supporting children with dyscalculia at home *The Sutherland Inquiry* Stewart R. Sutherland, Great Britain. Department for Children, Schools and Families, 2008 The Sutherland Inquiry HCP 62 session 2008 09 ISBN 9780102958393 is an independent inquiry remitted by the Office of the Qualifications and Examinations Regulator Ofqual and the Secretary of State for Children Schools and Families into the delivery of the National Curriculum tests in 2008 In July 2008 1 2 million pupils heard that their National Curriculum test results would be delayed The test delivery service represented a failure in customer delivery service to the pupils schools and also the markers upon whom the National Curriculum testing regime relies The primary responsibility must therefore rest with the American organisation ETS Global BV ETS which won the public contract to deliver the tests and failed its customers This report examines how this organisation secured the contract what its plans were and why its systems and process as a whole were not properly tested The report will also describe how ETS's systems failed during the test delivery process There was also a failure on the part of the Government's Non Departmental Public Body the Qualifications and Curriculum Authority to deliver its remit The report also sets out the procurement process that QCA used to select its delivery supplier ETS and how it managed the contract The report sets out a number of recommendations on how test delivery can improve in future years and has set out a number of key priorities including that the delivery process of the National Curriculum tests should be modernised and improved in consultation with the marking community including piloting online marking that whatever process is used should be thoroughly piloted and project managed to ensure schools and pupils get their results on time that the customer service provided to markers must be vastly improved to ensure that they are properly supported and are able to access up to date information **Children's Errors in Mathematics** Alice Hansen, Doreen Drews, John Dudgeon, Fiona Lawton, Liz Surtees, 2014-06-23 This practical guide to children's common errors and misconceptions in mathematics is a popular planning tool for primary trainees It supports a deeper understanding of the difficulties encountered in mathematical development This third edition has been updated to link to the new National Curriculum New for this edition is a chapter on addressing errors misconceptions which explores how errors can best be identified and countered The text examines misconceptions individually and in each case provides a description of the error alongside an explanation of why the error happens The text also considers the role of the teacher in understanding and addressing children's common mathematical misconceptions *Numeracy for Teaching* Derek Haylock, 2001-11-12 Comprises a very helpful resource for students who are obliged to succeed in passing the QTS numeracy test in order to gain QTS It should provide a valuable resource for students to increase their confidence as well as their competence Mathematics in Schools The stated aim of this book is to help teacher trainees prepare for the numeracy test all new entrants to the profession now have to pass Any trainee worried about the test should find this a useful resource As in similar books by Derek Haylock the mathematical content is written in a clear and accessible style Mike Askew Times Educational Supplement Quotes from the author's students The book is excellent I think it will present students and others

with a valuable resource not only to help with the QTS test but also for teaching I could see myself using it on a daily basis. The practice questions were really helpful for checking and consolidating learning. The material was useful for the QTS test particularly the mental calculations. Many thanks for letting me work through your sample material. I cannot begin to tell you how much more I have learnt. This has definitely made me feel more confident about passing the QTS numeracy skills test. I have definitely demonstrated to myself from this material that my ability to complete calculations mentally has increased. I can calculate faster and with some accuracy now. Comprises a very helpful resource for students who are obliged to succeed in passing the QTS numeracy test in order to gain QTS. It should provide a valuable resource for students to increase their confidence as well as their competence. Mathematics in Schools. This book is designed to help teacher trainees prepare for the Qualified Teaching Standards numeracy test that must now be passed by all entrants to the teaching profession. The author focuses especially on weaknesses in numeracy often observed in adults and in teacher trainees in particular. As far as possible this mathematics is set in the professional context of teaching drawing on statistics and other data from individual schools. the DfEE and the Qualifications and Curriculum Agency QCA

The Primary Teacher's Guide to the New National Curriculum Kate Ashcroft, David Palacio, 1995. The Primary Teacher's Guide to the New National Curriculum provides a quick and accessible overview of the curriculum arrangements that came into force in August 1995. The revised National Curriculum has affected the content and modes of delivery of the primary curriculum. The book outlines the main changes, provides examples of creative ways of delivering the new curriculum and provides enquiry tasks to take the reflective teacher forward. It covers each of the subjects of the new National Curriculum and religious education, locates them within a context of whole curriculum planning, looks at issues of differentiation and explores those additional elements of the curriculum that good primary schools will wish to cover. With its easy to read style and practical focus, this book is an essential text for all teachers and student teachers in primary schools who have a minimum amount of time to read and absorb the new Orders. Such teachers will appreciate a book which clearly and succinctly identifies the changes and their implications for practice.
