The Rape of Martha Teoh & Other Chilling Stories Halim (Tunku), 1997 Home, History and Possession in Israel-Palestine Tovi Fenster, 2024-09-05

Taking a micro geographical approach to Israeli Palestinian relations this book analyses the history of space and place in West Jerusalem and Jaffa in the context of specific addresses Based on the unique and innovative archaeology of addresses methodology the book provides an in depth analysis of 11 specific sites This micro perspective paying particular attention to

the history and past ownership of an individual property allows the author to draw new insights into the process of population exchange that took place in 1948 when Jewish people began to populate Palestinian deserted homes after the Nakba. By looking at archival planning documents the histories of addresses as contact zones between previous and current owners are revealed. Moreover the research on each address highlights new theoretical understandings encompassing the micro politics of the contact zone mediated agonism, ruinations and beginnings, creative destruction in urban planning, the right to the city and the right to return, the violence of property and fragmented settler colonialism. The book concludes by proposing practical applications of the research in teaching and planning practice. The book will prove important reading for students and researchers interested in urban planning, Middle Eastern geography and the history of the Israeli-Palestinian conflict.

The Story of India T. H. Howe, 2018-01-25 If we look at a map of Asia we shall notice what looks like a great red tongue stretching down into the waters of the southern ocean. This is India, a country as large as the continent of Europe without Russia. It is the most beautiful part of Asia containing ranges of huge mountains, wide fertile plains, wonderful forests and mighty rivers. We shall find there numerous races of people whose forefathers came to India in great armies thousands of years ago and before they settled down in the country fought and conquered the people who were there before them.

Migration Italy Graziella Parati, 2013-12-31 In terms of migration Italy is often thought of as a source country, a place from which people came rather than one to which people go. However in the past few decades Italy has indeed become a destination for many people from poor or war-torn countries seeking a better life in a stable environment. Graziella Parati's *Migration Italy* examines immigration to Italy in the past twenty years and explores the processes of cultural hybridization that have occurred. Working from a cultural studies viewpoint Parati constructs a theoretical framework for discussing Italy as a country of immigration. She gives special attention to immigrant literature positing that it functions as an act of resistance, a means to talk back to the laws that regulate the lives of migrants. Parati also examines Italian cinema demonstrating how native and non-native filmmakers alike create parallels between old and new migrations complicating the definitions of sameness and difference. These definitions and the complexities inherent in the different cultural, legal and political positions of Italy's people are at the heart of *Migration Italy*, a unique work of immense importance for understanding society in both modern-day Italy and indeed the entire European continent.

Medieval Frontiers: Concepts and Practices David Abulafia, Nora Berend, 2017-03-02 In recent years the medieval frontier has been the subject of extensive research. But the term has been understood in many different ways: political boundaries, fuzzy lines across which trade, religions and ideas cross, attitudes to other peoples and their customs. This book draws attention to the differences between the medieval and modern understanding of frontiers, questioning the traditional use of the concepts of frontier and frontier society. It contributes to the understanding of physical boundaries as well as metaphorical and ideological frontiers, thus providing a background to present-day issues of political and cultural delimitation. In a major introduction David Abulafia

analyses these various ambiguous meanings of the term frontier in political cultural and religious settings The articles that follow span Europe from the Baltic to Iberia from the Canary Islands to central Europe Byzantium and the Crusader states The authors ask what was perceived as a frontier during the Middle Ages What was not seen as a frontier despite the usage in modern scholarship The articles focus on a number of themes to elucidate these two main questions One is medieval ideology This includes the analysis of medieval formulations of what frontiers should be and how rulers had a duty to defend and or extend the frontiers how frontiers were defined often in a different way in rhetorical ideological formulations than in practice and how in certain areas frontier ideologies were created The other main topic is the emergence of frontiers how medieval people created frontiers to delimit areas how they understood and described frontiers The third theme is that of encounters and a questioning of medieval attitudes to such encounters To what extent did medieval observers see a frontier between themselves and other groups and how does real interaction compare with ideological or narrative formulations of such interaction

Poetics and Politics of Iran's National Epic, the Shāhnāmeh M. Omidshafar, 2011-11-16 This book considers some of the Western interpretations of The Shahnameh Iran's national epic and argues that these interpretations are not only methodologically flawed but are also more revealing of Western concerns and anxieties about Iran than they are about the Shahnameh

Malm's study of music is made. The second study is Professional Malay Story Telling Some Questions of Style and Presentation by Amin Sweeney. In view of the hitherto almost exclusive concern with the content of such tales as those of Sang Kanchil or Pak Pandir, Sweeney throws some light on the form, style and presentation of oral Malay literature with special reference to that class of story telling popularly known as penglipur lara or what Winstedt termed folk romances.

Mohammad Ibn Ahmad Abu Rayhan Biruni
Mohammad Sarwar Hussaini, 2021-09-23

This book about Biruni is distinguished from other biographical books on Biruni by the factual approach of the author in the study of Biruni's life and by his main reliance on Biruni's own books and treatises. Some stories and aspects of Biruni's life, such as fictional works of Biruni, which are covered by this book, have not been seen or narrowly been mentioned by previous writers. Also, the book, through connecting historic facts, provides new findings on Biruni's scientific works and their importance to the transition of knowledge from ancient past up to present day.
