How to Defend the Catholic Faith F. Laun, Reverend,2017-07-10 Catholicism or Protestantism Where is the true Christian doctrine A quick and easy guide to help Catholics answer common objections to Catholic teachings A thorough discussion of the points

of difference is what is chiefly required by bona fide inquirers from without the fold and to such inquirers this book is dedicated It is hoped that to such inquirers no expression in this book will appear aggressive In the impersonal atmosphere of a book of this kind plain speaking is required and permissible but there was far from the mind of the author any intention to be unkind or uncharitable The attacks upon erroneous belief should not be misunderstood to be attacks on erroneous believers Also to inquirers from within the fold this book will be helpful in enlightening them upon important matters of faith and in enabling them to enlighten others who with a good will ask them for information *Defending Catholicism* James S. Anderson, 2019-07-11 Hosts of helpful Catholic apologetic books currently exist however a concise treatment that specifically targets all the major Protestant objections in an easily accessible manner is hard to find Anderson's fourth volume offers such It provides readers with salient counterpoints for each objection and most often from the very source Protestants use to deny important aspects of the faith the Bible Thus without even realizing it Protestants implicitly accept the Catholic faith as they accept the very texts the faith provided them Important issues such as these are pointed out throughout the book It is a must read for Catholics seeking to address Protestant questions and for Protestants desiring to understand why Catholicism claims to be biblical through and through This work cogently articulates how Catholicism is biblical and just how often Protestant positions are untenable The Big Book of Catholic Answers Catholic Answers, 2024-11 All the Answers You're Looking For All in One Place Our Catholic religion is big and complex Its doctrines are old and often mysterious Its detractors like to spread confusion with caricatures of Catholic teaching and even some of our pastors and professors prefer their own twisted or watered down doctrines instead of straight Catholic truth So the world has Catholic questions lots of them And a big religion needs a BIG book of answers In this first volume of The Big Book of Catholic Answers you will find solid helpful replies to over 250 questions about the object of the Catholic faith the substance of what we believe about God salvation history faith and reason the mysteries of the doctrines of the creed divine revelation in the Bible and Sacred Tradition and more The book may be big but the answers are brief crisp to the point and accessible to any reader The Big Book of Catholic Answers is a perfect resource for sharpening your own understanding of your faith or for sharing with friends who are seeking to understand more about what we believe and why The Faith Explained Leo J. Trese, 2003 The Faith Explained is an all in one handbook to help you understand explain and defend the great truths of the Catholic Faith In brief and readable chapters it explains the purpose of human existence God and His perfections the creation and fall of man the Incarnation the redemption the sacraments sacramentals prayer the importance of the Bible and much more Perfect for RCIA classes this book is also a magnificent refresher course on the Faith for Catholics and an illuminating resource for non Catholics with questions about the Church Manual for Lay Catholic Apologists VICTOR V. In Defense of the Faithful C. DeVold, 2006-12 In Defense of the Faithful The Scriptural Truth of Catholicism was written as an aggressive defense of the Catholic Faith It explores the foundations and historic origins of Catholic doctrine from an evangelical fundamentalist and reformed Protestant point of view It offers the teachings of the Church in common language then defends the position with scriptural quotations from throughout the Holy Bible It then quotes the Catechism formal teaching doctrine of the Catholic Church offering a factual presentation of what the Church actually teaches rather than what many people think it teaches In doing so it is critical not only of Protestantism but some aspects of Catholicism in practice as well It credits and praises both groups of Christians as being believers dedicated to Jesus and the Trinity while pointing out the mutual failures of both groups It is a thought provoking examination of Catholic doctrine practice theology and ethics from a biblical viewpoint and is not afraid to point fingers at all parties involved in greater Christianity

Proving the Catholic Faith is Biblical Dave Armstrong, 2015-07-13 If you want quick substantive answers to the most common and even several uncommon claims that Catholic beliefs and practices aren't biblical then Proving the Catholic Faith is Biblical is the book for you In these pages veteran apologist Dave Armstrong carefully walks you through the key teachings of the Church revealing how each is rooted in Scripture He begins with several essays on tradition before moving into Ecclesiology explaining the basis of a single Church why priests are called father and whether Church councils are more authoritative than the pope Armstrong then justifies priestly celibacy before moving into the theology of salvation He illuminates the Church's teaching on predestination what believing in Jesus really means and the relationship between faith and good works He continues by explaining purgatory and penance the ritualism of the Holy Mass the Rosary the Communion of Saints Mary as Queen of Heaven papal infallibility annulments contraception the necessity of Hell and even the development of Church

doctrine All told he offers here 80 powerful essays that make sense of so many Catholic beliefs and practices that puzzle non Catholics and cradle Catholics alike Read this book and you ll come to see that not only is the Catholic Faith thoroughly biblical it is the only Christian religion in full conformity with Scripture
