Research and Endeavours in Moral and Civic Education Leslie Nai-Kwai Lo, Si-wai Man, 1996-01-01 **Learning**

Democracy and Citizenship Michelle Schweisfurth, Lynn Davies, Clive Harber, 2002-01-01 In recent years there has been a shift in discourse internationally towards a greater recognition of the importance of democratic governments and institutions and an explicit support for the development of democracy and citizenship through education This book celebrates this shift with a diverse range of contributions How democracy and citizenship are conceived practised and researched in different national and educational contexts is explored in this collection which brings together commentary from schoolchildren and international experts researchers and practitioners writers from the south and the north and from established and new democracies This volume will be appreciated by anyone with an interest in learning more about education citizenship and democracy

Citizenship Education and Lifelong Learning Michael Williams, Graham Humphrys, 2003 Across the globe citizenship education is high on the reform agendas of policy makers and educators The collapse of the Soviet Union and the entry of former Soviet bloc states into the European Union the fragmentation of the former Yugoslavia the major population movements from poor to rich countries and the increased threats of international terrorism and civil wars in many states have all added to the need to provide up dated and reflective approaches to citizenship education Within nation states the impact of globalisation on social economic and political structures has caused power shifts across and within international borders demanding greater citizenship awareness and participation The effect of these changes and the practice and needs of citizenship are profoundly affected by the distinctive particulars of the places in which they occur This is an essential ingredient in any understanding of what is happening and of any program addressing the resulting citizenship challenges Too often citizenship education has been perceived simply as a matter for schools In this book the discussion is extended to embrace post school education It is acknowledged that the educa

Role Differentiation in Chinese Higher Education Xiaoxin Du, 2020-11-30 This book examines tensions between the Chinese state and Chinese universities It looks at the state s demand for political socialization as a restriction on university autonomy and the university s promotion of academic development through promoting academic freedom and fostering critical thinkers using Jour University in PRC as a case study The book focuses on the dynamics and complexity of the interplay between the state universities faculty staff and students in the process of socialization through political education and academic affairs Theories on political socialization and higher education guide this study As universities socio political task of imbuing students with a certain type of ideology coexists with their role of promoting university autonomy examining China s higher education system provides important insights as different players interaction These present a dynamic picture of role differentiation as a strategy to cope with a politically restricted autonomy which challenges some common stereotypes that have been put on Chinese universities within the global community
