Wenger, Stephen Trussel, 2017-09-13 Georges Simenon's 75 novels and 28 short stories that feature Chief Inspector Jules Maigret provide us with a great deal of information about the French police detective but only in small episodic doses As readers become acquainted with Maigret one detail at a time he slowly takes on a flesh and bone realism not merely a character in a story but someone we would like to meet in real life This book presents all the canonical facts and details about the detective and his world in one place presented with tabulations and analyses that enable a better understanding of the works and of Maigret himself

Investigating Simenon Russell Campbell,2022-09-21 For nearly a century the work of Belgian crime writer and psychological novelist Georges Simenon creator of Chief Inspector Maigret has captivated readers worldwide This investigation situates Simenon s work in its historical context and interprets it as a reaction to shifting gender relations in Western society Simenon s compelling narratives capture the anxieties of men whose patriarchal position was under threat in an era of insurgent feminist movements These concerns are also evident in Simenon s pervasive preoccupation with sexuality as well as his political stance that stems from his petit bourgeois upbringing This groundbreaking study includes interwoven commentary on all 191 novels Simenon published under his own name including several that have never been translated into English as well as a number of short stories and several pseudonymous works

Adam and Eve in Scripture, Theology, and Literature Peter B. Ely,2018-01-15 Adam and Eve in Scripture Theology and Literature Sin Compassion and Forgiveness is an extended consideration of the narrative of Adam and Eve first seen in the Hebrew Bible but given new life by St Paul in the New Testament Paul s treatment of Adam and Eve especially his designation of Christ as a second Adam has had an enormous influence in Christianity Peter Ely follows this rich narrative as it develops in history providing the basis of the doctrine of original sin in Christianity giving rise in modern times to theological speculation and entering thematically into mysticism and literature The power of the adamic narrative can only be realized if one treats it as a true but non historical myth The truth of the myth lies in its ability to stimulate thinking and so reveal the depths of human experience Augustine understood that so did Julian of Norwich and even the Belgian author of mystery stories Georges Simenon who had a deep sense of the universality of human weakness and the possibilities of redeeming what was lost Simenon s detective Maigret saw himself as a mender of destinies The doctrine of original sin the notion that human beings share a common vulnerability can open the way to compassion and forgiveness As Shakespeare illustrates in Measure for Measure the awareness of weakness in ourselves should move us to compassion for others The

recognition of a kind of democracy of sin can keep us from considering ourselves better than others unlike them in their weakness and entitled to stand in judgment of them Thus compassion opens the door to forgiveness The progress from sin to compassion to forgiveness forms the heart of this work *Secrets of Crime Fiction Classics* Stephen Knight,2014-11-19 Starting with William Godwin s Caleb Williams and Charles Brockden Brown s Edgar Huntly this book covers in detail the great works of detective fiction Poe s Dupin stories Conan Doyle s The Adventures of Sherlock Holmes Christie s The Murder of Roger Ackroyd Sayers Strong Poison Chandler s The Big Sleep and Simenon s The Yellow Dog Lesser known but important early works are also discussed including Wilkie Collins The Woman in White Emile Gaboriau s M Lecoq Anna Katharine Green s The Leavenworth Case and Fergus Hume s The Mystery of a Hansom Cab More recent titles show increasing variety in the mystery genre with Patricia Highsmith s criminal focused The Talented Mr Ripley and Chester Himes African American detectives in Cotton Comes to Harlem Diversity develops further in Sara Paretsky s tough woman detective V I Warshawski in Indemnity Only Umberto Eco s medievalist and postmodern The Name of the Rose and the forensic feminism of Patricia Cornwell s Postmortem Notably the best modern crime fiction has been primarily international Manuel Vasquez Montalban s Catalan Summer Seas Ian Rankin s Edinburgh set The Naming of the Dead Sweden s Stieg Larsson s The Girl with a Dragon Tattoo and Vikram Chanda s Mumbai based Sacred Games Instructors considering this book for use in a course may request an examination copy here *Sequels* Janet G.
