Magicians Lover:

The Magician's Lover Flora Speer, 1998 From the author of *Heart's Magic* and *A Time to Love Again* comes the magical tale of a love that casts a spell on a sorcerer and an astronomer's daughter **Love Is Magic & Girls Are Magicians**

Bhargav Prajapati, 2019-11-11 What is love for you Ish asked That something she always wanted to ask and know She was expecting some wonderful words just like Krish has definitions of other things Magic love is magic Krish replied in next second Wow magic Is it for few seconds she just stared at Krish with pleasant smile So Krish also believed that love is somewhat special thing It's magic and he is absolutely right And magic is not possible without magician eyes of Krish went on Ish Krish smiled at her and her heart beats boost up with Krish's breath Is he talking about me that what came to her mind when he looked at me And who are magicians Ish asked Girls Krish replied Really Am I a magician she asked herself with full of excitement Love and girl seems to be synonyms of magic and magician It's a story of four crazy girls of Mumbai Ish Pal Rachchu and Gudi who study in Dance College and have a dream to open dance academy Also it is about a friend and crush of Ish Krish corner boy Can Ish create magic in life of Krish Can Ish become magician for Krish Let's know it *Love Spells and Lost Treasure* Tabitha Stanmore, 2022-12-22 Magic is ubiquitous across the world and throughout history Yet if witchcraft is acknowledged as a persistent presence in the medieval and early modern eras practical magic by contrast performed to a useful end for payment and actually more common than malign spellcasting has been overlooked Exploring many hundred instances of daily magical usage and setting these alongside a range of imaginative and didactic literatures Tabitha Stanmore demonstrates the entrenched nature of service magic in premodern English society This she shows was a type of spellcraft for needs that nothing else could address one well established by the time of the infamous witch trials The book explores perceptions of magical practitioners by clients and neighbours and the way such magic was utilised by everyone from lowliest labourer to highest lord Stanmore reveals that even if technically illicit magic was for most people an accepted even welcome aspect of everyday life **Love Magic and Control in Premodern Iberian Literature** Veronica Menaldi, 2021-07-29 This book explores the complexity of Iberian identity and multicultural multi religious interactions in the Peninsula through the lens of spells talismans and imaginative fiction in medieval and early modern Iberia Focusing particularly on love magic which manipulates objects celestial spheres and demonic conjurings to facilitate sexual encounters Menaldi examines how practitioners and victims of such magic as represented in major works produced in Castile Magic and love magic in particular is an exchange of knowledge a claim to power and a deviation from or subversion of the licit practices permitted by authoritative decrees As such magic serves as a metaphorical tool for understanding the complex relationships of the Christian with the non Christian In seeking to understand and incorporate hidden secrets that presumably reveal how one can manipulate their environment occult knowledge became one of the funnels through which cultures and practices mixed and adapted throughout the centuries **Love Cures** Laine E. Doggett, 2012-04-30 What is

love Popular culture bombards us with notions of the intoxicating capacities of love or of beguiling women who can bewitch or heal to the point that it is easy to believe that such images are timeless and universal Not so argues Laine Doggett in *Love Cures* Aspects of love that are expressed in popular music such as love is a drug sexual healing and love potion number nine trace deep roots to Old French romance of the high Middle Ages A young woman heals a poisoned knight A mother prepares a love potion for a daughter who will marry a stranger in a faraway land How can readers interpret such events In contrast to scholars who have dismissed these women as fantasy figures or labeled them witches Doggett looks at them in the light of medical and magical practices of the high Middle Ages *Love Cures* argues that these practitioners as represented in romance have shaped modern notions of love *Love Cures* seeks to engage scholars of love marriage and magic in disciplines as diverse as literature history anthropology and philosophy Enchanted by the Sword: Love and Magic 4 Valentine Liang, 2024-08-22

Ancient Greek Love Magic Christopher A. FARAONE, Christopher A Faraone, 2009-06-30 The ancient Greeks commonly resorted to magic spells to attract and keep lovers as numerous allusions in Greek literature and recently discovered voodoo dolls magical papyri gemstones and curse tablets attest Surveying and analyzing these various texts and artifacts Christopher Faraone reveals that gender is the crucial factor in understanding love spells There are he argues two distinct types of love magic the curselike charms used primarily by men to torture unwilling women with fiery and maddening passion until they surrender sexually and the binding spells and debilitating potions generally used by women to sedate angry or philandering husbands and make them more affectionate Faraone's lucid analysis of these spells also yields a number of insights about the construction of gender in antiquity for example the femininity of socially inferior males and the maleness of autonomous prostitutes Most significantly his findings challenge the widespread modern view that all Greek men considered women to be naturally lascivious Faraone reveals the existence of an alternate male understanding of the female as naturally moderate and chaste who uses love magic to pacify and control the naturally angry and passionate male This fascinating study of magical practices and their implications for perceptions of male and female sexuality offers an unusual look at ancient Greek religion and society The True History of Merlin the Magician Anne Lawrence-Mathers, 2012-10-15 A medieval historian examines what we really know about the man who was Merlin the Magician and his impact on Britain Merlin has remained an enthralling and curious individual since he was first introduced in the twelfth century in Geoffrey of Monmouth's *Historia Regum Britanniae* But although the Merlin of literature and Arthurian myth is well known his historical figure and his relation to medieval magic are less familiar In this book Anne Lawrence Mathers explores just who he was and what he has meant to Britain The historical Merlin was no rough magician he was a learned figure from the cutting edge of medieval science and adept in astrology cosmology prophecy and natural magic as well as being a seer and a proto alchemist His powers were convincingly real and useful for they helped to add credibility to the long lost history of Britain which first revealed them to a European public Merlin's prophecies reassuringly foretold Britain's path establishing an ancient ancestral

line and linking biblical prophecy with more recent times Merlin helped to put British history into world history Lawrence Mathers also explores the meaning of Merlin's magic across the centuries arguing that he embodied ancient Christian and pagan magical traditions recreated for a medieval court and shaped to fit a new moral framework Linking Merlin's reality and power with the culture of the Middle Ages this remarkable book reveals the true impact of the most famous magician of all time The story of how the image of Merlin as political prophet magician and half demon evolved in the Middle Ages is as fascinating as any romance Euan Cameron **M-U-M.**, 1926 *Egyptian Mythology* Geraldine Pinch, 2004 Spanning ancient Egyptian culture from 3200 BC to AD 400 Pinch opens a door to this hidden world and casts light on the nature of myths and how they relate to the evolution of Egyptian culture She includes a timeline covering the seven stages in the mythical history of Egypt and outlining the major events of each stage A substantial A to Z section covers the principal themes and concepts of Egyptian mythology as well as the most important deities demons and other characters This is an ideal introduction for students interested in learning about Egyptian myths and the culture that created them **Handbook of Egyptian Mythology** Geraldine Pinch, 2002-09-17 Spanning ancient Egyptian culture ca 3200 B C E to C E 400 the Handbook of Egyptian Mythology is the only complete survey of Egyptian mythology of its kind available in English In this comprehensive introduction to Egyptian mythology author Geraldine Pinch shows how the mythology of Ancient Egypt must be pieced together from a variety of written and visual sources Relationships between deities changed and the Egyptian myths were never gathered by priests into an authorized version Handbook of Egyptian Mythology provides a brief discussion about the nature of myths the concept of time in Egyptian mythology a historical overview of the sources of Egyptian myth and a dictionary of deities themes and concepts which concentrates on the prominent gods and goddesses in Egyptian myth The book also includes references to general works on Egyptian culture religion and myth translations of ancient texts and a selection of literature influenced by Egyptian myth *Tarot of the Magicians* Wirth, Oswald, 2013-02-01 Tarot of the Magicians by Swiss occultist artist and author Oswald Wirth was first published in Paris in 1927 and a Weiser edition was later released in 1985 Long unavailable the book is back in print in a beautiful new package with full color pull out cards reproducing Wirth's 1889 tarot deck With a new introduction by bestselling tarot author Mary K Greer Tarot of the Magicians offers tarot enthusiasts and students of the occult an in depth and authoritative analysis of one of the most beautiful and evocative of all modern tarot decks In this important tarot work of the Major Arcana Wirth combines the imagery and symbolism from Alchemy Freemasonry Rosicrucianism and the magical heritage of Egypt and Chaldea and explores the astronomical rather than strictly zodiacal associations for the Major Arcana cards The Boy Magician, 1909 Trade of the Tricks Graham Jones, 2011-09-14 From risqu cabaret performances to engrossing after hours shop talk Trade of the Tricks offers an unprecedented look inside the secretive subculture of modern magicians Entering the flourishing Paris magic scene as an apprentice Graham M Jones gives a firsthand account of how magicians learn to perform their astonishing
