Maid Matelot Lady Rozelle Raynes, 2004 **MAID MATELOT** ROZELLE. RAYNES, 2022 Uncommon Courage Julia Jones, 2022-03-17 An extraordinary account of heroism and sacrifice An unexpected and important story rivetingly told Rip roaring stuff Get this into the paws of the sea dog in your life Griff Rhys Jones A book that had to be written Let s Talk People ashore don t realise what a grim war we are waging at sea with the Germans A cold blooded war in a way I think requiring the maximum of bravery from the men of both sides in the long run as it is so ceaseless and intangible You just don t know whether the next moment will be your last Robert Hichens RNVSR Several years ago Julia Jones was searching through long forgotten items stored at her house and discovered some suitcases of old written material which turned out to be accounts by her father of his experiences in the RNVSR Royal Naval Volunteer Supplementary Reserve She realised that as a child she d met some of the people mentioned and although she was too young to truly know them these youthful impressions spurred her on to rediscovery and understanding In this absorbing book Julia tells the compelling stories of the yachtsmen Some were famous such as Sir Peter Scott others were wealthy such as August Courtauld who returned his pay to help with the war effort but the majority were just ordinary professionals such as publishers lawyers and advertising agents who signed up because they loved sailing Few could ever have dreamed that they would end up acting in areas that were so far beyond their normal lives as they found themselves commanding destroyers and submarines and undertaking covert missions of sabotage Some undertook the dangerous daily drudgery of minesweeping others tackled unexploded bombs engaged the enemy in high speed attacks or played key roles in Ian Fleming s famous intelligence commandos This varied crew of men were given tasks vital to the war effort requiring endurance extraordinary bravery resourcefulness and quick thinking Some died in the process but for the ones who survived Julia asks how their experiences changed them Could their love of sailing and the sea survive the harsh realities of war **The WRNS in Wartime** Hannah Roberts, 2017-11-24 The Women s Royal Naval Service WRNS was created in 1917 re formed in 1938 and maintained after 1945 This book determines for the first time the reasons for the expansion and contraction of the service and the impact key individuals had on it and in turn the influence it had on its members Hannah Roberts offers new insights into a previously little studied British military institution which celebrates its centenary in 2017 She shows how political and military decision making within the fluctuating national security situation coupled with a growing cultural acceptability of women taking on military roles allowed for the growth of the service in World War II into realms never expected of women Although it shared a similar pattern in its formation to the Auxiliary Territorial Service ATS and had a similar ethos to its Air Force counterpart the WAAF the WRNS took on a wider ranging role in the war in part due to the latitude afforded to the service because of its uniquely independent origins From 1941 onward the WRNS spread internationally and subverted the combat taboo by adopting semi combatant roles Using twenty one new oral histories and a multitude of archived personal documents this book demonstrates the pivotal importance

of the Women's Royal Naval Service in both the world wars

Britannia's Daughters Ursula Stuart Mason, 2020-01-24 A comprehensive history of the Women's Royal Naval Service of Great Britain in the twentieth century The Women's Royal Naval Service was formed in 1917 when the call was for volunteers to release a man for sea service At the peak there was over 5 000 women serving in Britain and overseas but efforts to maintain the service in peace time were unsuccessful It was to be 1939 when the Second World War threatened before the Wrens were reformed Theirs was a different and altogether more demanding role which involved the carrying out of some highly secret and responsible duties and many more of them served outside Britain By 1945 there were over 75 000 officers and ratings and when the War ended and those who wished were demobilized a permanent Service was set up providing a career for women alongside men of the Royal Navy This is their story often told in their own words which mirrors the changing place of women in our society in a century of tremendous social progress Features a forward by HRH The Princess Royal

The Silent Day Max Arthur, 2014-05-22 On 6 June 1944 Britain woke up to a profound silence Overnight 160 000 Allied troops

had vanished and an eerie emptiness settled over the country The majority of those men would never return This is the story of that extraordinary 24 hours Using a wealth of first person testimonies renowned historian Max Arthur recounts a remarkable new oral history of D Day beginning with the two years leading up to the silent day which saw the UK transformed by the arrival of thousands of American and Canadian troops We also hear the views of the American troops who quickly formed strong views of both the British military and civilian populations Then on that June morning many Britain people woke up to discover that vast areas of the country which had throbbed with life only the day before were now empty and silent Civilian workers found coffee pots still warm on the stove but not a soul to greet them Many women and children felt bewildered and betrayed Then throughout that day and the days that followed the whole population gathered around wireless sets waiting for news There are powerful testimonies from families of who lost loved ones on the beaches of Normandy and dramatic personal accounts from young widows who had never had the chance to say goodbye THE SILENT DAY is an original and evocative portrait of a key event in world history and a poignant reminder of the human cost of D Day

Stars to Steer By Julia Jones,2025-05-08 The extraordinary stories of the fearless women who set their sights on the sea in an all male world paving the way for the female sailing superstars of today Gender issues are stark at sea Historically a ship s crew is all male and although vessels are referred to as she women s contributions to sailing have been largely ignored if not actively opposed Today s sailing legends such as Tracy Edwards and Ellen MacArthur compete with men on equal terms but they stand on the shoulders of many women before them who had to challenge preconceptions prejudice and even the law in their wish to sail Spanning the 19th century to today Julia Jones dives into the lives of an array of incredible and unconventional women we meet single handed sailors wealthy explorers long suffering wives and penniless chancers with a thirst for adventure Each had to face down barriers of official exclusion family imposed restriction social disapproval and often a resulting lack of self belief In the 21st century British women wear Admiral s uniforms and break global yachting records yet their journey to professional sailing remains challenging and the public face of sailing remains mostly male evident in the lack of female Commodores in prestigious yacht clubs Even as sailing becomes more accessible the remarkable contributions within these stories are a precious source of inspiration to all women facing their own challenges today
