The Magic Barrel Bernard Malamud, 1958      **The Magic Barrel** Bernard Malamud, 1980      Lena Finkle's Magic Barrel Anya Ulinich, 2014-07-29 A New York Times Notable Book Funny painful outrageous Anya Ulinich is the David Sedaris of Russian American cartoonists Gary Shteyngart Anya Ulinich turns her sharp eye toward the strange often unmooring world of grown up dating in this darkly comic graphic novel After her fifteen year marriage ends Lena Finkle gets an eye opening education in love sex and loss when she embarks on a string of online dates all while raising her two teenage daughters The Vampire of Bensonhurst the Orphan Disaster Man and the Diamond Psychiatrist are just a few of the unforgettable characters she meets along the way Evoking Louis C K s humor and Amy Winehouse s longing and anguish and paying homage to Malamud and Chekhov Lena Finkle s Magic Barrel is a funny and moving story beautifully told      *The Schlemiel as Metaphor* Sanford Pinsker, 1991 The certainty that deep down we are all schlemiels is perhaps what makes America love an inept ball team or a Woody Allen who unburdens his neurotic heart in public In this unique revised history of the schlemiel Sanford Pinsker uses psychological linguistic and anecdotal approaches as well as his considerable skills as a spritely storyteller to trace the schlemiel from his beginnings in the Old Testament through his appearance in the nineteenth century literature of Mendele Mocher Seforim and Sholom Aleichem to his final development as the beautiful loser in the works of Isaac Bashevis Singer Bernard Malamud Saul Bellow Philip Roth and Woody Allen Horatio Alger might have once been a good emblem of the American sensibility but today Woody Allen s anxious bespectacled punin face seems closer and truer to our national experience His urban end of the century anxieties mirror albeit in exaggeration our own This expanded study of the schlemiel is especially relevant now when scholarship of Yiddish and American Jewish literature is on the increase By sketching the family tree of that durable anti hero the schlemiel Pinsker proves that Jewish humor is built upon the very foundations of the Jewish experience Pinsker shows the evolution of the schlemiel from the comic butt of Yiddish jokes to a literary figure that speaks to the heart of our modern problems and he demonstrates the way that Yiddish humor provides a sorely needed correction a way of pulling down the vanities we all live by      **Material Culture and Jewish Thought in America** Ken Koltun-Fromm, 2010-04-21 How Jews think about and work with objects is the subject of this fascinating study of the interplay between material culture and Jewish thought Ken Koltun Fromm draws from philosophy cultural studies literature psychology film and photography to portray the vibrancy and richness of Jewish practice in America His analyses of Mordecai Kaplan s obsession with journal writing Joseph Soloveitchik s urban religion Abraham Joshua Heschel s fascination with objects in The Sabbath and material identity in the works of Anzia Yezierska Cynthia Ozick Bernard Malamud and Philip Roth as well as Jewish images on the covers of Lilith magazine and in the Jazz Singer films offer a groundbreaking approach to an understanding of modern Jewish thought and its relation to American culture      Interpretation and Genre Thomas Kent, 1986 Kent proposes a general theory of genre classification and applies this genetic model to American fiction written

during the last half of the nineteenth century Combining theory and application Kent attempts to demonstrate that what we say about texts is related directly to our generic perception of them      **Ethnic Identities in Bernard Malamud's Fiction** Martín Urdiales Shaw,2000 The present study has been divided into five general chapters each of which is centred around a basic issue related to ethnic identities This central issue may be more or less specific largely depending on its nature and on the corpus it comprises for example chapter two which bears the general title the old country and the New World is naturally the most extensive because of the great scope of this theme and the number of works it involves two novels and a considerable number of stories including the very long Man in the Drawer By contrast the last chapter entitled Beyond Race into Myth Seeking the Liberation of the Self is logically the shortest because its focus is restricted to a particular function of ethnic identities metaphorically speaking in Malamud s fantastic works the novel God s Grace and one short story Similar proportions between length complexity of theme and corpus treated are maintained in the three central chapters which focus on ethnic aspects which are neither as general as chapter two nor as specific as chapter six      **5 Minute Magical Stories** Om Books Editorial Team,2012 5 minute doses of magic and wonder Engaging and enthralling Illustrations Entertaining tales which also educate A perfect adding to a child s bookshelf      *Conversations with Bernard Malamud* Bernard Malamud,1991 During his teaching career Bernard Malamud taught both creative writing and literature courses and indicated that he almost never taught his own works since an author cannot dictate the total meaning of his work to a classroom He was consistently reluctant in interviews as well to explain his fiction He valued imaginative interpretations whether I agree with them or not He rejected the notion that there was a correct interpretation of his work      *The Magic Barrel & Other Stories* Bernard Malamud,1970      **Beyond the Gray Flannel Suit** David Castronovo,2004-09-01 Discusses the major literary works of the 1950s which introduced new forms and dealt with such controversial topics as racial discrimination religious differences and social class      **The Pan-African Nation** Andrew Apter,2008-10-01 When Nigeria hosted the Second World Black and African Festival of Arts and Culture FESTAC in 1977 it celebrated a global vision of black nationhood and citizenship animated by the exuberance of its recent oil boom Andrew Apter s The Pan African Nation tells the full story of this cultural extravaganza from Nigeria s spectacular rebirth as a rapidly developing petro state to its dramatic demise when the boom went bust According to Apter FESTAC expanded the horizons of blackness in Nigeria to mirror the global circuits of its economy By showcasing masks dances images and souvenirs from its many diverse ethnic groups Nigeria forged a new national culture In the grandeur of this oil fed confidence the nation subsumed all black and African cultures within its empire of cultural signs and erased its colonial legacies from collective memory As the oil economy collapsed however cultural signs became unstable contributing to rampant violence and dissimulation The Pan African Nation unpacks FESTAC as a historically situated mirror of production in Nigeria More broadly it points towards a critique of the political economy of the sign in postcolonial Africa      **Lionel Trilling** Daniel T. O'Hara,1988 Daniel T O Hara reads the

career of Trilling as a single completely comprehensive work of self fashioning The intention of such work says O Hara from the beginning and throughout Trilling's intellectual life was to create a self that when confronted with the great achievement of another mind was capable of imaginative sympathy and not solely resentful critique In order to reach that goal however Trilling had to adopt one of the conventional masks available to the intellectual in modern culture and adapt it to his needs and to those of his liberal time

*Philosophy and Literature in Times of Crisis* Michael Mack, 2014-02-27 Highlighting literature and philosophy's potential impact on economics health care bioethics public policy and theology this book analyses the heuristic value of fiction It alerts us to how we risk succumbing to the deceptions of fiction in our everyday lives because fictional representations constantly feign to be of the real and claim a reality of their own Philosophy and literature disclose how the substantive sphere of social economic and medical practice is sometimes driven and shaped by the affect ridden and subjective Analysing a wide range of literature from Augustine Shakespeare Spinoza and Deleuze to Kafka Sylvia Plath Philip Roth W G Sebald and Jonathan Littell Michael Mack rethinks ethical attitudes towards the long or eternal life In so doing he shows how philosophy and literature turn representation against itself to expose the hollowness of theologically grand concepts that govern our secular approach towards ethics economics and medicine Philosophy and literature help us resist our current infatuation with numbers and the numerical and contribute towards a future politics that is at once singular and diverse

Lillian Kremer, 1989 Criticism of Holocaust literature is an emerging field of inquiry and as might be expected the most innovative work has been concentrated on the vanguard of European and Israeli Holocaust literature Now that American fiction has amassed an impressive and provocative Holocaust canon the time is propitious for its evaluation Witness through the Imagination presents a critical reading of themes and stylistic strategies of major American Holocaust fiction to determine its capacity to

render the prelude progress and aftermath of the Holocaust The unifying critical approach is the textual explication of themes and literary method occasional comparative references to international Holocaust literature and a discussion of extra literary Holocaust sources that have influenced the creative writers treatment of the Holocaust universe **The Magic**
