Stanzak, 2006 An expos of the medical and pharmaceutical communities Bottom Line confirms your fear that you may be receiving substandard medical care A critical care nurse and former pharmaceutical research scientist Stanzak has written a brutally honest book to

The Big Con in Education Dennis Redovich, 2005-07 The Big Con in Education is the shocking expos that details how public schools are used as convenient scapegoats for social and economic woes woes perpetuated not in schoolyards but in the halls of Congress and in the boardrooms of the Fortune 500 Author Dennis W Redovich debunks leading business and political interests who blame economic problems on an inadequate workforce claiming that schools are not educating children with the life skills needed in the twenty first century Using the United States government s own statistics The Big Con in Education uncovers the lies trumpeted in the media about the serious shortage of skilled workers and the subsequent economic decline It also illustrates a lack of credible rationale to claim that all students need to take higher level courses in academic subjects to prepare to enter the workforce Redovich contends that supply side education and training does not produce high paying jobs any more than does failed supply side economics The Big Con in Education documents the hype propaganda and hypocrisy big business and political propagandists dish out in a war against public education Redovich offers his views on the important facts concerning the reality of the job situation that faces the country **Departments of Labor,**

and Health and Human Services, Education, and Related Agencies Appropriations United States. Congress. Senate. Committee on Appropriations, 2007 **Guide to Reference in Medicine and Health** Christa Modschiedler, Denise Beaubien Bennett, 2014-04-26 Drawn from the extensive database of Guide to Reference this up to date resource provides an annotated list of print and electronic biomedical and health related reference sources including internet resources and digital image collections Readers will find relevant research clinical and consumer health information resources in such areas as Medicine Psychiatry Bioethics Consumer health and health care Pharmacology and pharmaceutical sciences Dentistry Public health Medical jurisprudence International and global health Guide to Reference entries are selected and annotated by an editorial team of top reference librarians and are used internationally as a go to source for identifying information as well as training reference professionals Library staff answering health queries as well as library users undertaking research on their own will find this an invaluable resource
