Brazier,2014-05-30 Identical twins separated at birth find themselves on a collision course with survival as the prize Brett

Stark made a hasty decision in his youth to join the secret Society of Ahilists that promised untold wealth but at what cost. Because of Brett's psychopathic personality resulting from the interaction of genetic and environmental factors, he is driven by his lack of any conscience, his sexual appetite, and his lack of empathy for those around him to use his power and wealth to finance crime and murder on the streets of Chicago. In order for Brett to beat the dead by forty, the promise he made to the Society, he must switch places with his twin brother. It won't be easy though, as his brother is Detective Barry Farnsworth of the Chicago Police Department. A tapestry of psychology, suspense, romance, and fantasy directs the plot to its dramatic and surprising conclusion.

Breaking the Silence Diane Chamberlain, 2015-10-30

Laura Brandon's promise to her dying father was simple: to visit an elderly woman she'd never heard of before. A woman who remembers nothing except the distant past. Visiting Sarah Tolley seemed a small enough sacrifice to make. But Laura's promise results in another death. Her husband's. And after their five-year-old daughter, Emma, witnesses her father's suicide, Emma refuses to talk about it, to talk at all. Frantic and guilt-ridden, Laura contacts the only person who may be able to help: a man she's met only once, six years before. A man who doesn't know he's Emma's real father. Guided only by a child's silence and an old woman's fading memories, the two unravel a tale of love and despair, of bravery and unspeakable evil. A tale that's shrouded in silence and that unbelievably links them all.

Sarah's Alzheimer's Story Fontella Bateman, 2019-11-18

In telling Sarah's Alzheimer's Story, the writer takes you back to where it all began: in the hills of Kentucky where Sarah was born. You may laugh, cry, or simply wonder as you go with her through her journey of life. The reader will get to know about the strong woman Sarah and how she endures many tragedies. One will find that even though memory loss is a large part of Alzheimer's disease, in Sarah's case, there is so much more. Throughout the story, the writer sometimes takes you back to incidents earlier in Sarah's life. In the writer's opinion, Sarah may be recalling something from the past causing her to act the way she does. This seems to be especially true when she begins to see or talk to imaginary people. Dealing with this disease is often a struggle for Sarah and her family. But hopefully, you will see the joy in their laughter, the sorrow in their tears, and feel their strong love. It is hard to watch this very strong woman deteriorate mentally, physically, and lose her personality. But this writer believes that there is a reason, even if we do not understand it at the time.
