"ECEG2016-Proceedings of 16th European Conference on e-Government ECEG 2016 " Mitja De Man, Tina Juki, 2016-06-02 **Routledge Library Editions: Urban Planning** Various, 2021-06-23 The volumes in this set originally published between 1970 and 1998 draw together research by leading academics in the area of urban planning and provide a rigorous examination of related key issues The volumes examine teaching urban markets planning transport planning poverty politics forecasting techniques and

an examination of the inner city in Europe and the US whilst also exploring the general principles and practices of planning This set will be of particular interest to students of sociology geography planning and urbanization respectively Christian Churches in European Integration Sergei A. Mudrov, 2016-06-03 All too often religion is largely ignored as a driver of identity formation in the European context whereas in reality Christian Churches are central players in European identity formation at the national and continental level Christian Churches in European Integration challenges this tendency highlighting the position of churches as important identity formers and actors in civil society Analysing the role of Churches in engaging with two specific EU issues that of EU treaty reform and ongoing debates about immigration and asylum policy the author argues that Churches are unique participants in European integration Establishing a comprehensive view of Christian Churches as having a vital role to play in European integration this book offers a substantial and provocative contribution both to our understanding of the European Union and the broader question of how religious and state institutions interact with one another *Safety at Work and the Unions* P.B. Beaumont, 2024-10-01 Safety at Work and the Unions 1983 surveys the whole field of safety at work It looks at the diverse body of literature on the subject examines the organisational structures by which labour and management are attempting to cope with the problem and compares the British with overseas experience It reports original research on how joint safety committees actually work and looks at several case studies in depth **The Impact of China's Belt and Road Initiative** Jeremy Garlick, 2019-11-15 This book merges macro and micro level analysis of the Belt and Road Initiative BRI to dissect China's aim in creating an integrated Eurasian continent through this single mega project BRI has been the source of much interest and confusion as established frameworks of analysis seek to understand China's intentions behind the policy China's international activity in the early 21st century has not yet been successfully theorised by IR scholars because of a failure to satisfactorily encompass its complexity In addition the mix and match syncretism of the Chinese approach to foreign policy has been under emphasised or omitted in many analyses Bringing together complexity thinking and analytic eclecticism to assess the degree to which this scheme can transform international relations Garlick critically examines this large scale interconnectivity project and its potential impacts The book will be of interest to scholars and practitioners in the field of international relations and China studies including academics policy makers and diplomats around the world
