Magic And The Millennium:

Magic and the Millennium Bryan R. Wilson, 1973 Thirty nine folktales from the Tartar region of Russia *Magic and the Millennium* Bryan R. Wilson, 1975 *Jesus and Magic* Richard A. Horsley, 2014-10-27 It has become standard in modern interpretation to say that Jesus performed miracles and even mainline scholarly interpreters classify Jesus's healings and exorcisms as miracles Some highly regarded scholars have argued more provocatively that the healings and exorcisms were magic and that Jesus was a magician As Richard Horsley points out if we make a critical comparison between modern interpretation of Jesus's healing and exorcism on the one hand and the Gospel stories and other ancient texts on the other hand it becomes clear that the miracle and magic are modern concepts products of Enlightenment thinking Jesus and Magic asserts that Gospel stories do not have the concepts of miracle and magic What scholars constructed as magic turns out to have been ritual practices such as songs incantations medicines potions and appeals to higher powers for protection Horsley offers a critical reading of the healing and exorcism episodes in the Gospel stories This reading reveals a dynamic relationship between Jesus the healer the trust of those coming for healing and their support networks in local communities Horsley's reading of the Gospel stories gives little or no indication of divine intervention Rather the healing and exorcism stories portray healings and exorcisms New Millennium Magick Donald Tyson, 1996 By using the universal principles outlined you can tailor a system of magic to your own background and beliefs The book clarifies the many questions that confront the budding magician in a completely modern way while maintaining traditional and time honored symbolism and formulae Originally published under the title *The New Magus* in 1987 this new edition contains a wealth of material not included in the original Witchcraft and Magic in Europe, Volume 1 Frederick H. Cryer, Marie-Louise Thomsen, 2001-12-13 This volume chronologically the first in the six volume series deals with the societies of the ancient Near East

Echoes from the Caves: Qumran and the New Testament Florentino García Martínez, 2010-01-01 In spite of the amount of literature on the relationship between the Dead Sea Scrolls and the New Testament no consensus among the scholars has emerged as yet on how to explain both the similarities and the differences among the two corpora of religious

Legitimising Magic , 2023-12-11 As magic is a powerful means to influence the natural world and human beings and is deeply connected to the divine sphere persons using it are in constant need to justify its use The ambivalence of magic to serve both well wishing and ill wishing aims puts the practitioners ever at risk This volume illuminates the strategies adopted to legitimise the practice of magic and analyses how these justifications are phrased and formulated in cuneiform texts thereby revealing the underlying principles and unexplained axioms of using magic in the Ancient Near East *Magic and Rationality in Ancient Near Eastern and Graeco-Roman Medicine* Manfred Horstmanshoff, Marten Stol, 2018-07-17 For the first time medical systems of the Ancient Near East and the Greek and Roman world are studied side by side and compared Early medicine in Babylonia Egypt the Minoan and Mycenaean world later medicine in Hippocrates Galen Aelius Aristides Vindicianus the Talmud The focus is the degree of rationality or irrationality in the various ways of medical thought and treatment Fifteen specialists contributed thoughtful and well documented chapters on important issues *Ancient Magic and Ritual Power* Paul Mirecki, Meyer, 2015-08-24 This volume contains a series of provocative essays that explore expressions of magic and ritual power in the ancient world The essays are authored by leading scholars in the fields of Egyptology ancient Near Eastern studies the Hebrew Bible Judaica classical Greek and Roman studies early Christianity and patristics and Coptology Throughout the book the essays examine the terms employed in descriptions of ancient magic From this examination comes a clarification of magic as a polemical term of exclusion but also an understanding of the classical Egyptian and early Greek conceptions of magic as a more neutral category of inclusion This book should prove to be foundational for future scholarly studies of ancient magic and ritual power This publication has also been published in paperback please click here for details [Christian Millenarianism](#) Stephen Hunt, 2001-08-22 To grasp this subject one needs a multifaceted multidisciplinary approach by a variety of expert hands such as have been brought together in this book
