Lost Treasure Of The Knights Templar:

The Lost Treasure of the Knights Templar Steven Sora, 1999-02-01 A compelling argument that connects the lost treasure of the Knights Templar to the mysterious money pit on Oak Island Nova Scotia that has baffled treasure hunters for two centuries Fascinating occult detective work linking the Cathars the Scottish Masons and Renne le Chateau to the elusive treasure pit on Oak Island Draws on new evidence recently unearthed in Italy France and Scotland to provide a compelling solution to one of the world s most enduring mysteries When the Order of Knights Templar was ruthlessly dissolved in 1307 by King Philip the Fair of France it possessed immense wealth and political power yet none of the treasure the Templars amassed has ever been found Their treasure is rumored to contain artifacts of spiritual significance retrieved by the order during the Crusades including the genealogies of David and Jesus and documents that trace these bloodlines into the royal bloodlines of Merovingian France Placing a Scottish presence in the New World a century before Columbus Steven Sora paints a credible scenario that the Sinclair clan of Scotland transported the wealth of the Templars entrusted to them as the Masonic heirs of the order to a remote island off the shores of present day Nova Scotia The mysterious money pit there is commonly believed to have been built before 1497 and has guarded its secret contents tenaciously despite two centuries of determined efforts to unearth it All of these efforts one even financed by American president Franklin Delano Roosevelt have failed thanks to an elaborate system of booby traps false beaches hidden drains and other hazards of remarkable ingenuity and technological complexity

and Mallory find themselves on a global hunt for an unsurpassed treasure and this much closer to the keys to secrets that could change history topple an empire and bury them both alive Because they re not only the hunters They re also the hunted

The Lost Colony of the Templars Steven Sora, 2004-10-27 Reveals the existence of a Templar colony in the New World and how the explorer Verrazano also a member of a secret society attempted to reestablish contact with it Explores Columbus's connection to Henry Sinclair's maps of the New World Examines the secret alliance of Catholic Sulpicians and French Huguenots to preserve the Templar legacy Reveals the hidden knowledge preserved in the Templar baptisteries found throughout Europe and in Newport Rhode Island In 1524 the Italian explorer Giovanni da Verrazano was sent by the French king Francis I on an expedition ostensibly to find a shorter route to China However his true mission Steven Sora suggests was to contact a Templar colony that might have been established in Newport Rhode Island by Henry Sinclair at the end of the 14th century In his expedition log Verrazano recorded that his only stay on this journey was at Newport Harbor the site of a tower built to the exact measurements of a Templar baptistery a sacred sanctuary representing baptism and eternal life This tower is a remnant of Sinclair's voyage to America nearly a century before that of Columbus who had access to Sinclair's maps thanks to his wife who was Sinclair's great granddaughter While Verrazano's mission succeeded in finding the tower the colony itself eluded him His backers then decided to resurrect the dream of Acadia a place where they could aspire to higher knowledge without fear of Church or state by creating a new Secret Society that included Huguenots and Catholic Sulpicians This Company of the Holy Sacrament would lay the foundations for Montreal in an attempt to realize the ambitions of Sinclair and his Templar companions as well as to stave off efforts by the Jesuits to transform Quebec into a fiefdom of the orthodox Church Quebec's motto *Je me souviens* I remember is a reference to this secret history
