Los Viajes De Gulliver The Trips Of Gulliver:

Gulliver's Travels Jonathan Swift, 2004 0000000000 Jonathan Swift's masterpiece is the finest satire in the English language. Lemuel Gulliver's adventures with the tiny inhabitants of Lilliput and the giants of Brobdingnag are familiar from modern abridged adaptations but the scientists and philosophers of Laputa, the intelligent horselike Houyhnhnms and the bestial Yahoos provide further opportunities for Swift to satirise society in a manner just as relevant today as it was in the eighteenth century. Illustrated by Arthur Rackham with an Afterword by Henry Hitchings **Los Viajes de Gulliver**

Jonathan Swift, 2020-01-02 Los viajes de Gulliver es una maravillosa novela narrada por su protagonista un capitán amante de los viajes quien vive grandes aventuras luego de naufragar. Aquí nos describe su viaje a Lilliput un país de seres diminutos de apenas 15 centímetros de estatura donde fue nombrado Nardac el mayor título honorífico. También nos cuenta su viaje a Brobdingnag una nación de seres gigantes de varios metros de altura como su amiga de 9 años y 4 metros de estatura.

Crossing Textual Boundaries in International Children's Literature

Lance Weldy, 2011-01-18 As the first part of the title indicates my interest in looking at intertextuality and transformation still maintains a prominent place throughout this book as well. If we believe that no text is an island then we will understand that the relationships between and within texts across the years become a fascinating place for academic inquiry. I included the word boundaries into the title because we never get tired of voicing our opinions about texts which traverse relegated boundaries such as genre or medium. Not only am I interested in discussing what these changes across boundaries mean socially, historically and culturally but also what they mean geographically which accounts for the second part of my title. I am very excited that this book will be placing even more emphasis on children's literature in an international scene than my first book did in the sense that I have added more scholars on an international level. I hesitate to list the nationalities of all of the contributors here because quite a few have themselves crossed international boundaries in different ways by either studying abroad or finding permanent residency in foreign countries. Nevertheless the writers have lived extensively in or identify as being from Australia, Canada, England, Finland, Germany, Greece, Iceland, Ireland, Israel, Norway, Spain, Sweden, Turkey, the United States of America and Wales.
