Research In Social Stratification And Mobility Vol 14 Research In Social Stratification And Mobility:

Social Mobility in the 20th Century Florian R. Hertel, 2016-08-09 Based on a novel class scheme and a unique compilation of German and American data this book reveals that intergenerational class mobility increased over most of the past century While country differences in intergenerational mobility are surprisingly small gender regional racial and ethnic differences were initially large but declined over time At the end of the 20th century however mobility prospects turned to the worse in both countries In light of these findings the book develops a narrative account of historical socio political developments that are likely to have driven the basic resemblances across countries but also account for the initial decline and the more recent increase in intergenerational inequality

Class Structure in Europe Max Haller, 2019-07-25 Is there a typical European class structure Have power patterns left any imprint in the European societies of today Has the experience of socialist revolution in Eastern Europe created a distinctive social structural pattern in that part of the continent These are only a few of the questions taken up by the contributors to this collection of case studies and comparative research
