism* Bruce Newman,2004-05-13 This is a ground level practice oriented presentation of Tibetan Buddhism personal and very accessible The book begins with the awakening of students interest in spirituality and the initial encounter with Tibetan Buddhism then leads us through all the steps necessary for successful practice in the West Included is succinct counsel on finding an appropriate teacher receiving empowerments becoming active in a center and launching and sustaining a Vajrayana practice Special emphasis is placed on the potential pitfalls and the marvelous benefits of the guru disciple relationship
