Peacekeeping and Public Information Ingrid Lehmann, 2018-12-07 Ms Lehmann has provided a timely and challenging prescription for just how the goals of placing communication functions at the heart of the strategic management of the UN might be achieved and a dramatic warning of the consequences of failing to do so

The United Nations and Human Security Edward Newman, 2001-10-25 The United Nations and Human Security highlights and analyzes the changing peace and security challenges faced by the United Nations in an evolving international environment that is no longer solely characterized by states and inter state security The authors who comprise both scholars and UN practitioners cover a wide range of pressing current issues including refugees international tribunals the promotion of democracy ethics regional organizations humanitarian intervention conflict prevention and peacekeeping that form a cutting edge and controversial security agenda

Contemporary Conflict Resolution Oliver Ramsbotham, Tom Woodhouse, Hugh Miall, 2005-12-08 Offering an assessment of the theory and practice of conflict resolution in post Cold War conflicts this book addresses a number of questions It explores the nature of contemporary conflict and the development of conflict resolution

Negotiating the International Criminal Court Fanny Benedetti, Karine Bonneau, John Washburn, 2013-10-31 This is the story and analysis of the unforeseen and astonishing

success of negotiations by many countries to create a permanent international court to try atrocities In 1998 120 countries astounded observers worldwide and themselves by adopting the Rome Statute for an International Criminal Court From this event began important and unprecedented changes in international relations and law This book is for those who want to know and understand the reasons and the story behind these historic negotiations or for those who may wonder how apparently conventional United Nations negotiations became so unusual and successful This book is both for those who seek detailed legislative history scholars or practitioners in international law and relations and those simply curious about how the Court came about

Cities in a Globalizing World Un-Habitat, 2012-06-25 The world has entered the urban millennium Nearly half the world's people are now city dwellers and the rapid increase in urban population is expected to continue mainly in developing countries This historic transition is being further propelled by the powerful forces of globalization The central challenge for the international community is clear to make both urbanization and globalization work for all people instead of leaving billions behind or on the margins Cities in a Globalizing World Global Report on Human Settlements is a comprehensive review of conditions in the world's cities and the prospects for making them better safer places to live in an age of globalization I hope that it will provide all stakeholders foremost among them the urban poor themselves with reliable and timely information with which to set our policies right and get the machinery of urban life moving in a constructive direction From the Foreword by Kofi Annan Secretary General United Nations Cities in a Globalizing World presents a comprehensive review of the world's cities and analyses the positive and negative impacts on human settlements of the global trends towards social and economic integration and the rapid changes in information and communication technologies In this Global Report the United Nations Centre for Human Settlements Habitat draws on specially commissioned and contributed background papers from more than 80 leading international specialists The report focuses on recent trends in human settlements and their implications for poverty inequity and social polarization It develops advance knowledge for urban planning and management policies in support and promotion of inclusive cities and good urban governance This major and influential report is the most authoritative and up to date assessment of human settlements conditions and trends Written in clear non technical language and supported by informative graphics case studies and extensive statistical data it should be an essential tool and reference for academics researchers planners public authorities and civil society organizations around the world

Mixed Messages Edward C. Luck, 2010-12-01 At the turn of the century the United States is on the verge of losing its vote in the General Assembly for non payment of its arrears There are eerie parallels between the domestic debate over the United Nations in 1999 and the struggles over the League of Nations in 1919 Why many ask are Americans the first to create international organizations and the first to abandon them What is it about the American political culture that breeds both the most ardent supporters and the most vocal detractors of international organization And why can't they find any common ground In seeking to uncover the roots of American ambivalence toward

international organization this political history presents the first major analysis of U S attitudes toward both the United Nations and the League of Nations It traces eight themes that have resurfaced again and again in congressional and public debates over the course of this century exceptionalism sovereignty nativism and racism unilateralism security commitments reform and burden sharing It assesses recent domestic political trends and calls for the development of two interactive political compacts one domestic and one international to place U S UN relations on a new footing A Century Foundation Book

The United Nations In The Post-cold War Era, Second Edition Karen Mingst, Margaret P. Karns, 2019-06-26 The United Nations faced unprecedented opportunities and heightened expectations when the Cold War ended in 1990 By the time of the UN s fiftieth anniversary in 1995 the mood had shifted Peacekeepers were bogged down in Bosnia and Somalia Iraq continued to test the UN s resolve to enforce arms control inspections In much of the world the gap between haves and have nots was increasing Everyone agreed that UN reform was needed yet the political will to effect change was absent With unmet challenges throughout the world the limits to UN power and effectiveness were being realized From regional conflicts to areas of environmental degradation and human rights abuses the UN s success depends more than ever on the way in which three dilemmas are resolved the tensions between sovereignty and the reality of its erosion between demands for global governance and the weakness of UN institutions as well as the reluctance of states to commit and between the need for leadership and the diffusion of power In this second edition the authors have undertaken major revisions along with thorough updating They explore the three dilemmas in the context of the UN s evolving role in world politics including its experience in maintaining peace and promoting development environmental sustainability and human rights the focus of an entirely new chapter They also consider the role of various actors in the UN system from major powers especially the United States small and middle powers coalitions and nongovernmental organizations to the secretaries general The need for institutional reforms and specific proposals for reform are examined Because multilateral diplomacy is now the norm rather than the exception in world politics the UN s effectiveness has been challenged by the new demands of the post Cold War era This completely revised and updated text places the UN at the center of a set of core dilemmas in world politics and provides a series of case studies that probe the politics and processes of UN action **The Quotable Kofi Annan** Kofi Atta

Annan, 1998 This publication presents a selection of quotes from the speeches and statements of UN Secretary General Kofi Annan covering the period from his election as Secretary General in December 1996 through March 1998 Taken together the Secretary General s statements during his first year in office constitute a wide ranging commentary on the challenges faced by the international community and are a guide to United Nations policies and to its efforts to realize the goals of its founding Charter Publisher s description United Nations Publications , 2000 **Encyclopedia of International**

Peacekeeping Operations Oliver Ramsbotham, Tom Woodhouse, 1999-05 Encyclopedia of International Peacekeeping Operations analyzes the broad national regional cultural and international contexts of peacekeeping Special focus is placed
