Judges of the United States Judicial Conference of the United States. Bicentennial Committee, 1983 **Teach the Nation** Anne-Elizabeth Murdy, 2018-10-24 Is knowledge power In *Teach the Nation* Anne Elizabeth Murdy explores the history and contradictions in the notion that education and literacy are vital means for improving social and political status in the US By closely examining the rapidly shifting social context of education and the emerging literature by and for African American women during the 1890s Murdy proves that the histories of education and literature are deeply connected and argues that their current lives must be regarded as mutually dependent *Teach the Nation* offers a new understanding of literacy and pedagogical study and identifies how literary history enhances current feminist and anti racist teachings By excavating notions about education in the 1890s as turbulent a time for American public education as today Murdy asks readers to step back from this historical moment to better understand the contexts and institutions within which we theorize learning and teaching In doing so she compels readers to reimagine the potential for gaining social power through education and literature **Abbeychurch, or Self control and self conceit** Charlotte Mary Yonge, 1844 *Abbeychurch; Or, Self-Control and Self-Conceit* Charlotte M.
