working as a bricklayer at St John's Abbey Colchester but unusually for a bricklayer he could read Latin Reluctant to give any account of his background he eventually told his employer that he was a natural son of Richard III Yet if this was true why was he not publicly acknowledged by the king Richard III made provision for his other bastards John of Gloucester and Katherine The fact that he was called Richard Plantagenet is also revealing Had he simply been Richard III's bastard he would have been styled of Gloucester or given the name of his birthplace And most tellingly of all where is the evidence that Prince Richard actually died David Baldwin opens up an entirely new line of investigation and offers a startling solution to one of the most enduring mysteries in English history and a final exoneration for Richard III **The Lost Prince** Lisa
