Reported Sightings Art Chronicles 1957 1987:

Reported Sightings John Ashbery, 1989 The collected art criticism of John Ashbery *Encyclopedia of the New York School Poets* Terence Diggory, 2015-04-22 Presents an alphabetical reference guide detailing the lives and works of poets associated with the New York Schools of the early twentieth century The Cambridge Companion to American Poetry Since 1945 Jennifer Ashton, 2013-02-08 Explores the ways in which American poetry has documented and sometimes helped propel the literary and cultural revolutions of the past sixty five years *Forms of Enchantment: Writings on Art and Artists* Marina Warner, 2018-10-23 An anthology of enlightening writing by an award winning critic that engages with art in its social political and aesthetic contexts Art writing at its most useful should share the dynamism fluidity and passions of the objects of its enquiry argues author Marina Warner in this new anthology Here some of Warner s most compelling writing captures the visual experience of the work of a diverse group of artists with a notable focus on the inner lives of women through an exploration of the range of stories and symbols to which they allude in their work Warner vividly describes this imagery covering the connection with animals in the work of Louise Bourgeois the Catholicism of Damien Hirst performance as a medium of memory in the installations of Joan Jonas and more Rather than drawing on connoisseurship Warner s approach grows principally out of anthropology and mythology Accompanied by illustrations of the works being described Marina Warner s writing unites the imagination of artist writer and reader creating a reading experience that parallels the intrinsic pleasure of looking at art This book will appeal to any student of art history those interested in philosophy feminism and more generally in the humanities **The Postmodern Arts** Nigel Wheale, 1995 The Postmodern Arts provides essential material and invaluable guidance for students of modern literature and culture John Ashbery and Anglo-American Exchange Oli Hazzard, 2018-06-07 In 1966 John Ashbery wrote The English language is constantly trying to stave off invasion by the American language it lives in a state of alert which is reflected to some degree in English poetry This book shows how the work of a major post war American poet has been centrally concerned with questions of national identity and intercultural poetic exchange by reading crucial episodes in Ashbery s oeuvre in the context of an other tradition of modern English poets he himself has defined This line runs from the editor of Ashbery s recent Collected Poems Mark Ford through Lee Harwood in the late 1960s F T Prince in the 1950s to chronologically the first and therefore most important influence on his own work W H Auden Through detailed close readings of the poetry of Ashbery and these English poets original interviews and extensive archival research a new account of Ashbery s aesthetic and a significant re mapping of post war English poetry is presented The biographical slant of the book is highly significant as it reads these writers poetry and correspondence together for the first time suggesting how major poetic innovations arose from specific social contexts from the particulars of relations between poets and also from a broader climate of Anglo American exchange as registered by each poet The book s presentation of the process of poetic influence is attentive to actual exchanges between contemporaries as

evidenced in correspondence as opposed to speculative relationships with dominant figures and as such represents a departure from many other studies of Ashbery's work. Key themes include Englishness as a national imaginary, the concept of the minor reciprocal influence, and the poetry of coterie. The result is that both Ashbery himself and the landscape of post-war English poetry are presented in significantly new lights. *New Art City* Jed Perl, 2009-06-03 In this landmark work Jed Perl captures the excitement of a generation of legendary artists: Jackson Pollack, Joseph Cornell, Robert Rauschenberg, and Ellsworth Kelly among them, who came to New York mingled in its lofts and bars and revolutionized American art. In a continuously arresting narrative, Perl also portrays such less well-known figures as the galvanic teacher Hans Hofmann, the lyric expressionist Joan Mitchell, and the adventuresome realist Fairfield Porter, as well as the writers, critics, and patrons who rounded out the artists' world. Brilliantly describing the intellectual crosscurrents of the time as well as the genius of dozens of artists, *New Art City* is indispensable for lovers of modern art and culture. **In Memory of My Feelings** Russell Ferguson, Museum of Contemporary Art (Los Angeles, Calif.), 1999-01-01 In *Memory of My Feelings*, Frank O'Hara and American Art is a reexamination of the relationship between art and poetry at a crucial moment in American art. It also offers new insights into the charismatic figure of Frank O'Hara and his world and interests, which included art, music, theater, dance, film, and mass culture. *American Pop Art in France* Liam Considine, 2019-10-28 Pop art was essential to the Americanization of global art in the 1960s, yet it engendered resistance and adaptation abroad in equal measure, especially in Paris. From the end of the Algerian War of Independence and the opening of Ileana Sonnabend's gallery for American Pop art in Paris in 1962 to the silkscreen poster workshops of May 68, this book examines critical adaptations of Pop motifs and pictorial devices across French painting, graphic design, cinema, and protest aesthetics. Liam Considine argues that the transatlantic dispersion of Pop art gave rise to a new politics of the image that challenged Americanization and prefigured the critiques and contradictions of May 68. *The American Landscape in the Poetry of Frost, Bishop, and Ashbery* M. MacArthur, 2008-08-04 Robert Frost, Elizabeth Bishop, and John Ashbery stand out among major American poets; all three shaped the direction and pushed the boundaries of contemporary poetry on an international scale. Drawing on biography, cultural history, and original archival research, MacArthur shows us that these distinctive poets share one surprisingly central trope in their oeuvres: the Romantic scene of the abandoned house. This book scrutinizes the popular notion of Frost as a deeply rooted New Englander, demonstrates that Frost had an underestimated influence on Bishop, whose preoccupation with houses and dwelling is the obverse of her obsession with travel, and questions dominant anti-biographical readings of Ashbery as an urban identified poet. As she reads poems that evoke particular landscapes and houses lost and abandoned by these poets, MacArthur also sketches relevant cultural trends, including patterns of rural de-settlement, the transformation of rural economies from agriculture to tourism, and modern Americans' increasing mobility and rootlessness.
