Losing My Virginity Richard Branson, 1999-10 Not long ago the Big Thicket of East Texas was still one of those places singular in its southernness like the Mississippi Delta or the Carolina Low Country Now its old timers and their ways are nearly gone They will not be forgotten though for in *My Grandfather's Finger* Edward Swift recalls a Big Thicket populated by family and friends as gloriously vibrant and enigmatic as the land itself From Camp Ruby to nearby Woodville and all the swamps bayous and forests in between Swift shows us a place and time so fecund with humor tragedy and good talk that in growing up there he had no choice but to become a novelist We meet among many others Mother a widowed war bride who would spring clean the inside of her house with a garden hose and Aunt Coleta childlike and always surrounded by

an entourage of kids half enchanted by her and half scared witless Then there are Uncle Frank who with self fulfilling flair would have drawn a pistol at the merest suggestion that his family was dysfunctional and of course Grandfather who lost his finger to a machete and his mind to cough medicine A mystical world of carnivals talking fiddles houses on wheels atomic bombs and total immersion baptisms Edward Swift s Big Thicket was also a world in which he was loved unconditionally and that alone makes it worth getting to know **Losing My Virginit**y Richard Branson,2009 This is the bestselling autobiography of iconic entrepreneur Sir Richard Branson featuring his take on his latest business ventures personal achievements and intrepid adventures You ll discover how Sir Richard is committed to building a better world t

Screw Business As Usual Richard Branson, 2017-04-04 From the trailblazing founder and CEO of the Virgin Group a powerful argument for using business to make a positive impact in the world Richard Branson one of the world's most famous and admired business leaders argues that it's time to turn capitalism upside down to shift our values from an exclusive focus on profit to also caring for people communities and the planet As he writes My message is a simple one business as usual isn't working In fact it's business as usual that's wrecking our planet Resources are being used up the air the sea the land are all heavily polluted The poor are getting poorer Many are dying of starvation or because they can't afford a dollar a day for life saving medicine Prophesying doom and gloom is simply not my style I think business can help fix things and create a more prosperous world for everyone I happen to believe in business because I believe that business can be a

Intuition in Business Eugene Sadler-Smith,2022-12-19 This book explores the science behind intuitive decision making in business and shows how people's innate capacity for intuition can be nurtured and strengthened to maximize performance We are all familiar with those perplexing situations when we think we just know without knowing how or why we know In professional life it might be the job candidate's CV that checks all the boxes but somehow doesn't stack up should we perform some due diligence and dig a little deeper In personal life it could be the apartment that we're looking to rent that just felt right the minute we walked through the front door should we trust our hunch and grab it while we can What if time is of the essence What if there isn't any more data to be had in the time available In this volume Eugene Sadler Smith examines why situations like these often leave us in a quandary and why these decisions so often leave us in two minds He reveals that metaphorically speaking we have two minds in one brain an analytical mind and an intuitive mind which sometimes come to quite different conclusions about what we ought to do in those consequential decisions that permeate our professional and personal lives Rather than thinking of our intuitive and analytical minds in constant battle with each other we might instead think of them as two information processing systems that have evolved to complement each other The main idea of this book is that our analytical mind evolved to solve whilst our intuitive mind evolved to sense Neither is infallible and our intuitions can be both flawed and marvellous at the same time The author's clear and detailed explanation of the science behind intuition reveals how we can make intelligent use of our intuition to sense and solve our way through a world that is fast moving complex and uncertain **The Power of Words (2)** Stilovsky,Schrödinger,2020-02-24 Literature of all kinds plays such an important place in our lives whether it's biography classics crime or poetry In this non-fiction volume you

Now What?* Yuriy Nikshych,2015-04-01 What will everyone think once they find out that you're an atheist How will you find happiness now that you no longer believe This handbook for the newly deconverted offers support and helps readers learn to find meaning shed the emotional baggage defend your position in debates and become awesome This book is not aimed at people who are questioning their faith it doesn't aim to deconvert anyone Rather this book is designed for atheists especially those who have recently woken up to find their faith is gone You may still be getting used to your new worldview and you may still have an irrational lingering fear of hell even though you're no longer a believer The author explores the questions that may be swirling in your mind Where do atheists get their morals from How do you let go of the emotional scars of religion How do you talk to believers how can you address the most common arguments that believers might raise Most important how do you find meaning in life This book draws on the work of an army of freethinkers who came before It's a cheerful review of the atheist's problems and how to get on with life with more freedom and vigor than ever **Organization and Identity** Alison Linstead,2005-08-12 The contributors to the collection bring approaches from current philosophising into the area of organization theory and critically assess their relevance and impact **Writing and Selling Your Autobiography** ,
