Highlands and Islands Medical Service Committee,1912 Nurse-midwifery Laura Elizabeth Ettinger,2006 In a unique and detailed historical study Nurse Midwifery The Birth of a New American Profession Laura E Ettinger fills a void with the first book length documentation of the emergence of American nurse midwifery This occupation developed in the 1920s involving nurses who took advanced training in midwifery In Nurse Midwifery Ettinger shows how nurse midwives in New York City eastern Kentucky Santa Fe New Mexico and other places both rebelled against and served as agents of a nationwide professionalization of doctors and medicalization of childbirth Nurse Midwifery reveals the limitations that nurses physicians and nurse midwives placed on the profession of nurse midwifery from the outset because of the professional interests of nursing and medicine The book argues that nurse midwives challenged what scholars have called the male medical model of childbirth but the cost of the compromises they made to survive was that nurse midwifery did not become the kind of independent autonomous profession it might have been **Nursing World** ,1916 **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986** ,1991 Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 United States.
