Yiftah Elazar, Geneviève Rousselière

Republicanism History Theory And Practice:

Republicanism Christian Nadeau, Daniel Weinstock, 2004-06-01 In this collection of writings leading historians of political thought and political theorists provide an overview of traditional and contemporary republicanism The first part of the book presents studies of ancient and modern versions of republicanism in Athenian and Roman political thought as well as in Machiavelli and Montesquieu The second part focuses on some of the key questions that confront contemporary thinkers such as What ought one to expect of a good state and civil society What are the conditions for deliberative democracy What are the theoretical implications of a republican conception of political liberty The essays in this volume advance the debate over republicanism through both a rigorous philosophical investigation of republicanism's main sources and careful analysis of its meaning

Republicanism and Political Theory Cecile Laborde, John Maynor, 2009-02-04 *Republicanism and Political Theory* is the first book to offer a comprehensive and critical survey of republican political theory Critically assesses its historical credentials conceptual coherence and normative proposals Brings together original contributions from leading international scholars in an interactive way Provides the reader with valuable insight into new debates taking place in republican political theory

Romanticism, Republicanism, and the Swiss Myth Patrick Vincent, 2022-12-22 The first detailed treatment of Switzerland in British literature and culture from Joseph Addison to John Ruskin this book analyzes the aesthetic and political uses of what is commonly called the Swiss myth in the parallel development of Romanticism and liberalism The myth merged the country's legends going back to the Middle Ages with the Enlightenment image of a happy free nation of alpine shepherds Its unique combination of conservative progressive and radical associations enabled writers before the French Revolution to call for democratic reforms whereas those coming after could refigure it as a conservative alternative to French liberty Integrating intellectual history with literary studies and addressing a wide range of Romantic period texts and authors among them Byron the Shelleys Hemans Scott Coleridge and above all Wordsworth the book argues that the myth contributed to the liberal idea of the people as a sublime yet sleeping sovereign

Our Republican Constitution Adam Tomkins, 2005-02 This new book by Adam Tomkins sets out a radical vision of the British constitution It argues that despite its outwardly monarchic form the constitution is profoundly informed and indeed shaped by values and practices of republicanism The republican reading of the constitution presented in this book places political accountability at the core of the constitutional order As such *Our Republican Constitution* offers a powerful rejoinder to the current trend in legal scholarship that sees the common law and the courts rather than Parliament as the central players in holding government to account The book further contends that while the constitution should be understood as having republican foundations current constitutional practice is in a number of respects insufficiently republican in character The book closes by outlining a programme of republican constitutional reform that is designed to secure genuinely responsible government This is an original and provocative reinterpretation of the central themes of the British constitution drawing on constitutional

history especially of the seventeenth century political theory and public law

Legal Republicanism Samantha Besson, José Luis Martí, 2009-03-26 Interest in republicanism as a political theory has burgeoned in recent years but its implications for the understanding of law have remained largely unexplored Legal Republicanism is the first book to offer a comprehensive critical survey of the potential for creating republican accounts of fundamental issues in law and legal theory Bringing together contributors with backgrounds in political and legal philosophy the essays in the volume assess republicanism's historical traditions conceptual coherence and normative proposals The collection offers a valuable insight into new debates taking place in republican political and legal theory It also analyses potential republican approaches to concrete issues arising in areas of law such as criminal constitutional and international law Finally the book includes comparisons between republican legal traditions and how they react to contemporary challenges The book will be of value to political and democratic theorists to legal philosophers and constitutional theorists and all those interested in the legitimacy of decision making in national and international settings

Radical Republicanism Bruno Leipold, Karma Nabulsi, Stuart Gordon White, 2020 This book aims to retrieve an inclusive understanding of republicanism drawing on a broad spectrum of historical and geographic contexts one with the resources to analyse and challenge the sources of arbitrary power from capitalism to imperialism to patriarchy

Republicanism in Northeast Asia Jun-Hyeok Kwak, Leigh Jenco, 2014-11-13 As rapid economic development brings increasing uncertainty in East Asia interest in a new version of republicanism termed iscalled neo Roman republicanism is growing across the region Conceptualized as liberty as non domination this new form of republicanism has inspired not only Western but also East Asian political theorists However neo Roman republican ideas in Northeast Asian countries continue to face serious conceptual and political challenges which scholarly literature on both republicanism and on East Asian politics has largely failed to confront This book addresses these challenges by surveying the latest theoretical contributions to the studies of republicanism in Western countries and the latest interpretations of how republicanism including both communitarian republicanism and neo Roman republicanism has been appropriated in countries in East Asia In particular it deals with the key question of whether liberty as non domination can work in non Western contexts where the fundamental tenets of liberal democracy such as moral individualism and value pluralism do not predominate Across three sections the chapters first provide a conceptual overview of republicanism as a global political theory they then consider how republicanism has historically been received resisted and translated into East Asia and Ffinally they examine how historically informed possibilities fit with the emergent needs of contemporary Northeast Asian societies Overall the contributors show that republicanism is an always ongoing project whose terms must be interpreted and translated into the various communities they inform Normative considerations about whether or how republicanism applies in East Asia cannot be divorced from historical and empirical approaches which consider the various ways in which republican ideals reflect the realities of life there Dealing with the issue of republicanism from a new comparative

perspective this book will have broad appeal to students and scholars of Asian studies comparative political theory political philosophy sociology and history **Republicanism, Rhetoric, and Roman Political Thought** Daniel J.

Kapust,2011-03-07 *Republicanism Rhetoric and Roman Political Thought* develops readings of Rome s three most important Latin historians Sallust Livy and Tacitus in light of contemporary discussions of republicanism and rhetoric Drawing on recent scholarship as well as other classical writers and later political thinkers this book develops interpretations of the three historians writings centering on their treatments of liberty rhetoric and social and political conflict Sallust is interpreted as an antagonistic republican for whom elite conflict serves as an outlet and channel for the antagonisms of political life Livy is interpreted as a consensualist republican for whom character and its observation helps to maintain the body politic Tacitus is interpreted as being centrally concerned with the development of prudence and as a subtle critic of imperial rule

Republicanism and the Future of Democracy Yiftah Elazar,Geneviève Rousselière,2019-04-25 Democracies are in crisis Can republican theory contribute to reforming our political norms and institutions The neo republican turn has seen scholars using the classical republican tradition in reconstructing and developing a vision of public life as an alternative to liberalism This volume offers new perspectives from leading scholars on how republicanism can help transform democratic theory and respond to some of its most pressing challenges Drawing on this recent revival of republican political thought its chapters reflect on such issues as the republican definition of freedom as nondomination and its relation to democracy and populism the ideal of the common good domination in the workplace and in the family republicanism in a globalized world and radical republican politics It will appeal to researchers and students in political theory political philosophy and the history of ideas and anyone interested in gaining greater insight into the prospects and challenges of republican democracy in today s world The Idea of Greater Britain Duncan Bell,2011-04-17 During the tumultuous closing decades of the

nineteenth century as the prospect of democracy loomed and as intensified global economic and strategic competition reshaped the political imagination British thinkers grappled with the question of how best to organize the empire Many found an answer to the anxieties of the age in the idea of Greater Britain a union of the United Kingdom and its settler colonies in Australia Canada New Zealand and southern Africa In *The Idea of Greater Britain* Duncan Bell analyzes this fertile yet neglected debate examining how a wide range of thinkers conceived of this vast Anglo Saxon political community Their proposals ranged from the fantastically ambitious creating a globe spanning nation state to the practical and mundane reinforcing existing ties between the colonies and Britain But all of these ideas were motivated by the disquiet generated by democracy by challenges to British global supremacy and by new possibilities for global cooperation and communication that anticipated today s globalization debates Exploring attitudes toward the state race space nationality and empire as well as highlighting the vital theoretical functions played by visions of Greece Rome and the United States Bell illuminates important aspects of late Victorian political thought and intellectual life

Republicanism History Theory And Practice Introduction

In today's digital age, the availability of Republicanism History Theory And Practice books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Republicanism History Theory And Practice books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Republicanism History Theory And Practice books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Republicanism History Theory And Practice versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Republicanism History Theory And Practice books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Republicanism History Theory And Practice books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Republicanism History Theory And Practice books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and

researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Republicanism History Theory And Practice books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Republicanism History Theory And Practice books and manuals for download and embark on your journey of knowledge?

FAQs About Republicanism History Theory And Practice Books

1. Where can I buy Republicanism History Theory And Practice books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
