Trout,2011-11-15 In this illuminating and evocative exploration of the origin and function of storytelling the author goes beyond the work of mythologist Joseph Campbell arguing that mythmaking evolved as a cultural survival strategy for coping with the constant fear of being killed and eaten by predators Beginning nearly two million years ago in the Pleistocene era the first stories Trout argues functioned as alarm calls warning fellow group members about the carnivores lurking in the surroundings At the earliest period before the development of language these rudimentary stories would have been acted out When language appeared with the evolution of the ancestral human brain stories were recited memorized and much later written down as the often bone chilling myths that have survived to this day This book takes the reader through the landscape of world mythology to show how our more recent ancestors created myths that portrayed animal predators in four basic ways as monsters as gods as benefactors and as role models Each incarnation is a variation of the fear management technique that enabled early humans not only to survive but to overcome their potentially incapacitating fear of predators In the final chapter Trout explores the ways in which our visceral fear of predators is played out in the movies where both animal and human predators serve to probe and revitalize our capacity to detect and survive danger Anyone with an interest in mythology archaeology folk tales and the origins of contemporary storytelling will find this book an exciting and provocative exploration into the natural and psychological forces that shaped human culture and gave rise to storytelling and mythmaking *Books in Print* ,1991 Kept Shawntelle Madison,2012-11-27 A funny and sexy new paranormal romance perfect for fans of Charlaine Harris and Patricia Briggs Kept features the charmingly quirky werewolf Natalya Stravinsky as she navigates the minefields of love and war in the Garden State Fresh from defending her pack in battle Natalya Stravinsky a whip smart werewolf with a lovable neurotic streak wants a little rest and relaxation Once an outcast she s now eager to rejoin the ranks of her New Jersey pack and has even gotten a handle on her obsessive urge to hoard holiday ornaments Yet Nat barely has time to revel in her progress before the next crisis comes howling at her door Nat s father has suddenly gone missing captured by the Russian werewolf mafia And as Nat steps up to save her dad from a mob boss s deadly game two men step in to play another round for her heart her gorgeous alpha ex boyfriend Thorn and her new flame the sweetly sensitive wizard Nick With her life growing more harried by the minute Nat must stay cool calm and collected or else risk losing everything If you like your urban fantasy original quirky and offbeat this is the series for you Natalya is the craziest heroine since Carolyn Crane s Justine Jones and you will love her just as much Ann Aguirre bestselling author of Devil s Punch I m obsessed with Shawntelle Madison s fantastic urban fantasy debut featuring hoarding werewolves magic and mayhem More please Michelle Rowen bestselling author of That Old Black Magic on Coveted **Once Upon a Vine** Elissa Schreiner,Arnold Somers,Judith Weinstein,2000 **Mini-micro Systems**
