MARINER BOOKS

On Becoming Carl Rogers

Carl Ransom Rogers

On Becoming Carl Rogers:

On Becoming Carl Rogers Howard Kirschenbaum, 1979 *On Becoming a Person* Carl Ransom Rogers, 1995 Collection of essays by American psychotherapist Carl Rogers written between 1951 and 1961 in which he put forth his ideas about self esteem flexibility respect for self and acceptance of others *On Becoming Carl Rogers* Howard Kirschenbaum, 1979 **A WAY OF BEING** Carl Rogers, The late Carl Rogers founder of the humanistic psychology movement and father of client centered therapy based his life s work on his fundamental belief in the human potential for growth A Way of Being was written in the early 1980s near the end of Carl Rogers s career and serves as a coda to his classic *On Becoming a Person* More philosophical than his earlier writings it traces his professional and personal development and ends with a prophetic call for a more humane future *Summary of Carl Rogers's On Becoming A Person* Everest Media, 2022-03-08T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I am a psychologist who has spent much of his career studying psychotherapy My book Client Centered Therapy is about the suffering and the hope the anxiety and the satisfaction that fills each therapist s counseling room It is about the unique relationship each therapist forms with each client and the common elements that they all share 2 I was raised in a home marked by close family ties a very strict and uncompromising religious and ethical atmosphere and a worship of the virtue of hard work I was fascinated by the night flying moths and I became an authority on the gorgeous Luna Cecropia and other moths that inhabited our woods 3 I was a history major at Wisconsin when I fell in love with a girl whom I had known for many years I was married with the reluctant consent of my parents so that we could go to graduate school together 4 I was a member of a group that petitioned the administration to allow them to set up a seminar for credit a seminar with no instructor where the curriculum would be composed of their own questions The seminary was understandably perplexed by this but they granted our petition *Carl Rogers on Personal Power* Carl Ransom Rogers, 1977 CONTENT The politics of the helping professions the new family and the old The revolution in marriage and partnerships Power or persons Two trends in education The politics of administration The person centered approach and the oppressed Resolving intercultural tensions A beginning A person centered workshop Its planning and fruition The power of the powerless Without jealousy A political base The actualizing tendency The emerging person Spearhead of the quiet revolution *On Becoming a Person* Carl Rogers, 2011-08-04 In this book one of America s most distinguished psychologists describes his experiences in helping people to discover the path to personal growth through an understanding of their own limitations and potential What is personal growth Under what conditions is it possible How can one person help another What is creativity and how can it be fostered These are some of the issues raised which challenge many concepts of traditional psychology Contemporary psychology derives largely from the experimental laboratory or from Freudian theory It is preoccupied with minute aspects of animal and human behaviour or with the mentally ill But there are rebels of whom the author counts himself as one along with Gordon Allport Abraham Maslow and

Rollo May who feel that psychology and psychiatry should be aiming higher and be more concerned with growth and potentiality in man The interest of such a psychology is in the production of harmoniously mature individuals given that we all have qualities and possibilities infinitely capable of development Successful development makes us more flexible in relationships more creative and less open to suggestion and control This book philosophical and provocative summarizes Dr Rogers experience Non technical in its language it is not only for psychologists and psychiatrists but for teachers and counsellors religious and social workers labour management specialists and anyone interested in becoming On Becoming Carl Rogers Carl Rogers,1980-01-01 Becoming a Person Carl Rogers,2015-08-27 2015 Reprint of 1954 Edition Full facsimile of the original edition Not reproduced with Optical Recognition Software Carl Rogers was among the founders of the humanistic approach or client centered approach to psychology The person centered approach his own unique approach to understanding personality and human relationships found wide application in various domains such as psychotherapy and counseling client centered therapy education student centered learning organizations and other group settings These two lectures first delivered in 1954 comprise the core of his teachings In 1961 his shorter works would be collected and published as On Becoming a Person Contents Some Hypotheses Regarding the Facilitation of Personal Growth What It Means to Become a Person **A Way of Being** Carl Ransom Rogers,1980 One of the best known founders of humanistic psychology documents his exploration of personal depth moving from alienation to integration and from individuals to groups to institutions and discussing loneliness and the nature of reality **On Becoming a Person** Carl R. Rogers,1989 **On Becoming a Person** Carl Ransom Rogers,1974 *From Athens to America* Lewis D. Solomon,2007-10-01 From Athens to America calls for the reversal of the withdrawal of the character forming function from the political domain arguing for public sector_federal state and local_involvement in character formation Solomon focuses on four specific virtues to serve as a guide to public policy formation self esteem joy and optimism equanimity and personal responsibility He calls for the public sector to move beyond the efforts of families faith communities and civic organizations and take a vital role in fostering character development and promoting these virtues Combining political science with philosophy the Judeo Christian tradition and medical research this book illustrates how we formulate public policies that enable people to grow and develop into healthy humans what each of us is fully capable of becoming **The Life and Work of Carl Rogers** Howard Kirschenbaum,2007 Twenty years after his death PCCS Books celebrates the life and work of Carl Rogers with the long awaited second edition of the much acclaimed biography by Howard Kirschenbaum On Becoming Carl Rogers This completely re written and re titled edition extends to over 700 pages and includes a more detailed personal and professional history an evaluation of the Wisconsin years and a full account of the last decade of Rogers life The years that followed the publication of the first edition of Carl Rogers biography in 1979 turned out to be one of the most important periods of his career Until now this work has not been widely known Now more than a quarter of a century after the first edition

Kirschenbaum has added deeper understanding of Rogers contributions to psychology the helping professions and society On a personal level access to recently revealed private papers tells us much more about Carl Rogers the man than was known to many of his closest associates Brought to us by a masterly biographer whose own understanding of Carl Rogers psychotherapy education and the human condition has matured over the intervening years This much anticipated second edition reflects a wiser and more balanced perspective of his subject *The Carl Rogers Reader* Carl Ransom Rogers,1989 Selected from a body of Rogers work essays deal with his approach to psychotherapy theory and research and philosophies

A History of Personality Psychology Frank Dumont,2010-02-18 In this book Frank Dumont presents personality psychology with a fresh description of its current status as well as its prospects Play sex cuisine creativity altruism pets grieving rituals and other oft neglected topics broaden the scope of this fascinating study This tract is imbued with historical perspectives that reveal the continuity in the evolving science and research of this discipline over the past century The author places classic schemas and constructs as well as current principles in the context of their socio political catalysts He further relates this study of the person to life span developmental issues and to cultural gender specific trait based genetic epigenetic and evolutionary research findings Personality psychology has recently reconciled itself to more modest paradigms for describing explaining and predicting human behaviour than it generated in the 19th and 20th centuries This book documents that transformation providing valuable information for health service professionals as well as to teachers researchers and scientists Journeys of Faith Mike Brock,2023-06-20 Journeys of Faith examines the contributions of the leading figures of the humanistic psychology movement with particular attention to their spiritual journeys Rising to prominence in America during the post World War II years humanistic psychology is experiencing a resurgence in the present day in response to the need for a psychological approach that addresses meaning and purpose in life The key players Abraham Maslow Carl Rogers Erich Fromm and Rollo May all rejected the orthodoxy of their religious inheritance in favor of a more humanistic approach and in the process discovered a renewed spirituality that they hoped would address the concerns of a world yearning for something to believe in While the humanistic psychologists confronted the world s problems through the lens of psychology other thinkers such as the evolutionary biologist Julian Huxley approached them through different though equally humanistic perspectives Others still such as Paul Tillich Martin Buber and Pierre Teilhard de Chardin confronted the times through a religious lens The influence of the centuries long Jewish tradition of scholarship and social justice and the frequent examples of friendship and professional cooperation between the secular and the religious worlds provide critical subthemes for the lasting appeal of humanistic psychology **On Becoming a Psychotherapist** Windy Dryden,Laurence Spurling,2014-03-14 Why do people want to become a psychotherapist How do they translate this desire into reality On Becoming a Psychotherapist explores these and related questions Ten leading therapists write about their profession and their careers examining how and why they became psychotherapists The contributors representing a

wide cross section of their profession come from both Britain and America from different theoretical backgrounds and are at different stages in their careers They write in a personal and revealing way about their childhoods families colleagues and training This absorbing and fascinating book offers a fresh perspective on psychotherapy and the people attracted to it This Classic Edition of the book includes a new introduction written by the authors and will be invaluable for qualified psychotherapists and those in training *Four Approaches to Counselling and Psychotherapy* Windy Dryden,Jill Mytton,2016-07-01 *Four Approaches to Counselling and Psychotherapy* provides an essential introduction to and overview of the main models of psychotherapy and counselling With a new preface from Windy Dryden this Classic Edition traces the development of counselling and psychotherapy and examines the relationship between the two The authors consider the four main models psychodynamic humanistic integrative and cognitive behavioural before focusing on the most popular approach for each including person centred rational emotive behavioural and multimodal Each approach is clearly examined in terms of its historical context and development its main theoretical concepts and its aims Written clearly and concisely the book will have international appeal as an ideal introductory text for all those embarking on psychotherapy and counselling courses It will also prove invaluable to students requiring a clear introduction to the subject *A History of Pastoral Care in America* E. Brooks Holifield,2005-11-01 Here for the first time the development of pastoral care as a discipline has been documented Dr Holifield details the shift in emphasis from saving souls to supporting individuals in self realization and in the process raises thought provoking questions about the preoccupation with psychological methodology evident in modern society and clergy Every pastor wittingly or unwittingly adopts some theory of pastoral counseling whether it be derived from the seventeenth century or from the twentieth says Dr Holifield From colonial America s intellectual approach to today s therapeutic self culture he explores those theories Theological social economic and psychological threads are interwoven with fascinating conversational examples to show how Protestantism helped to form and was influenced by changing social orders Broad in scope scholarly in detail yet immensely readable this is an important book for clinical pastoral educators students professionals everyone interested in church and social history

Whispering the Techniques of Language: An Emotional Journey through **On Becoming Carl Rogers**

In a digitally-driven world where displays reign supreme and instant connection drowns out the subtleties of language, the profound techniques and psychological nuances hidden within phrases usually move unheard. However, nestled within the pages of **On Becoming Carl Rogers** a captivating literary treasure blinking with fresh feelings, lies an extraordinary quest waiting to be undertaken. Penned by a skilled wordsmith, that marvelous opus encourages readers on an introspective journey, lightly unraveling the veiled truths and profound affect resonating within the very cloth of each and every word. Within the emotional depths with this poignant review, we will embark upon a sincere exploration of the book's core themes, dissect their charming writing model, and yield to the effective resonance it evokes deep within the recesses of readers' hearts.
