Fullilove,2020-09-08 Mindy Thompson Fullilove traverses the central thoroughfares of our cities to uncover the ways they bring together our communities After an 11 year study of Main Streets in 178 cities and 14 countries Fullilove discovered the power of city centers to help us name and solve our problems In an era of compounding crises including racial injustice climate change and COVID 19 the ability to rely on the power of community is more important than ever However Fullilove describes how a pattern of disinvestment in inner city neighborhoods has left Main Streets across the U S in disrepair weakening our cities and leaving us vulnerable to catastrophe In the face of urban renewal programs built in response to a supposed lack of personal responsibility Fullilove offers a different story that of a series of forced displacements that had devastating effects on inner city communities Through that lens we can appreciate the strength of segregated communities that managed to temper the ravages of racism through the Jim Crow era and build political power and many kinds of wealth Only a very well integrated powerful community one with deep spiritual principles could have accomplished such a feat This is the power she hopes we will find again Throughout Main Street readers glimpse strong vibrant communities who have conquered a variety of disasters from the near loss of a beloved local business to the devastation of a hurricane Using case

studies to illustrate her findings Fullilove turns our eyes to the cracks in city centers the parts of the city that tend to be avoided or ignored Providing a framework for those who wish to see their communities revitalized Fullilove's Main Street encourages us all to look both inward and outward to find the assets that already exist to create meaningful change
