Selling Air Power Steve Call, 2009-03-01 In *Selling Air Power* Steve Call provides the first comprehensive study of the efforts of post war air power advocates to harness popular culture in support of their agenda In the 1940s and much of the 1950s hardly a month went by without at least one blatantly pro air power article appearing in general interest magazines Public fascination with flight helped create and sustain exaggerated expectations for air power in the minds of both its official proponents and the American public Articles in the *Saturday Evening Post* *Reader's Digest* and *Life* trumpeted the secure future assured by American air superiority Military figures like Henry H Hap Arnold and Curtis E LeMay radio television personalities such as Arthur Godfrey cartoon figures like Steve Canyon and actors like Jimmy Stewart played key roles in the unfolding campaign Movies like *Twelve O'Clock High* *The Court Martial of Billy Mitchell* and *A Gathering of Eagles* projected onto the public imagination vivid images confirming what was coming to be the accepted wisdom that America's safety against the Soviet threat could best be guaranteed by air power coupled with nuclear capability But as the Cold War continued and the specter of the mushroom cloud grew more prominent in American minds another more sinister interpretation began to take hold Call chronicles the shift away from the heroic patriotic posture of the years just after World War II toward the threatening even bizarre imagery of books and movies like *Catch 22* *On the Beach* and *Dr Strangelove* Call's careful analysis goes beyond the public relations campaigns to probe the intellectual climate that shaped them and gave them power *Selling Air Power* adds a critical layer of understanding to studies in military and aviation history as well as American popular culture

Kingdom of Power, Power of Kingdom Rob Starner, 2011-01-01 Mark's Gospel is much maligned for its redundancy and stylistic sloppiness But is this indignity justified The answer to this question hangs not only on the genre of this work but also on the life setting of its target audience Rather than unwitting slip ups of an inept writer Mark's narrative repetitions and temporal dislocations are better understood as rhetorical strategies for a didactic oral performance There is method to Mark's madness and the method maps his meaning In recent decades some scholars have become enamored with what they see as a generic affinity between Mark's Gospel and fictive literature particularly ancient romance novels Could this be the method behind Mark's madness This book offers readers an exciting and profitable journey into two story worlds that likely share a common historical cultural setting Mark's Gospel and Chariton's passion of love Analyzing these works from the vantage point of narrative sequence Starner identifies two contrasting worldviews for Chariton the world is controlled by the goddess Aphrodite who serves as a powerbroker distributing political economic and sociological power to agents who use that power for self serving ends for Mark the world is governed by an All Powerful God who shockingly operates from a posture of powerlessness inviting not coercing humans to accept his lordship and urging them to adopt the self sacrificial service oriented program of living that finds its quintessential expression in the historical Jesus of the Gospels
