Kreml,2016-09-16 This text offers students a fresh comprehensive multidisciplinary entry point to the broader Middle East Readers will come away from this book with an **Losing Balance** William P. Kreml,2015 **The Political Elite and Special Interests** Rachel Bozek,2017-07-15 There is a growing sense that government is no longer of the people by the people and for the people Many believe that society is manipulated by a handful of political elites and special interests But why does each party feel that it is the elites and special interests of the other party who are in control of things Does one person one vote still hold sway Is this still a citizen democracy or has it evolved into an oligarchy Whose voice and vote really count These and other questions and debates concerning power influence and who wields it are at the center of this fascinating collection of articles drawn from across the political spectrum **The Democrats Must Lead** James MacGregor Burns,William J Crotty,Lois Lovelace Duke,Lawrence D Longley,2019-07-11 All over the world political parties are being born and political pluralism is being fostered Ironically here in the United States the parties are blurring together ideologically and the political process is suffering One of the messages of this book is that a vital two party system is essential to America's political health The last thing this country needs the authors argue is two Republican parties At this critical moment in history the Democratic party has the opportunity to offer the nation a real political choice a sense of direction and a program to address the needs of Americans in a changing world It is time they say for a change a change that only the Democrats can provide As recounted here a generation of Republican administrations have had their chance The results have not been happy deepening social divisions heightened inequalities in income distribution a decaying educational system environmental exploitation an insensitivity to the concerns of the less powerful the largest public debt in history and a foreign policy based on force Recurring constitutional crises have also erupted as epitomized by the Iran Contra affair The record is a sorry one Alternatives exist and the best ones rest with the Democratic party The Democrats must lead It is their responsibility to offer a new vision of the future and the means for achieving it to provide a program that is compassionate just and inclusive of all The politics of greed exploitation self promotion and militarism must be put behind us Such are the themes of this extraordinary book Leading academicians each an expert in his or her area emphasize the need for new leadership propose contributions that a progressive Democratic party could make and suggest what this party should stand for as well as how it can win in 1992 They urge the Democrats to be both brave and principled brave in defying the conventional wisdom that Democrats must be moderate to win and principled in sticking to progressive ideals The book provides analysis of such areas as the political impact of an issue oriented liberal party the campaign and media choices required to get a progressive message across the role and concerns of women blacks Hispanics and other 262underrepresented groups electoral and

legislative strategies for success and the substance of what a progressive policy agenda should contain Challenging and thought provoking these essays will help reshape political thinking during this critical period in the nation s history Their objective is creation of a society that represents and responds to human needs and the authors indicate the way to achieve these goals through an invigorated forward looking Democratic party

Philosophical and Ideological Perspectives on Education Gerald Lee Gutek,1997 This second edition continues to examine the major schools of philosophy of education through the systems approach It also considers the relationship of education to major ideologies such as Liberalism Conservatism and Marxism The third section on Educational Theory analyzes the impact of philosophy and ideology on educational theory and practice by examining such theories as Essentialism Perennialism Progressivism and Social Reconstructionism Although focusing on the philosophy of education this book provides a three dimensional introduction to educational ideas First it examines the major philosophical systems and ideologies that have shaped educational thought and practice Second it outlines certain ideas from philosophy and ideology to illustrate how these disciplines contribute to educational theory Third in seeking to provide a context for educational philosophy ideology and theory it includes biographical sketches of principal originators or contributors of leading ideas about education For professionals working in the field of education

El Sistema de Crédito Social chino Dante Avaro,2024-01-29 El Sistema de Crédito Social chino SCS constituye una obra de ingeniería social muy reciente Comenzó en 2002 como prueba piloto y aunque se esperaba su completa implementación en 2020 todavía se encuentra en fase experimental En este sentido el libro reconstruye y presenta la evolución del SCS en el ámbito económico político y social La investigación está orientada a definir qué es el SCS y cómo funciona naturaleza alcance y funcionamiento Las agencias de noticias los medios especializados y los distintos análisis han emitido criterios generales y con diferentes énfasis reducido el SCS a un sistema omnisciente de vigilancia Este trabajo ofrece una visión diferente si bien la vigilancia es un insumo del SCS no resulta suficiente para definirlo De hecho se proponen tres dimensiones para caracterizarlo vigilancia paternalismo y autoritarismo En este libro el autor demuestra que el SCS es algo más que un sistema de vigilancia sofisticado y vanguardista es fundamentalmente un esquema de justicia global que regula el acceso a bienes socialmente valiosos La idea general no recae en que este nuevo régimen de gobernanza chino puede aparecer como una alternativa a la democracia o su peor amenaza más bien se intenta prever si la gobernanza centrada en accesos regulatorios puede comenzar a competir con los actuales diseños institucionales que rigen nuestras democracias El SCS es ese viajero que al tocar nuestras puertas nos brinda la oportunidad de ver dónde estamos parados

Women as Builders of Parity Democracy in Mexico Adriana del Rosario Báez Carlos,Adriana Ortiz-Ortega,Sergio A.

Bárcena Juárez, Lorena Vázquez Correa, 2025-09-01 When Claudia Sheinbaum was sworn in as Mexico's 66th president and its first female leader political analysts focused their research on the potential impact of her presidency on the advancement of social transformation and the deepening of gender equality Featuring chapters from highly respected researchers whose work has been critical to promoting gender parity in Mexico *Women as Constructors of Parity Democracy in Mexico* chronicles the evolution of women's integration into Mexico's public sphere during the nation's democratic transition scrutinizing the tangible impacts of women's political representation within the initial years of the parity model while dissecting the political currents that either advanced or impeded the women's agenda The book is divided into three parts and consists of nine chapters that follow a common framework highlighting how women politicians and activists operate within the legislative and executive branches to bring about change in the field of gender politics *Women as Builders of Parity Democracy in Mexico* will be of interest to researchers and postgraduates studying gender and politics in Mexico

Current Policy, 1979 *Who's who in Finance and Industry*, 1991 *Choice*, 1991 **Current Policy** United States. Department of State. Bureau of Public Affairs, 1987 *Marxism, Socialism, and Democracy in Latin America* Richard L. Harris, 2019-03-04 At a time when the validity of Marxism is being questioned because of the collapse of the Communist regimes in Eastern Europe Richard Harris examines the relevance of Marxism and socialism for Latin America and the Caribbean Dr Harris discusses recent revolutionary regimes and attempts at socialist transformation in the region in terms of Marxist theory comparing them with the historical experiences of the Soviet Union China Yugoslavia and Vietnam The author argues that Marxist theory offers a framework for understanding recent revolutionary transformations as well as the contradictions and limitations of existing democratic regimes in the region Particular attention is given to revolutionary Cuba the Allende administration in Chile the Popular Revolutionary Government in Grenada the Sandinista regime in Nicaragua and contemporary leftist parties and movements throughout Latin America He contends that democratization and the solution of the region's economic and social problems require a democratic socialist project **Routledge Handbook of Democratization** Jeffrey Haynes, 2012-03-15 This exciting new handbook provides a global overview of the process of democratization offering chapter by chapter discussion at both the country and regional levels and examining the interaction between the domestic and external factors that affect the progression of countries from authoritarian to democratic rule Bringing together 29 key experts in the field the work is designed to contrast the processes and outcomes of democratic reform in a wide range of different societies evaluating the influence of factors such as religion economic development and financial resources It is structured thematically into four broad sections Section I provides a regional tour d horizon of the current state of democratisation and democracy in eight regions around the world Section II examines key structures processes and outcomes of democratisation and democracy Section III focuses on the relationship between democratisation and international relations through examination of a range of issues and actors including the third and fourth waves of

democracy political conditionality the United Nations the European Union the African Union and the Organisation of African States Section IV Examines the interaction between democratisation and development with a focus on poverty and inequality security human rights gender war and conflict resolution A comprehensive survey of democratization across the world this work will be essential reading for scholars and policy makers alike **Venezuela Reframed** Luis Fernando

Angosto-Ferrández,2015-10-15 The role of the indigenous population in the formation of the Bolivarian constitution is one of Latin America s most important untold stories Considered a beacon of twenty first century socialism by many Venezuela is witnessing the paradoxical emergence of indigenous capitalisms as the government and various indigenous actors are driven by notions of development and enfranchisement grounded in the ideology of multiculturalism Venezuela Reframed shows that a considerable part of indigenous activism aligned with the Bolivarian governments has paved the way for development in classical social democratic terms It looks at how in opposition to sectors of the indigenous population fighting for effective autonomy many legitimate claims are being usurped to consolidate capitalist relations Boldly arguing that romanticized notions of cultural indigeneity hide growing class struggle this book is essential reading not just for those interested in Venezuela but all those interested in the prospects of democracy contemporary states and alternatives to capitalism worldwide **Democracy in Africa, 1989-1999, Progress, Problems and Prospects** United States.
