Middleberg, 2005-12-29 Promoting Reproductive Security in Developing Countries provides a comprehensive approach to developing and implementing reproductive health programs in the developing world It fills a major gap in the literature by responding to the global need for a detailed guide to comprehensive reproductive health services Promoting Reproductive Security in Developing Countries furnishes an innovative conceptual model reproductive

security and offers an in depth analysis of major reproductive health issues The need for skilled dedicated professionals is great Those who choose to pursue the discipline are promised an endlessly rewarding and absorbing profession that will touch upon the most intimate aspects of life while reverberating globally This book will be of great interest to public health professionals on both a local and global level international policy makers and relief workers **Global Health** Michael H. Merson, Robert E. Black, Anne J. Mills, 2011-08-19 Recognized as the most prestigious comprehensive text on Global Health for GRADUATE programs in public and global health Global Health Third Edition formerly titled International Public Health brings together contributions from the world s leading authorities into a single comprehensive text It thoroughly examines the wide range of global health challenges facing low and middle income countries today and the various approaches nations adopt to deal with them These challenges include measurement of health status infectious and chronic diseases injuries nutrition reproductive health global environmental health and complex emergencies Important Notice The digital edition of this book is missing some of the images or content found in the physical edition *Global Health* Michael Merson, Robert E. Black, Anne Mills, 2012 Global Health Third Edition formerly titled International Public Health brings together contributions from the world s leading authorities into a single comprehensive text It thoroughly examines the wide range of global health challenges facing low and middle income countries today and the various approaches nations adopt to deal with them These challenges include measurement of health status infectious and chronic diseases injuries nutrition reproductive health global environmental health and complex emergencies Cultural Perspectives on Reproductive Health Carla Makhoul Obermeyer, 2001-08-23 This volume brings together studies carried out in a variety of contexts to explore the relevance of the notion of reproductive health and the role of culture in shaping its diverse manifestations The perspective that guides the collection is informed by anthropological and sociological research on the body pluralism and medicalization and by recent debates regarding women s health and the need to reconcile global agendas and local conditions The fourteen chapters provide views of how reproductive health is viewed by women and men in different parts of the world mainly at the level of local communities in India Egypt Mexico Kenya and South Africa but also in centres of power in China and Iran and in modern and post modern settings of the North and Far East The methodological approaches used by authors are varied but all share a concern with the perceptions decisions and rationalizations that surround health and reproduction A central theme is the correspondence between professional and lay models of reproductive health and some chapters explicitly seek to uncover the logic of practices that appear irrational from a biomedical point of view By analysing behaviour from the perspective of the actors themselves they show the relevance of local notions for understanding the factors that constitute risks for reproductive ill health including conditions of material deprivation constraints in seeking care and inappropriate use of therapies and technologies Cultural Perspectives on Reproductive Health illustrates complex processes of negotiation adaptation and manipulation in the formulation of ideas and policies related to reproductive health through analyses of such

topics as the state's discourse on population religious constraints on abortion care professional and legal policies on reproductive technologies health professionals response to violence and the dilemmas that emerge from the new diagnostic and genetic techniques It also invites reflection on the societal construction of rights across cultures and on the place of cultural explanations in analyses of reproductive health

The Changing Transitions to Adulthood in Developing Countries National Research Council, Division of Behavioral and Social Sciences and Education, Committee on Population, Panel on Transitions to Adulthood in Developing Countries, 2005-12-08 Serving as a companion to *Growing Up Global* this book from the National Research Council explores how the transition to adulthood is changing in developing countries in light of globalization and what the implications of these changes might be for those responsible for designing youth policies and programs Presenting a detailed series of studies this volume both complements its precursor and makes for a useful contribution in its own right It should be of significant interest to scholars leaders of civil society and those charged with designing youth policies and programs
