Socialist Realism in Central and Eastern European Literatures under Stalin Evgeny Dobrenko, Natalia Jonsson-Skradol, 2018-02-15 Socialist Realism in Central and Eastern European Literatures is the first published work to offer a variety of alternative perspectives on the literary and cultural Sovietization of Central and Eastern Europe after World War II and emphasize the dialogic relationship between the centre and the satellites instead of the traditional top down approach The introduction of the Soviet cultural model was not quite the smooth endeavour that it was made to look in retrospect rather it was always a work in progress often born out of a give and take with the local authorities intellectuals and interest groups Relying on archival resources the authors examine one of the most controversial attempts at a cultural unification in Europe by providing an overview with a focus on specific case studies an analysis of distinct particularities with attention to the patterns of negotiation and adaptation that were being developed in the process The Eastern Star, 1892 Of Empires and Citizens Amaney A. Jamal, 2012-09-09 In the post Cold War era why has democratization been slow to arrive in the Arab world This book argues that to understand support for the authoritarian status quo in parts of this region and the willingness of its citizens to compromise on core democratic principles one must factor in how a strong U S presence and popular anti Americanism weakens democratic voices Examining such countries as Jordan Kuwait Morocco Palestine and Saudi Arabia Amaney Jamal explores how Arab citizens decide whether to back existing regimes regime transitions and democratization projects and how the global position of Arab states shapes people's attitudes toward their governments While the Cold War's end reduced superpower hegemony in much of the developing world the Arab region witnessed an increased security and economic dependence on the United States As a result the preferences of the United States matter greatly to middle class Arab citizens not just the elite and citizens will restrain their pursuit of democratization rationalizing their backing for the status quo because of U S geostrategic priorities Demonstrating how the preferences of an international patron serve as a constraint or an opportunity to push for democracy Jamal questions bottom up approaches to democratization which assume that states are autonomous units in the world order Jamal contends that even now with the overthrow of some autocratic Arab regimes the future course of Arab democratization will be influenced by the perception of

American reactions Concurrently the United States must address the troubling sources of the region's rising anti-Americanism

Ossi Wessi Donald Backman, Aida Sakalauskaite, 2009-10-02 *Ossi Wessi* includes the proceedings of the fourteenth annual Interdisciplinary German Studies Conference at the University of California Berkeley 2006 which explored issues surrounding the Berlin Wall both pre and post reunification in language literature and visual media The collected articles discuss the situation of the Berlin Wall describing its portrayal as both a dividing and uniting boundary and often discussing the continued existence of the Wall in the minds of Germany's citizens The multi disciplinary range of approaches contained in this volume reveals how diverse the portrayals of the history of the Wall have been as well as how controversial the division of Germany remains today Topics covered in this collection include Wende Literature and film linguistic changes and attitudes since 1989 the complicated history of the Neo Nazis and the visual arts Although *Ossi Wessi* is by no means a comprehensive reference work each of its essays serve as a thought provoking springboard for further research
