Maidens End:

The Locrian Maidens James Redfield, 2021-01-12 Athens dominates textbook accounts of ancient Greece But was it for the Greeks themselves a model city state or a creative even a corrupt departure from the model Or was there a model This book reveals Epizephyrian Locri a Greek colony on the Adriatic coast of Italy as a third way in Greek culture neither Athens nor Sparta Drawing on a wide range of literary and archaeological evidence James Redfield offers a fascinating account of this poorly understood Greek city state and in particular the distinctive role of women and marriage therein Redfield devotes much of the book to placing Locri within a more general account of Greek culture particularly with the institution of marriage in relation to private property sexual identity and the fate of the soul He begins by considering the annual practice of sending two maidens from old world Locris the putative place of origin of the Italian Locrians to serve in the temple of Athena at Ilion finding here some key themes of Locrian culture He goes on to provide a richly detailed overview of the Italian city in a set of iconographic essays he suggests that marriage was seen in Locri as a life transformation akin to the eternal bliss hoped for after death Nothing less than a general reevaluation of classical Greek society in both its political and theological dimensions The Locrian Maidens is must reading for students and scholars of classics while remaining accessible and of particular interest to those in women s studies and to anyone seeking a broader understanding of ancient Greece *Manru Ignace Jan Paderewski, 1901 History of Greece, From the Earliest Times to the End of the Persian War* Max Duncker, 2025-07-29 Reprint of the original first published in 1883 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **19th International Conference on Cyber Warfare and Security** Prof Brett van Niekerk , 2024-03-25 These proceedings represent the work of contributors to the 19th International Conference on Cyber Warfare and Security ICCWS 2024 hosted University of Johannesburg South Africa on 26 27 March 2024 The Conference Chair was Dr Jaco du Toit University of Johannesburg South Africa and the Program Chair was Prof Brett van Niekerk from Durban University of Technology South Africa ICCWS is a well established event on the academic research calendar and now in its 19th year the key aim remains the opportunity for participants to share ideas and meet the people who hold them The scope of papers will ensure an interesting two days The subjects covered this year illustrate the wide range of topics that fall into this important and ever growing area of research **Redefining Ancient Orphism** Radcliffe G. Edmonds III, 2013-11-07 In a paradigm shift this book redefines Orphism as a polemical label for extra ordinary religion good or bad **Baxter's Explore the Book** J. Sidlow Baxter, James Sidlow Baxter, 1986-12-26 Exposition commentary and practical application of the meaning and message of the Bible **ADVENTURES OF ARABELLA AND THE SEVEN MAIDENS** Dorothy Angkahan, 2025-01-28 Arabella is off on her second journey to help people who are oppressed in the world The child doesn t know where her next journey is taking her but she is looking forward to more adventures and to help others if she can When Arabella is finally

transported to another faraway land she becomes astonished about her second goodwill mission to help people from a dire situation because she must go with her new companion whom Arabella will meet in her second journey and they must travel around the world to collect the seven keys from the seven maidens Afterward Arabella and her companion return where her companion is from to free the people there from a devastating curse that has plagued the land the king's southern part of his kingdom While the two girls travel to each maiden's territory they're faced with perils and trials on the way So no one can say that the girls don't have their hands full yet during their goodwill mission they'll meet wonderful people of foreign tongues and cultures between the maidens' territories Also Arabella and her companion will develop a meaningful relationship with each other that's binding for life They both have strong faith for their age but they would have to because without faith and divine intervention their goodwill mission won't be successful This Arabella learned from her first journey and more so in this second journey One thing the girls will have in common with their perils and trials they both will see their faith grow and through perseverance they both will gain wisdom yet maintaining humility and a heart of charity on the way If Arabella is thinking her first and previous journey was overwhelming then she'll surely find this second journey surpasses her first with amazing and incomprehensible adventures and perils on the way so her and new companion's faith may be tested Thus with each goodwill mission her faith will grow stronger and the values she learns from her journeys are indeed preparing her to rule wisely and justly as baroness of the Wellington dynasty someday *Hopi Journal of Alexander M.*

Reimagining Hiroshima and Nagasaki N.A.J. Taylor,Robert Jacobs,2017-09-14 This edited volume reconsiders the importance of the attacks on Hiroshima and Nagasaki from a post Cold War perspective It has been argued that during the Cold War era scholarship was limited by the anxiety that authors felt about the possibility of a global thermonuclear war and the role their scholarship could play in obstructing such an event The new scholarship of Nuclear Humanities approaches this history and its fallout with both more nuanced and integrative inquiries paving the way towards a deeper integration of these seminal events beyond issues of policy and ethics This volume therefore offers a distinctly post Cold War perspective on the nuclear attacks on Hiroshima and Nagasaki The chapters collected here address the memorialization and commemoration of Hiroshima and Nagasaki by officials and states but also ordinary people's resentment suffering or forgiveness The volume presents a variety of approaches with contributions from academics and contributions from authors who are strongly connected to the cities of Hiroshima and Nagasaki and its people In addition the work branches out beyond the traditional subjects of social sciences and humanities to include contributions on art photography and design This variety of approaches and perspectives provides moral and political insights on the full range of vulnerabilities such as emotional bodily cognitive and ecological that pertains to nuclear harm This book will be of much interest to students of critical war studies nuclear weapons World War II history Asian History and International Relations in general *The Bible Says...* Dae Young Choe,2000-03-29 Most of us begins to read the bible trying to understand our creator God and find out the way to

escape from this troublesome world while struggling to cope with this fast running modern society and survive But reading through the bible alone would take a year and yet finding out what it says is still another story So many of us close the bible before flipping over several pages and come back to wandering again for the same reason of enormous amount of scriptures and the difficulty to understand Simply we are trapped in this busy world of devil and the devil does not allow us to think about where we come from where we go to and why we live in this world That was stated in the bible as dead saying And another of his disciples said unto him Lord suffer me first to go and bury my father But Jesus said unto him Follow me and let the dead bury their dead Matthew 8:22 As the result we just go to church for self relief and follow the instructions of the church for no reason and say we obey to God Yet still we do not know what God says Leaving every teaching of religious people and traditional religious idea behind I tried to hear from God directly through the bible based upon solid rock foundation of common sense that the truth never changes I did not hesitate to go to the extreme to stand on that foundation and I believe that extreme faith gave me understanding divine only God who is in extreme high place As the bible says No one can come to Me unless the Father who sent Me draws him and I will raise him up on the last day John 6:44 this book is not intended to draw people into belief but to guide God's people that are lost In other words it is only for Sons of God It doesn't necessarily mean that my way is the best way So anybody who knows the way should follow own way

House of Horrors Agnieszka Kotwasińska, 2023-06-15 This is a study of tumultuous transformations of kinship and intimate relationships in American horror fiction over the last three decades Twelve contemporary novels by ten women writers and two whose work has been identified as women's fiction are grouped into four main thematic clusters haunted houses monsters vampires and hauntings but it is social scripts and concerns linked directly to intimacy and family life that structure the entire volume By drawing attention to how the most intimate of all social relationships the family supports and replicates social hierarchies exclusions and struggles for dominance the book problematises the source of horror The consideration of horror narratives through the lens of familial intimacies makes it possible to rethink genre boundaries to question the efficacy of certain genre tropes and to consider the contribution of such diverse authors as Kathe Koja Tananarive Due Gwendolyn Kiste Elizabeth Engstrom Sara Gran and Caitlin R Kiernan

lost he feels when it doesn't. Heartbroken, he determines to save his family himself. Hepsibah resents being cast by the Happy Ending as the villain in the cursed princess story. Ignoring tradition, the aged fairy tries to give a true gift to the babe rather than a curse. She doesn't know that nothing she does will turn out as expected. Ella dreams of one night of happiness away from the harsh reality of her life. She's crushed when the evening doesn't go as planned. After the ball ends, Ella's dreary existence becomes even more difficult for her to bear. Adalia can't decide what she wants lately. She worries about her family and the threat to her kingdom. She hates not knowing whether the midnight dances are the answer to her problem or the cause of it. Hepsibah is terrified her magic is out of control. Jack races to warn about a secret that has been hidden for millennia. Ella flees, hoping it's not too late to escape. And Adalia fights against the spell that holds her hostage.
