Mathis,2016-07-15 This book contains poetry inspired by discovering how lost I was while listening and acting out life based on the influence of the enemy Satan One day I found I had another choice I had a Savior named Jesus and now I live under His influence My Jesus is your Jesus so let His redeeming powers shelter and save you from life s storms **The Lost Art of Finding Our Way** John Edward Huth,2013-05-15 Long before GPS and Google Earth humans traveled vast distances using environmental clues and simple instruments What is lost when technology substitutes for our innate capacity to find our way Illustrated with 200 drawings this narrative part treatise part travelogue and part navigational history brings our own world into sharper view Pirates and Lost Treasure of Coastal Maine Greg Latimer,2020-06-15 The little known history of the pirates who roamed Maine s rocky coast and remote islands and what they left behind Maine has never been regarded as a pirate haven but only because witnesses were few and far between With a rugged coast and more than four thousand offshore islands Maine s dark waters attracted sea raiders like Dixie Bull from the 1600s through colonial times Pirate treasure still awaits discovery in Phippsburg and Machias and pirate deceit prompted a massacre in ancient Fort Loyall The infamous Captain Kidd may have prowled the waters off Deer Isle while farther down the coast a woman and a bloodthirsty band of cutthroats lured ships to disaster at Isles of Shoals In this colorful history featuring reenactment photos and other illustrations award winning investigative journalist Greg Latimer separates historical fact from fiction and leads readers on an adventure through the state s foggy and treacherous past

The Lost Comet AQEEL AHMED,2024-02-10 There is a comet named Twinkle that is sent on a trip through space that is not on its known path across the infinite universe When Twinkle strays from its planned path it starts an adventure that goes far beyond its normal limits This is the start of this journey of discovery and revelation As Twinkle travels through space it comes across many strange and supernatural events Each one adds a new layer to the story of its journey through space At first Twinkle comes into touch with a fog that glows in colors she doesn t understand This fog

which is full of bright particles pulls Twinkle to a secret part of the universe There she finds a bright nebula that is full of life The first person Twinkle meets is Zara an alien being made of light This starts a chain of bonds that will help and inform Twinkle s journey Zara an old and wise star presents Luna to Twinkle and gives her a star map to help her find her way home and travel the universe Zara cares about others and is smart Twinkle sets out on an adventure through the exciting and dangerous cosmos with the map in hand and some new friends Twinkle takes on every task with courage from surviving a terrible cosmic storm to finding a lost and lonely planet Along the way she learns important lessons about friendship strength and how everything in the universe is connected Twinkle s journey ends with a secret path lined with stardust that not only cuts down on the time it takes to get home but also shows how beautiful the sky really is Every step of the way brings Twinkle and her friends closer to home and deeper into the mysteries of the world It also teaches them about the power of working together and the endless possibilities for discovery Twinkle triumphantly comes back not only as a comet whose orbit is over but also as a hero whose trip has changed him Twinkle adds to the world by telling stories about faraway planets amazing things in space and friendships that can t be broken The fact that it works shows that even the smallest of us can start the biggest adventures People can find connections in the strangest places be curious and always be looking for home no matter how far they move This is what the story of The Lost Comet is all about Chapter 1 When Twinkle Left Twinkle was the name of a very special comet that lived very far away in the universe You had never seen a comet like Twinkle before Twinkle wasn t just a piece of ice and rock hurtling through space it was a live thing that was flying at very high speeds between the stars Once every 76 years Twinkle would go on a beautiful trip around the sun It flew quickly by planets and moons leaving behind a beautiful bright light trail that could be seen for a long time This wasn t just something pretty to look at it was Twinkle s way of meeting all the other spaceships it met along the way On the other hand Twinkle had an unexpected event happen that she had never seen before A rogue rock showed up out of the blue while it was moving through space This moving rock was too fast for Twinkle to keep up with They crashed into each other Twinkle found herself going in a different direction after the blow Twinkle had never seen anything like this before and it was now in a part of space that no one had explored before In every direction there was nothing but darkness and no planets or stars could be seen Twinkle was scared and lost and she didn t know what to do It knew exactly where it was going because it had been going around the sun for hundreds of years But after getting sidetracked Twinkle had her first real taste of being alone There was no map to show where it was and there were no directional signs to show how to get back Twinkle was far from the sun s warm light and the Earth s blue glow in a place where comets had never been seen before Even though bad things happened Twinkle stayed positive It knew the solar system was its home so it had to find a way back Twinkle was ready for a brand new trip that would take it to parts of space that had never been explored before Twinkle had already left but it was still determined to come back to glide through the solar system and leave a light trail Twinkle s biggest trip so far started out of

the blue full of unknown challenges and the chance to meet new people and explore the vast universe Chapter 2 The Strange Mist When Twinkle went back to its unexpected trip through the vast dark space something amazing caught its eye The bright warm mist went on for a long way in front of them Mist like this doesn't happen very often Twinkle couldn't have thought or seen the colors shimmering in it These weren't the normal blues and greens that you'd see on Earth or Mars As they moved and blended these bright fresh colors looked like they were alive Twinkle who was excited and interested felt compelled to look into the mysterious fog So it turned around and went straight toward the bright mist eager to find out what it was hiding Twinkle looked like she was being held by the fog as it came closer which was dancing softly around her Twirl then saw something much more amazing There were thousands or even millions of tiny shimmering particles in the fog While not being stars they sparkled like little stars Twinkle had been to the solar system more than once but these particles were different from anything it had seen before Each particle gave off its own unique glow which added to the fog's enchanting brightness Then something unexpected happened For some reason Twinkle felt like there was a light pull pulling it forward It looked more like a friendly hand was pulling Twinkle deeper into the fog than like something scary or forced Twinkle saw that the strange fog wasn't just a cloud of gas and particles but a way to get to a secret part of the universe A place that not many people knew about or had the chance to visit She thought the fog had picked her and invited her on a unique trip to find out what was out there

Inside Paradise Lost David Quint, 2014-02-02 Inside Paradise Lost opens up new readings and ways of reading Milton's epic poem by mapping out the intricacies of its narrative and symbolic designs and by revealing and exploring the deeply allusive texture of its verse David Quint's comprehensive study demonstrates how systematic patterns of allusion and keywords give structure and coherence both to individual books of Paradise Lost and to the overarching relationship among its books and episodes Looking at poems within the poem Quint provides new interpretations as he takes readers through the major subjects of Paradise Lost its relationship to epic tradition and the Bible its cosmology and politics and its dramas of human choice Quint shows how Milton radically revises the epic tradition and the Genesis story itself by arguing that it is better to create than destroy by telling the reader to make love not war and by appearing to ratify Adam's decision to fall and die with his wife The Milton of this Paradise Lost is a Christian humanist who believes in the power and freedom of human moral agency As this indispensable guide and reference takes us inside the poetry of Milton's masterpiece Paradise Lost reveals itself in new formal configurations and unsuspected levels of meaning and design
