Rescuing Our Pride From The Arena Zero And Causing Sorrow For Tomorrow:

Rescuing Our Pride from the Arena Zero and Causing Sorrow for Tomorrow Mohamed Achour, 2019-03-31 We believe naively that the progress of Good its advance in all fields the sciences technology democracy human rights corresponds to a defeat of Evil No one seems to have understood that Good and Evil advance together as part of the same movement Good does not conquer Evil nor indeed does the reverse happen they are at once both irreducible to each other and inextricably interrelated Ultimately Good could thwart Evil only by ceasing to be Good since by seizing for itself a global monopoly of power it gives rise by that very act to a blowback of proportionate violence Jean Baudrillard As stated in the title along its developmental curve a superpower and hegemonic nation neglectfully develops its own weaknesses When those feeble points start being manifest on the surface instead of facing the facts regarding its own weaknesses such a nation becomes preoccupied with preserving its national pride which ironically enough results in the development of even more weaknesses At long last it then collapses We have this Biblical story which will be discussed later regarding Pharaoh and Moses It is a basic reenactment of a story with profound lessons for all governments and societies for all time From it we can deduce a strong correlation between contemporaneous U S geopolitical climates and Pharaoh in ancient Egyptian civilization Pharaoh was not just the name or title of a person it is a syndrome of grandiosity and a symbol of hegemony Moses was not just a person he is the unknown antithesis force that mirrors the ultimate reality The first consideration that is brought to the reader's attention is why we are talking about a supposed myth The answer is that within these supposedly mythological events we see the reenactment of the same archetypal personalities that are so prominent in our own violent contemporary period of history The second consideration one that is brought on a pre-conscious level to the reader's attention is the occurrence of those legendary events not only in the objective world but also introspectively in the subjective world
