Jeremy Adelman

Republic Of Capital Buenos Aires And The Legal Transformation Of The Atlantic World:

Republic of Capital Jeremy Adelman, 2002-07-02 This book is a political history of economic life Through a description of the convulsions of long term change from colony to republic in Buenos Aires Republic of Capital explores Atlantic world transformations in the eighteenth and nineteenth centuries Tracing the transition from colonial Natural Law to instrumental legal understandings of property the book shows that the developments of constitutionalism and property law were more than coincidences the polity shaped the rituals and practices arbitrating economic justice while the crisis of property animated the support for a centralized and executive dominated state In dialectical fashion politics shaped private law while the effort to formalize the domain of property directed the course of political struggles In studying the legal and political foundations of Argentine capitalism the author shows how merchants and capitalists coped with massive political upheaval and how political writers and intellectuals sought to forge a model of liberal republicanism Among the topics examined are the transformation of commercial law the evolution of liberal political credos and the saga of political and constitutional turmoil after the collapse of Spanish authority By the end of the nineteenth century statemakers capitalists and liberal intellectuals settled on a model of political economy that aimed for open markets but closed the polity to widespread participation The author concludes by exploring the long term consequences of nineteenth century statehood for the following century s efforts to promote sustained economic growth and democratize the political arena and argues that many of Argentina s recent problems can be traced back to the framework and foundations of Argentine statehood in the nineteenth century

Dreams and Realities Juana Manuela Gorriti, 2003-11-20 One of the most dramatic figures among Latin America s romantic writers and the distinguished woman writer of her century Juana Manuela Gorriti brings passion and intrigue to the scene of writing An exile from her native Argentina who sought refuge first in Bolivia and then in Peru her lifetime of travel and displacement is echoed in her fictions Her short stories tell of homelessness and nomadic yearnings taking the reader from the Peruvian highlands where Spanish colonizers plot to rob the treasures of the Incas to the Argentine capital city plagued by sinister political intentions Her later fictions move from Chile to scenes of the California Gold Rush Covering the wide landscape of the Americas Gorriti tracks the spirit of nineteenth century adventurers and dandies nation builders and soldiers who participate in the conflicts of settlement in a new and lawless land Women are the protagonists here mediating episodes of civil strife as they voice their despair about the treachery of fortune seekers in Latin America in the years following Independence from Spain *Dreams and Realities* offers a sampling of Gorriti s stories showing the range of her commitment to political fiction drawn in the romantic style Originally published in four volumes under the titles *Suenos y realidades* and *Panoramas de la vida* her works deal with the tyranny of the Rosas regime the mediating role of women and the clash of European and indigenous cultures Notwithstanding her personal political leanings Gorriti s stories and fictions provide a generous dose of swashbuckling adventure and romance Translated into English for the first time by

Sergio Waisman and with an Introduction Chronology and Critical Notes by Francine Masiello the book gives a woman's view of the world of political intrigue and civil unrest that marks Latin America's turbulent nineteenth century

Making Citizens in Argentina Benjamin Bryce, David M. K. Sheinin, 2017-06-30 Making Citizens in Argentina charts the evolving meanings of citizenship in Argentina from the 1880s to the 1980s Against the backdrop of immigration science race sport populist rule and dictatorship the contributors analyze the power of the Argentine state and other social actors to set the boundaries of citizenship They also address how Argentines contested the meanings of citizenship over time and demonstrate how citizenship came to represent a great deal more than nationality or voting rights In Argentina it defined a person's relationships with and expectations of the state Citizenship conditioned the rights and duties of Argentines and foreign nationals living in the country Through the language of citizenship Argentines explained to one another who belonged and who did not In the cultural moral and social requirements of citizenship groups with power often marginalized populations whose societal status was more tenuous Making Citizens in Argentina also demonstrates how workers politicians elites indigenous peoples and others staked their own claims to citizenship

Andrés Bello Ivan Jaksic, 2006-11-02 This book length intellectual biography of Andrés Bello first published in 2001 is the first to appear in English Bello the most important intellectual of nineteenth century Latin America made enduring contributions to the fields of international law civil legislation grammar and philology He was also a poet of note a literary critic and an influential statesman whose contributions to nation building and Spanish American identity are widely recognized across the region In this book Jaksic provides an archival based critical account that challenges the celebratory literature that has dominated Bello studies He demonstrates how knowledge of Bello's contributions illuminate not only Latin American history but also current issues of imperial fragmentation nationalism and language

The Girondins of Chile Benjamín Vicuña Mackenna, 2003 When the news of the fall of Philippe d'Orléans and the subsequent installation of the Second Republic reached Chile there was an explosion of jubilation in Santiago Now there were no barriers to ideas Vicuña Mackenna wrote much less to the generous ideas proclaimed by the sincere people of France But it only took a few days for warnings and critiques of French events to surface and when a proletarian revolution took place in June in France Chilean public opinion became virulently anti revolutionary Except of course among the liberal youth the Chilean Girondins who were headed towards revolution and sooner than anyone thought

Historical Dictionary of Argentina Bernardo A. Duggan, Colin M. Lewis, 2019-04-15 Argentina celebrated a century of independence from Spain in 1910 and the republic was the tenth most important trading nation in the global economy Although it had the promise of growth and industrial development at the time crises mismanagement and unrealized potential associated with authoritarianism populism and military coups culminating in thousands of disappearances over a period of unparalleled state terror prevented that from happening By 2001 Argentina announced that it would not service its foreign debt triggering the largest default in world financial history Since then the

country has sought to recapture the potential and promise of the past and its place in the world while escaping from what appeared to be an interminable cycle of expansion crises conflict and institutional collapse Historical Dictionary of Argentina contains a chronology an introduction appendixes an extensive bibliography and more than 800 cross referenced entries on the country s important personalities and aspects of its politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Argentina

Science and Catholicism in Argentina (1750-1960) Miguel de Asúa,2022-05-09 Science and Catholicism in Argentina 1750 1960 is the first comprehensive study on the relationship between science and religion in a Spanish speaking country with a Catholic majority and a Latin pattern of secularisation The text takes the reader from Jesuit missionary science in colonial times through the conflict ridden 19th century to the Catholic revival of the 1930s in Argentina The diverse interactions between science and religion revealed in this analysis can be organised in terms of their dynamic of secularisation The indissoluble identification of science and the secular which operated at rhetorical and institutional levels among the liberal elite and the socialists in the 19th century lost part of its force with the emergence of Catholic scientists in the course of the 20th century In agreement with current views that deny science the role as the driving force of secularisation this historical study concludes that it was the process of secularisation that shaped the interplay between religion and science not the other way around

A Sea of Debt Fahad Ahmad Bishara,2017-03-10 An innovative legal history of economic life in the Western Indian Ocean charting the emergence of a trans oceanic contractual culture

Transatlantic Fascism Federico Finchelstein,2010-01-11 In Transatlantic Fascism Federico Finchelstein traces the intellectual and cultural connections between Argentine and Italian fascisms showing how fascism circulates transnationally From the early 1920s well into the Second World War Mussolini tried to export Italian fascism to Argentina the most Italian country outside of Italy Nearly half the country s population was of Italian descent Drawing on extensive archival research on both sides of the Atlantic Finchelstein examines Italy s efforts to promote fascism in Argentina by distributing bribes sending emissaries and disseminating propaganda through film radio and print He investigates how Argentina s political culture was in turn transformed as Italian fascism was appropriated reinterpreted and resisted by the state and the mainstream press as well as by the Left the Right and the radical Right As Finchelstein explains nacionalismo the right wing ideology that developed in Argentina was not the wholesale imitation of Italian fascism that Mussolini wished it to be Argentine nacionalistas conflated Catholicism and fascism making the bold claim that their movement had a central place in God s designs for their country Finchelstein explores the fraught efforts of nacionalistas to develop a sacred ideological doctrine and political program and he scrutinizes their debates about Nazism the Spanish Civil War imperialism anti-Semitism and anticommunism Transatlantic Fascism shows how right wing groups constructed a distinctive Argentine fascism by appropriating some elements of the Italian model and rejecting others It reveals the specifically local ways that a global ideology such as fascism crossed national

borders **Children of Facundo** Ariel de la Fuente, 2000-11-15 Combines peasant studies and cultural history to revise the received wisdom on nineteenth century Argentinian politics and aspects of the Argentinian state formation process
