Wolak, 2004 In the late 1960s after the Holocaust had brought about the almost total destruction of centuries of Jewish civilization in Poland senior leaders of the ruling Communist Party initiated a domestic terror campaign that resulted in the unceremonious eviction of thousands of Polish Jews Why did the leadership of a nation that professed equality among all peoples suddenly drive them into exile In Forced Out Arthur Wolak explores this turbulent era revealing a period in modern European history that offers important cautionary lessons about the dangers of political opportunism and the inherent evils of totalitarianism Jewish American Writing and World Literature Saul Noam Zaritt, 2020 This book explores how Jewish American writers like Sholem Asch Jacob Glatstein Isaac Bashevis Singer Anna Margolin Saul Bellow and Grace Paley think of themselves as world writers and the successes and failures that come with this role 2001, 0000000000 Pilgrimage beyond the Officially Sacred Michael A. Di Giovine, Jaeyeon Choe, 2020-06-09 Pilgrimage beyond the Officially Sacred Understanding the Geographies of Religion and Spirituality in Sacred Travel examines the many ways in which pilgrimage engages with sacredness delving beyond the officially recognized and often religiously conceived pilgrimage sites As scholarship examining the lived experiences of pilgrims and tourists has demonstrated pilgrimage need not be religious in nature nor be officially sanctioned rather they can be hyper-meaningful voyages set apart from the everyday profane life in a word they are sacred Separating the social category of religion from the sacred this volume brings together a multidisciplinary group of scholars employing perspectives from anthropology geography sociology religious studies theology and interdisciplinary tourism studies to theorize sacredness its variability and

the ways in which it is officially recognized or condemned by power brokers Rich in case studies from sacred centers throughout the world the contributions pay close attention to the ways in which pilgrims central authorities site managers locals and other stakeholders on the ground appropriate negotiate shape contest or circumvent the powerful forces of the sacred Delving beyond the officially sacred this collective examination of pilgrimages both well established and new religious and secular authorized and not presents a compelling look at the interplay of secular powers and the transcendent forces of the sacred at these hyper meaningful sites Providing a blueprint for how work in the anthropology and geography of religion and the fields of pilgrimage and religious tourism may move forward Pilgrimage beyond the Officially Sacred will be of great interest to an interdisciplinary field of scholars The chapters were originally published as a special issue in Tourism Geographies

has fueled merciless violent strife and it has been at the core of reconciliation and reconstruction It has been used to justify great crimes and yet it is central to the pursuit of justice In these and more everyday ways we live surrounded by memory individual and social in our habits our names the places where we live street names libraries archives and our citizenship institutions and laws Still we wonder what to make of memory and its gifts though sometimes we are hardly even certain that they are gifts Of the many chambers in this vast palace I mean to ask particularly after the place of memory in politics in the identity of political communities and in their practices of doing justice from the Preface W James Booth seeks to understand

the place of memory in the identity ethics and practices of justice of political communities Identity is he believes a particular kind of continuity across time one central to the possibility of agency and responsibility and memory plays a central role in grounding that continuity Memory identity takes two forms a habitlike form the deep presence of the past that is part of a life led in common and a more fragile vulnerable form in which memory struggles to preserve identity through time notably in bearing witness a form of memory work deeply bound up with the identity of political communities Booth argues that memory holds a defining place in determining how justice is administered Memory is tied to the very possibility of an ethical community one responsible for its own past able to make commitments for the future and driven to seek justice Underneath and motivating the politics of memory understood as contests over the writing of history over memorials museums and canons he writes there lies an intertwining of memory identity and justice Communities of Memory both argues for and maps out that intertwining
