Reorganizing The Rust Belt An Inside Study Of The American Labor Movement By Lopez:

Reorganizing the Rust Belt Steven Henry Lopez, 2004-04-05 Publisher Description *Reorganizing the Rust Belt* Steve Lopez, 2004-04-05 This gripping insider's look at the contemporary American trade union movement shows that reports of organized labor's death are premature. In this eloquent and erudite narrative, Steven Henry Lopez demonstrates how, despite a hostile legal environment and the punitive anti-unionism of U.S. employers, a few unions have organized hundreds of thousands of low-wage service workers in the past few years. The Service Employees International Union (SEIU) has been at the forefront of this effort in the process of pioneering innovative strategies of grassroots mobilization and protest. In a powerful ethnography that captures the voices of those involved in SEIU nursing home organizing in western Pennsylvania, Lopez illustrates how post-industrial low-wage workers are providing the backbone for a reinvigorated labor movement across the country. *Reorganizing the Rust Belt* argues that the key to the success of social movement unionism lies in its ability to confront a series of dilemmas rooted in the history of American labor relations. Lopez shows how the union's ability to devise creative solutions rather than the adoption of specific tactics makes the difference between success and failure.

Rethinking the American Labor Movement Elizabeth Faue, 2017-04-28 *Rethinking the American Labor Movement* tells the story of the various groups and incidents that make up what we think of as the labor movement. While the efforts of the American labor force towards greater wealth parity have been rife with contention, the struggle has embraced a broad vision of a more equitable distribution of the nation's wealth and a desire for workers to have greater control over their own lives. In this succinct and authoritative volume, Elizabeth Faue reconsiders the varied strains of the labor movement, situating them within the context of rapidly transforming twentieth-century American society to show how these efforts have formed a political and social movement that has shaped the trajectory of American life. *Rethinking the American Labor Movement* is indispensable reading for scholars and students interested in American labor in the twentieth century and in the interplay between labor, wealth, and power.

Organizing at the Margins Jennifer Jihye Chun, 2011-08-11 The realities of globalization have produced a surprising reversal in the focus and strategies of labor movements around the world. After years of neglect and exclusion, labor organizers are recognizing both the needs and the importance of immigrants and women employed in the growing ranks of low-paid and insecure service jobs. In *Organizing at the Margins*, Jennifer Jihye Chun focuses on this shift as it takes place in two countries: South Korea and the United States. Using comparative historical inquiry and in-depth case studies, she shows how labor movements in countries with different histories and structures of economic development, class formation, and cultural politics embark on similar trajectories of change. Chun shows that as the base of worker power shifts from those who hold high-paying industrial jobs to the formerly unorganizable labor movements in both countries, they are employing new strategies and vocabularies to challenge the assault of neoliberal globalization on workers' rights and livelihoods. Deftly combining theory and ethnography, she argues that by cultivating alternative sources of symbolic

leverage that root workers demands in the collective morality of broad based communities as opposed to the narrow confines of workplace disputes workers in the lowest tiers are transforming the power relations that sustain downgraded forms of work Her case studies of janitors and personal service workers in the United States and South Korea offer a surprising comparison between converging labor movements in two very different countries as they refashion their relation to historically disadvantaged sectors of the workforce and expand the moral and material boundaries of union membership in a globalizing world

The SAGE Handbook of the Sociology of Work and Employment Stephen Edgell, Heidi Gottfried, Edward Granter, 2015-12-03 The SAGE Handbook of the Sociology of Work and Employment is a landmark collection of original contributions by leading specialists from around the world The coverage is both comprehensive and comparative in terms of time and space and each state of the art chapter provides a critical review of the literature combined with some thoughts on the direction of research This authoritative text is structured around six core themes Historical Context and Social Divisions The Experience of Work The Organization of Work Nonstandard Work and Employment Work and Life beyond Employment Globalization and the Future of Work Globally the contours of work and employment are changing dramatically This handbook helps academics and practitioners make sense of the impact of these changes on individuals groups organizations and societies Written in an accessible style with a helpful introduction the retrospective and prospective nature of this volume will be an essential resource for students teachers and policy makers across a range of fields from business and management to sociology and organization studies

The New Oxford Handbook of Economic Geography Dariusz Wójcik, 2018-01-04 The first fifteen years of the 21st century have thrown into sharp relief the challenges of growth equity stability and sustainability facing the world economy In addition they have exposed the inadequacies of mainstream economics in providing answers to these challenges This volume gathers over 50 leading scholars from around the world to offer a forward looking perspective of economic geography to understanding the various building blocks relationships and trajectories in the world economy The perspective is at the same time grounded in theory and in the experiences of particular places Reviewing state of the art of economic geography setting agendas and with illustrations and empirical evidence from all over the world the book should be an essential reference for students researchers as well as strategists and policy makers Building on the success of the first edition this volume offers a radically revised updated and broader approach to economic geography With the backdrop of the global financial crisis finance is investigated in chapters on financial stability financial innovation global financial networks the global map of savings and investments and financialization Environmental challenges are addressed in chapters on resource economies vulnerability of regions to climate change carbon markets and energy transitions Distribution and consumption feature alongside more established topics on the firm innovation and work The handbook also captures the theoretical and conceptual innovations of the last fifteen years including evolutionary economic geography and the global production networks approach Addressing the dangers of inequality instability and

environmental crisis head on the volume concludes with strategies for growth and new ways of envisioning the spatiality of economy for the future

The Idea of Labour Law Guy Davidov, Brian Langille, 2011-06-02 Labour law is widely considered to be in crisis by scholars of the field This crisis has an obvious external dimension labour law is attacked for impeding efficiency flexibility and development vilified for reducing employment and for favouring already well placed employees over less fortunate ones and discredited for failing to cover the most vulnerable workers and workers in the informal sector These are just some of the external challenges to labour law There is also an internal challenge as labour lawyers themselves increasingly question whether their discipline is conceptually coherent relevant to the new empirical realities of the world of work and normatively salient in the world as we now know it This book responds to such fundamental challenges by asking the most fundamental questions What is labour law for How can it be justified And what are the normative premises on which reforms should be based There has been growing interest in such questions in recent years In this volume the contributors seek to take this body of scholarship seriously and also to move it forward Its aim is to provide if not answers which satisfy everyone intellectually nourishing food for thought for those interested in understanding explaining and interpreting labour laws whether they are scholars practitioners judges policy makers or workers and employers

The Future of Union Organising G. Gall, 2009-07-07 While union organising has developed over time and in many different environments it has become apparent that a number of key problems have developed Evaluating its efficacy in terms of union strategies tactics styles and resources this title outlines a number of strategies for improving these deficiencies

Economic Justice, Labor and Community Practice Louise Simmons, Scott Harding, 2013-09-13 Facing economic upheaval and growing inequality people in local communities are fighting for economic justice Coalitions from labor grassroots community organizations the faith community immigrant communities and other progressive forces are emerging across the U S and Canada and winning better jobs benefits from local development and better working conditions A multi disciplinary group of scholars and activists provide background and analysis of these struggles and offer insights into successful community practice From the vantage points of community organizing labor studies political science urban studies social policy and active practitioners this volume presents both background on the problem of economic and social inequality and portrays cases of how community practice is being redefined how unions are pursuing their goals via labor community coalitions and the issues confronted as these new and vital alliances form Community practitioners from social work urban planning active union members and leaders labor educators and those in the partnerships they have formed all will find useful insights from these analyses This book was published as a special issue of the Journal of Community Practice

Stories of Care: A Labour of Law LJB Hayes, 2017-05-10 Stories of Care A Labour of Law is an interdisciplinary study of the interactions of law and labour that shape paid care work Based on the experiences of homecare workers this highly topical text unpicks doctrinal assumptions about class and gender to interrogate contemporary labour law It demonstrates

how the UK's crisis in social care is connected to the gendered inadequacy of labour law and argues for transformative change to law at work Utterly compelling Perhaps the best ever example in modern labour law scholarship of research led recommendations Keith Ewing Professor of Public Law King's College London An important contribution to socio legal research on care work and labour law Judy Fudge Professor of Labour Law University of Kent Innovative and meticulous merits a very wide readership Lizzie Barmes Professor of Labour Law Queen Mary University of London A really important text which shows through deep analysis of care workers stories how badly undervalued their work is It offers an excellent analysis Robin Allen QC Cloisters Chambers A rare and valuable insight into the lives and views of women who work in the little known world of homecare for rates of pay and conditions that shame our society David Brindle Public Services Editor The Guardian Boundary breaking an outstanding contribution to the growing field of feminist labour law scholarship Joanne Conaghan Professor of Law University of Bristol

Labor and the Class Idea in the United States and Canada Barry Eidlin, 2018-05-03 Why are unions weaker in the US than in Canada two otherwise similar countries This difference has shaped politics policy and levels of inequality Conventional wisdom points to differences in political cultures party systems and labor laws But Barry Eidlin's systematic analysis of archival and statistical data shows the limits of conventional wisdom and presents a novel explanation for the cross border difference He shows that it resulted from different ruling party responses to worker upsurge during the Great Depression and World War II Paradoxically US labor's long term decline resulted from what was initially a more pro labor ruling party response while Canadian labor's relative long term strength resulted from a more hostile ruling party response These struggles embedded the class idea more deeply in policies institutions and practices than in the US In an age of growing economic inequality and broken systems of political representation Eidlin's analysis offers insight for those seeking to understand these trends as well as those seeking to change them

No Shortcuts Jane F. McAlevey, 2016-09-13 Today's progressives have given up on organizing and now work for professional organizations more comfortable with the inside game in Washington Meanwhile promising movements like Occupy Wall Street and Black Lives Matter cannot build enough power to accomplish meaningful change In No Shortcuts Jane McAlevey argues that progressives must adopt bottom up organizing strategies that place the power for change in the hands of workers and ordinary people at the community level in order to rebuild powerful social movements

Organizing the Organized Laura Ariovich, 2010 This series publishes monographs and edited collections on the history present condition and possible future role of organised labour around the world Multidisciplinary in approach geographically and chronologically diverse this series is dedicated to the study of trade unionism and the undeniably significant role it has played in modern society

How We Struggle Sian Lazar, 2023-01-20 A comparative ethnographic approach to the question of labour struggles and workers political agency A masterful book a resource that makes anthropology matter Andrea Muehlebach Professor of Anthropology University of Bremen When it comes to labor movements unionized industrial workers

on the factory floor have only ever been part of the picture Across so many different workplaces sectors of the economy and geographical contexts the question of how working people struggle in the day to day has no single answer Here Sian Lazar offers a unique anthropological perspective on labor agency that takes in examples from across the globe from heavy industry and agriculture to the service and informal sectors She asks how do people strive to improve their lives and working conditions How are they constrained and enabled in that struggle by the nature of the work they do and by their own positionality in local histories cultures and networks How We Struggle explores worker action across the spectrum from organized trade unionism to individualized strategies of accommodation resistance and escape The book marries a discussion of global political economy and Marxist feminist theories of labor with ethnographic approaches that begin from a perspective of human experience kinship and radical heterogeneity

Lives on the Line Jeffrey J. Sallaz, 2019 The call center industry is booming in the Philippines Around the year 2005 the country overtook India as the world's voice capital and industry revenues are now the second largest contributor to national GDP In *Lives on the Line* Jeffrey J Sallaz retraces the assemblage of a global market for voice over the past two decades Drawing upon case studies of sixty Filipino call center workers and two years of fieldwork in Manila he illustrates how offshore call center jobs represent a middle path for educated Filipinos who are faced with the daunting choice to migrate abroad in search of prosperity versus stay at home as an impoverished professional A rich ethnographic study this book challenges existing stereotypes regarding offshore service jobs and sheds light upon the reasons that the Philippines has become the world's favored location for voice It looks beyond call centers and beyond India to advance debates concerning global capitalism the future of work and the lives of those who labor in offshored jobs

AFL-CIO's Secret War Against Developing Country Workers Kim Scipes, 2011-01-01 This book examines the themes of imperialism and empire from the perspective of the foreign policy program of organized labor in the United States It details efforts to make real popular democracy within Labor The author calls for American workers to join the global movement for economic and social justice and to extend globalization from below against the values and activities of the top down and destructive military corporate globalization that has been sweeping the world for years

States of Return Deborah A. Boehm, Mikaela H. Rogozen-Soltar, 2024-07-09 *State of Return* theoretically explores the concept of return and ethnographically traces different experiences of return migration across the globe with emphases on temporality kinship and citizenship Collectively contributors show how return significantly reconfigures the lives of people as they move across borders

Rethinking Power in Organizations, Institutions, and Markets Damon Golsorkhi, David Courpasson, Jeffrey Sallaz, 2012-03-29 Organizations are central actors of modern society No understanding of our world is complete without a theory of how they work Successful organizations must engage in power projects Such is the overarching argument of this volume a collection of papers by many of the world's leading social scientists and organizational scholars

Social Movements and the Transformation of American Health Care Jane C. Banaszak-Holl, Sandra R. Levitsky, Mayer N.

Zald,2010-06-24 Few contemporary social problems in the U S affect more people daily than those within the American health care system Social Movements and the Transformation of American Health Care is the first collection of essays to examine dynamics of change in health care institutions through the lens of contemporary theory and research on collective action Gathering scholars from medicine health policy history sociology and political science the book considers health related social movements from four distinct levels concentrating on movements seeking changes in the regulation financing and distribution of health resources changes in institutions in public health bio ethics and other fields interactions between social movements and professions and the cultural dominance of the medical model and the difficulties for framing and legitimizing new issues in health care it poses At a time when American health care is long overdue for major changes this book takes an essential look at movements policies and institutions to identify the common constraints and opportunities for reform within the health care system

Africa's Informal Workers Ilda Lindell,2010-04-08 Africa s Informal Workers is a vigorous examination of the informalization and casualization of work which is changing livelihoods in Africa and beyond Gathering cases from nine countries and cities across sub Saharan Africa and from a range of sectors this volume goes beyond the usual focus on household coping strategies and individual agency addressing the growing number of collective organizations through which informal workers make themselves visible and articulate their demands and interests The emerging picture is that of a highly diverse landscape of organized actors providing grounds for tension but also opportunities for alliance The collection examines attempts at organizing across the formal informal work spheres and explores the novel trend of transnational organizing by informal workers Part of the ground breaking Africa Now series Africa s Informal Workers is a timely exploration of deep ongoing economic political and social transformations

Reorganizing The Rust Belt An Inside Study Of The American Labor Movement By Lopez Introduction

In today's digital age, the availability of Reorganizing The Rust Belt An Inside Study Of The American Labor Movement By Lopez books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Reorganizing The Rust Belt An Inside Study Of The American Labor Movement By Lopez books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Reorganizing The Rust Belt An Inside Study Of The American Labor Movement By Lopez books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Reorganizing The Rust Belt An Inside Study Of The American Labor Movement By Lopez versions, you eliminate

the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Reorganizing The Rust Belt An Inside Study Of The American Labor Movement By Lopez books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Reorganizing The Rust Belt An Inside Study Of The American Labor Movement By Lopez books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Reorganizing The Rust Belt An Inside Study Of The American Labor Movement By Lopez books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Reorganizing The Rust Belt An Inside Study Of The American Labor Movement By Lopez books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Reorganizing The Rust Belt An Inside Study Of The American Labor Movement By Lopez books and manuals for download and embark on your journey of knowledge?

FAQs About Reorganizing The Rust Belt An Inside Study Of The American Labor Movement By Lopez Books

1. Where can I buy Reorganizing The Rust Belt An Inside Study Of The American Labor Movement By Lopez books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Reorganizing The Rust Belt An Inside Study Of The American Labor Movement By Lopez book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Reorganizing The Rust Belt An Inside Study Of The American Labor Movement By Lopez books?
Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections.
