Public Health In Qajar Iran:

Public Health in Qajar Iran Willem M. Floor, 2004 Until now there have been no books and only a few articles available in English that deal with the actual practice of medicine in nineteenth and early twentieth century Iran Willem Floor's *Public Health in Qajar Iran* fills this lacuna giving a broad and comprehensive survey of the state of public health medical practice and its practitioners in 1800-1925 Based on firsthand accounts of European travelers and doctors who practiced and observed medical treatment the study provides an overview of the major diseases the population suffered and how these were treated It also includes the available evidence logged by Iranian patients abroad and at home as well as contemporary Persian texts that comment on public health and its practice in Iran Floor shuns the analysis of classic Islamic medical textbooks explaining that their medical advice was hardly ever administered and that the authors often had ideological religious agendas in writing these treatises Instead Floor investigates the commonly accepted theories of diseases disorders and their cures including Islamic Galenic medicine and pre Islamic theurgic folk medicine based on traditional herb lore and trial and error The book concludes with the impact of Western medicine on the traditional medical institutions and public health in Qajar Iran This exhaustive inquiry will enthrall scholars of Iran and medicine alike **Medicine, Public Health**

and the Qājār State Hormoz Ebrahimnejad, 2004-08-30 The starting point for this volume is a previously unstudied nineteenth century Persian text concerning hospital reform and of great importance for understanding the history of medical care in nineteenth century Iran The volume provides surprising new insights into the interrelation of medical practice public health and politics in Qajar Iran Rather than showing a straightforward replacement it reveals that Western medicine was assimilated through dialogue into traditional medical systems It argues that institutional changes preceded intellectual transitions insofar as the first reforms in the medical system were implemented at an institutional level as part of the development of the Qajar state and with the active involvement of traditional court physicians Full edited text with translation and commentary With illustrations **Hospitals in Iran and India, 1500-1950s** Fabrizio Speziale, 2012-04-19 This work presents a significant panorama of studies on the history and role of hospitals in the Indo Iranian world during the early modern and the modern periods when both traditional Avicennian medicine as well as Western medicine were practiced

Domesticity and Consumer Culture in Iran Pamela Karimi, 2013-05-29 Examining Iran's recent history through the double lens of domesticity and consumer culture *Domesticity and Consumer Culture in Iran* demonstrates that a significant component of the modernization process in Iran advanced beyond political and public spheres On the cusp of Iran's entry into modernity the rules and tenets that had traditionally defined the Iranian home began to vanish and the influx of new household goods gradually led to the substantial physical expansion of the domestic milieu Subsequently architects designers and commercial advertisers shifted their attention from commercial and public architecture to the new home and its contents Domesticity and consumer culture also became topics of interest among politicians Shiite religious scholars and the Left who

communicated their respective views via the popular media and numerous other means In the interim ordinary Iranian families who were capable of selectively appropriating aspects of their immediate surroundings demonstrated their resistance toward the officially sanctioned transformations Through analyzing a series of case studies that elucidate such phenomena and appraising a wide range of objects and archival documents from furnishings appliances architectural blueprints and maps to photographs films TV series novels artworks scrapbooks work logs personal letters and reports this book highlights the significance of private life in social economic and political contexts of modern Iran Tackling the subject of home from a variety of perspectives Domesticity and Consumer Culture in Iran thus shows the interplay between local aspirations foreign influences gender roles consumer culture and women s education as they intersect with taste fashion domestic architecture and interior design

Nomadism in Iran D. T. Potts,2014-03-03 The classic images of Iranian nomads in circulation today and in years past suggest that Western awareness of nomadism is a phenomenon of considerable antiquity Though nomadism has certainly been a key feature of Iranian history it has not been in the way most modern archaeologists have envisaged it Nomadism in Iran recasts our understanding of this timeless tradition Far from constituting a natural adaptation on the Iranian Plateau nomadism is a comparatively late introduction which can only be understood within the context of certain political circumstances Since the early Holocene most if not all agricultural communities in Iran had kept herds of sheep and goat but the communities themselves were sedentary only a few of their members were required to move with the herds seasonally Though the arrival of Iranian speaking groups attested in written sources beginning in the time of Herodotus began to change the demography of the plateau it wasn t until later in the eleventh century that an influx of Turkic speaking Oghuz nomadic groups true nomads of the steppe began the modification of the demography of the Iranian Plateau that accelerated with the Mongol conquest The massive unprecedented violence of this invasion effected the widespread distribution of largely Turkic speaking nomadic groups across Iran Thus what has been interpreted in the past as an enduring pattern of nomadic land use is by archaeological standards very recent Iran s demographic profile since the eleventh century AD and more particularly in the nineteenth and twentieth century has been used by some scholars as a proxy for ancient social organization Nomadism in Iran argues that this modernist perspective distorts the historical reality of the land Assembling a wealth of material in several languages and disciplines Nomadism in Iran will be invaluable to archaeologists anthropologists and historians of the Middle East and Central Asia

Gustafson, 2025-02-20 Why did the place of formerly powerful Eurasian land empires like that of Iran change so dramatically in global affairs over the course of the eighteenth and nineteenth centuries This book explores this critical transitional period in Iranian history from an environmental perspective It argues that severe ecological challenges dating to the late seventeenth century and deepening during the post Safavid crisis of the eighteenth century drove a decline in the population and resource base of the Iranian plateau This in turn shaped ongoing environmental challenges in the Qajar period and on into the 20th century Presenting a new set of perspectives on key sources with new questions in mind The Lion and the Sun
