Requiem Far Fanny Goldmann:

The Book of Franza and Requiem for Fanny Goldmann Ingeborg Bachmann, 2010-08-31 These two fragments of novels Ingeborg Bachmann's only untranslated works of fiction were intended to follow the widely acclaimed *Malina* in a cycle to be entitled *Todesarten* or *Ways of Dying* Although Bachmann died before completing them *The Book of Franza* and *Requiem for Fanny Goldmann* stand on their own continuing Bachmann's tradition of using language to confront the disease plaguing human relationships Through the tales of two women in postwar Austria Bachmann explores the ways of dying inflicted upon the living from outside and from within through history politics religion family gender relations and the self Bachmann's allegiance to the twin muses of memory and history as well as her perception of fascism as not being limited to the context of the war but also existing within the intimate relations of everyday life between husbands and wives brothers and sisters psychiatrists and patients are supremely evident in *The Book of Franza* Here Bachmann follows a woman who escapes from a sanatorium and after years of silence sends her brother a cryptic telegram Rightly suspecting that she has fled her sadistic husband a renowned Austrian psychiatrist whose intimate relations have merged with his studies of concentration camps her brother finds her in their childhood home Together they travel to Egypt where Franza slowly begins to regain her bearings But Franza's desire to cleanse herself by journeying into the heart of the desert's void ends in tragedy as she becomes the victim of a horrible act of violence Unlike Franza who attempts to flee her past but fails the heroine of *Requiem for Fanny Goldmann* makes no attempt to escape her history This novel tells of the demise of a Viennese actress who is manipulated by a younger ambitious playwright to advance his career Deception follows disloyalty the final treachery comes when the playwright portrays her in a novel which secures his fame and in Fanny's eyes robs her of her future Caught in a perpetual stasis Fanny suffers in total obscurity as her present is stolen from her as well Whether analyzing the place where the self begins and the power of history ends or the ways in which women are forced to be complicit in their mistreatment at the hands of men Bachmann's critical approach to the human psyche is unparalleled Mesmerizing and profound *The Book of Franza* and *Requiem for Fanny Goldmann* constitute the final evidence that Ingeborg Bachmann is the most important female German language writer of the postwar period

Women Writers and National Identity Stephanie Bird, 2003-09-29 In *Women Writers and National Identity* Stephanie Bird offers a detailed analysis of the twin themes of female identity and national identity in the works of three major twentieth century German language women writers Bird argues for the importance of an understanding of ambiguity tension and contradiction in the fictional narratives of Ingeborg Bachmann Anne Duden and Emine zdamar She aims to demonstrate how ambiguity is itself central to the development of an understanding of identity and that literary texts are uniquely able to point to the ethical importance of ambiguity through their stylistic complexity Bird gives close readings of the three writers and draws on feminist theory and psychoanalysis to elucidate the complex nature of individual identity This book will be of interest to literary and women's studies scholars as
