An Almanack for the Year of Our Lord ... Joseph Whitaker, 1928 *Reports of the British and Foreign Bible Society* British and Foreign Bible Society, 1928 Vols 1 64 include extracts from correspondence *The Landowners of the Argentine Pampas* Roy Hora, 2001-01-04 This is a social and political history of the Argentine landowners for many decades Latin America's most affluent propertied class Roy Hora develops a historically based view of how socio economic and political change affected the landowners and was in turn affected by them between the 1860s and 1940s He questions the excessively static picture of the landowners of the pampas which unquestioningly accepts the image of power lineage and permanence given by both panegyrists and critics of the estancieros Dr Hora challenges the view of a powerful reactionary landed class dominating the country's history from colonial times to the rise of Peronism in the 1940s But he also challenges revisionist interpretations which seek to de-emphasize the central role played by the landowning class in the evolution of modern Argentina Nominations Before the Senate Armed Services Committee, Second Session, 102d Congress United States.  transformation of this area of South America into the independent state of Argentina He highlights the initial ambiguities of
 British aims with the government entertaining both conquest and military aid Gallo shows how the relationship survived this
