New Elite:

Elites and People Fredrik Engelstad, Trygve Gulbrandsen, Marte Mangset, Mari Teigen, 2019-10-07 This volume contains an Open Access chapter The present volume of Comparative Social Research offers a broad set of comparative studies of elites stretching from the Arab Spring in Tunisia and Egypt to women's political leadership in Brazil and Germany via attainment of elite positions among minorities in France and the US **Social Change in Syria** Sulayman N.

Khalaf, 2020-10-25 Studying a rural village in northern Syria during a period of tremendous social and political change 1940s to 1970s this book offers a unique perspective on how agrarian transformations in land distribution and its use deeply affected social and political relations among a rural community Embedding the personal with the local and the global this work traces the seeds of social political and economic struggles that are still important and unfolding in Syria forty years on changes in social relations brought about by land policy and technological modernization divisions and connections between urban and rural locations shifts in education and immigration Thematically the study is divided into two parts the first concerns the historical socio economic and political changes occurring in Syria from the beginning of the twentieth century and the second concerns the life histories of particular actors and their perspectives on social changes This book is the edited and updated version of Khalaf's original work including an updating chapter which brings invaluable insight about the village and its people at the aftermath of ISIS and the destruction of the war in Syria Focusing on the village community of Hawi Al Hawa this intensely knowledgeable and personal account a rare combination brings village life in Syria strikingly close The volume is an important contribution to the fields of anthropology social sciences Syrian and Middle East studies **The**

Decline of Marriage in Namibia Prof. Dr. Julia Pauli, 2019-01-23 In Southern Africa marriage used to be widespread and common However over the past decades marriage rates have declined significantly Julia Pauli explores the meaning of marriage when only few marry Although marriage rates have dropped sharply the value of weddings and marriages has not To marry has become an indicator of upper class status that less affluent people aspire to Using the appropriation of marriage by a rural Namibian elite as a case study the book tells the entwined stories of class formation and marriage decline in post apartheid Namibia **The Oxford Handbook of Pierre Bourdieu** Thomas Medvetz, Jeffrey J. Sallaz, 2018-04-02

Pierre Bourdieu was one of the most influential social thinkers of the past half century known for both his theoretical and methodological contributions and his wide ranging empirical investigations into colonial power in Algeria the educational system in France the forms of state power and the history of artistic and scientific fields among many other topics Despite the depth and breadth of his influence however Bourdieu's legacy has yet to be assessed in a comprehensive manner The Oxford Handbook of Pierre Bourdieu fills this gap by offering a sweeping overview of Bourdieu's impact on the social sciences and humanities Thomas Medvetz and Jeffrey J Sallaz have gathered a diverse array of leading scholars who place Bourdieu's work in the wider scope of intellectual history trace the development of his thought offer original interpretations

and critical engagement and discuss the likely impact of his ideas on future social research The Handbook highlights Bourdieu's contributions to established areas of research including the study of markets the law cultural production and politics and illustrates how his concepts have generated new fields and objects of study

Egypt as a Woman Beth Baron, 2005 Can anything new be said about modern Egyptian nationalism Beth Baron's book Egypt as a Woman one of the best modern Egyptian history books to appear in several years leaves no doubt that it can With evenhandedness and generosity Baron shows how vital women were to mobilizing opposition to British authority and modernizing Egypt Robert L Tignor author of Capitalism and Nationalism at the End of Empire A wonderful contribution to understanding Egyptian national and gender politics between the two world wars Baron explores the paradox of women's exclusion from political rights at the very moment when visual and metaphorical representations of Egypt as a woman were becoming widespread and real women activists both secularist and Islamist were participating more actively in public life than ever before Donald Malcolm Reid author of Whose Pharaohs Archaeology Museums and Egyptian National Identity from Napoleon to World War I

Building a Palestinian State Glenn E. Robinson, 1997-03-22 an analysis that is as intricate and flawless as it is devastating Robinson's presentation is powerful and compelling and his scholarship impeccable MESA Bulletin an excellent book In just 200 pages Glenn Robinson manages to give the clearest and most concise analysis of the changing political and social structure of the West Bank and Gaza and of current political realities that I have read Digest of Middle Eastern Studies a fair and sensitive account and contains the best available assessment of the Intifada's political aftermath among Palestinians An added bonus is that the book is written in an accessible style with enough historical background and contextual explanation to make it ideal as a text for courses in Middle East politics or the politics of revolutions American Political Science Review Well researched original scholarly deserves the attention of those interested in revolutionary theory or the Israeli Palestinian conflict Choice Throughout the book is impressively researched and very well written Building a Palestinian State is a book that deserves to be widely read Journal of Palestine Studies a well

informed and tightly argued analysis of the evolution of political leadership in the West Bank and Gaza from the 1980s to the spring of 1996 This book is a must read for anyone interested in the historical backdrop to current political developments in the areas under the control of the Palestinian Authority Middle East Policy carefully researched and balanced study Times Literary Supplement provides a unique analysis of the various facets of grassroots organizations and their interaction with the emerging state institutions a major and very timely contribution Anne Lesch In this well informed and accessibly written book Glenn E Robinson traces the emergence of a new political elite in the West Bank and Gaza in the 1980s and the grassroots political and social revolution it launched during the Intifada

The Two Majorities and the Puzzle of Modern American Politics Byron E. Shafer, 2003 Where did the Era of Divided Government come from What sustains split partisan control of the institutions of American national government year after year Why can it shift so easily from Democratic or Republican presidencies coupled with Republican or Democratic Congresses How can the vast array of issues and personalities that have surfaced in American politics over the last forty years fit so neatly within indeed reinforce the sustaining political pattern of our time These big questions constitute the puzzle of modern American politics The old answer a majority and a minority party plus dominant and recessive public issues will not work in the Era of Divided Government Byron Shafer a political scientist who is regarded as one of the most comprehensive and original thinkers on American politics provides a convincing new answer that has three major elements These elements in combination not divided government as a catch phrase are the real story of politics in our time The first element is comprised of two great sets of public preferences that manifest themselves at the ballot box as two majorities The old cluster of economic and welfare issues has not so much been displaced as simply joined by a second cluster of cultural and national concerns The second element can be seen in the behavior of political parties and party activists whose own preferences don't match those of the general public That public remains reliably left of the active Republican Party on economic and welfare issues and reliably right of the active Democratic Party on cultural and national concerns The third crucial element is found in an institutional arrangement the distinctively American matrix of governmental institutions which converts those first two elements into a framework for policymaking year in and year out In the first half of the book Shafer examines how dominant features of the Reagan first Bush Clinton and second Bush administrations reflect the interplay of these three elements Recent policy conflicts and institutional combatants in Shafer's analysis illuminate this new pattern of American politics In the second half he ranges across time and nations to put these modern elements and their composite pattern into a much larger historical and institutional framework In this light modern American politics appears not so much as new and different but as a distinctive recombination of familiar elements of a political style a political process and a political conflict that has been running for a much much longer time

I William Zartman: A Pioneer in Conflict Management and Area Studies I. William Zartman, 2019-05-13 The work draws on wide ranging area analysis to develop inductively new concepts and approaches for

further use in explanation and application Divided into two parts it begins with analysis of revolution and socio political unrest followed by models of ethnic conflict and elite circulation in developing societies It presents the cultural dialectic present in Islam It then lays out the patterns of mediation and negotiation in managing and resolving conflict culminating with an analysis of intractables Part two on governance lays out the nature of world order cooperation and conciliation It then turns to the challenges of identity ideology and interest with some specific attention to the nature of borders and borderlands and focuses on governance as conflict management and as negotiation This book encompasses a new analysis of a neglected part of International Relation the prevention and management of conflict The book confronts sources and patterns of contentious politics with systems and methods of governance The book lays out a comprehensive conceptualization of the process of conflict management and negotiation including questions of when as well as how

QUEST FOR DEMOCRACY IN IRAN C Fakhreddin AZIMI, Fakhreddin Azimi, 2009-06-30 In a book that provides essential context for understanding modern Iran Fakherddin Azami present a trenchant narrative of the history of Iran over the last century covering political constitutional developments society civic culture ideology foreign relations the economy and the confrontation between traditionalism and modernity In an original account of the revolution of 1978 1979 which overthrew the monarchy Azimi underlines the salience of democratic aspirations and shows how the rise of the Islamic Republic has boosted the deeply rooted democratic urges in the country Based on wide ranging original research this probing and passionate book offers vital historical analysis and addresses issues that remain profoundly relevant to the lives of contemporary Iranians Equally important Azimi dispels many misunderstandings about democracy civic life and Islamism in Middle Eastern and Muslim societies Jacket

Democracy Within Reason Miguel Angel Centeno, 2010-11-01 *LOCAL GOVERNMENT IN*

WESTERN NIGERIA: ABEOKUTA, 1830-1952. Dr. Akinniyi Savage, 2010-05-25 The purpose of this book Local Government in Western Nigeria Abeokuta 1830 1952 A case study of exemplary institutional change is to delineate the democratization process of governmental institutions in the city of Abeokuta western Nigeria during the 1940s and 1950s The Egba at Abeokuta were chosen because they are an important ethnicity within the Yoruba the then third most populous ethnic group in Nigeria The period from 1939 to 1952 marks the time when western Nigeria was ruled via the native administration system the local governmental structure instituted by the British However the historiography of the Egba is elongated to include the formation of Abeokuta in 1830 By 1952 government was nominally extended to every constituency in Abeokuta This presaged the comprehensive democratization movement in Nigeria Gorbachev's Russia And American Foreign Policy Seweryn Bialer, 2019-03-01 The Soviet post Stalin period is examined in its economic political and foreign policy dimensions stressing the factors that provided the gestation environment for Gorbachev's reforms There follows an analysis of the nature sources and plausible outcomes of Gorbachev's revolution and the strategies he is applying to it A separate part of the book examines the changing goals of past U S policies toward the Soviet Union and their effectiveness in influencing Soviet behavior The final part puts forth suggestions and prescriptions for a U S approach to the changes in Soviet economic security and foreign policies The East West Forum is a New York based research and policy analysis organization sponsored by the Samuel Bronfman Foundation Its goal is to bring together experts and policy leaders from differing perspectives and generations to discuss changing patterns of East West relations It attempts to formulate long term analyses and recommendations In preparing the chapters of this book the authors drew upon the work of a series of workshops initiated by the Forum *Area Handbook for the Republic of Tunisia* Howard C. Reese, American University (Washington, D.C.). Foreign Area Studies, 1970 General study on Tunisia covers its historical setting geography social structure and institutions political system practices and attitudes international relations mass media industry agriculture administration of justice and armed forces institutions etc and reviews trends in its politics and economic and social development Bibliography pp 381 to 405 maps and statistical tables The Politics of Greed Andrew Harrison Schwartz, 2006-10-12 With the dissolution of the Soviet Empire it seemed that market capitalism had triumphed and that democracy might replace authoritarian regimes Economic reformers in the former Eastern Bloc rushed to liberalize prices and transfer state assets to private hands They assumed that private owners in a market setting would have no choice but to behave rationally_ that is to invest in restructuring privatized enterprises so as to maximize profits They also assumed that these owners would perceive a stable institutional environment as conducive to economic success and thus become a powerful lobby in favor of the rule of law paving the way for democracy The post communist reality turned out to be very different Private owners found that in a weak state with limited laws and regulations and ineffective corporate governance structures it was more lucrative to steal enterprise assets and exploit opportunities for arbitrage than to restructure enterprises The lesson learned is that not all forms of private ownership are

the same As this book s in depth political history of privatization in Central and Eastern Europe demonstrates the way that assets are privatized matters both with respect to national economic performance and the successful development of the rule of law Andrew Harrison Schwartz had unprecedented access to high level Czech government officials during the Czech Republic s privatization process This book is the result of the unique insights he gained and the innovative analytical framework he subsequently developed_ownership regime theory_which for the first time places ownership structures at the center of political transition analysis Engaging and important The Politics of Greed applies ownership regime theory to a broad range of post communist privatization cases including those of the Czech Republic Poland Hungary Russia and Ukraine
