narratives of colonisation which saw European powers sending agents off to new and distant worlds Their journeys didn t always follow a straight line Some were shipwrecked lost or marooned adventure turned into misadventure Others left the colony as soon as they arrived Convicts fled to Timor China and South America while bushrangers roamed the country antagonising colonial authorities But when adventurers directly served the interests of colonisation they could be violent ruthless and brutally racist rapaciously seeking profit and property Many adventurers went wherever ambition took them killing and dispossessing Aboriginal people and claiming ownership of their lands By examining colonial adventure narratives in all their rawness and complexity this book asks us to reflect on the continuing legacies of colonisation in Australia today

The Sun and the Moon Matthew Goodman,2010-05 On August 26 1835 a fledgling newspaper called theSunbrought to New York the first accounts of remarkable lunar discoveries A series of six articles reported the existence of life on the moon including unicorns beavers that walked on their hind legs and four foot tall flying man bats In a matter of weeks it was the most broadly circulated newspaper story of the era and theSun a working class upstart became the most widely read paper in the world An exhilarating narrative history of a divided city on the cusp of greatness and tale of a crew of writers editors and charlatans who stumbled on a new kind of journalism The Sun and the Moontells the surprisingly true story of the penny papers that made America a nation of newspaper readers Building a Nation Eric D. Duke,2018-10-15 Caribbean Studies Association Gordon K and Sybil Lewis Award Honorable Mention The initial push for a federation among British Caribbean colonies might have originated among colonial officials and white elites but the banner for federation was quickly picked up by Afro Caribbean activists who saw in the possibility of a united West Indian nation a means of securing political power and more In Building a Nation Eric Duke moves beyond the narrow view of federation as only relevant to Caribbean and British imperial histories By examining support for federation among many Afro Caribbean and other black activists in and out of the West Indies Duke convincingly expands and connects the movement s history squarely into the wider history of political and social activism in the early to mid twentieth century black diaspora Exploring the relationships between the pursuit of Caribbean federation and black diaspora politics Duke convincingly posits that federation was more than a regional endeavor

it was a diasporic black nation building undertaking with broad support in diaspora centers such as Harlem and London deeply immersed in ideas of racial unity racial uplift and black self determination A volume in this series New World Diasporas edited by Kevin A Yelvington **The Life and African Exploration of David Livingstone** David Livingstone,2002-05-28 During his travels as a missionary David Livingstone beheld many previously unknown wonders of the African interior He put Victoria Falls and Lake Ngami on the map and was the first white man to cross the African continent Diaries reports and letters are combined to create a wonderful narration of Livingstone s travels in a widely unknown continent Included in this harrowing tale is Livingstone s narrow escape from a lion s wrath his negotiations with an African chief and his account of the Portuguese slave traders brutally punishing slaves after their attempt to escape The Life and African Explorations of Livingstone also reveals Livingstone s deeply rooted Christian beliefs and the strength he took from them strength that allowed him to live and thrive amid the hardships of equatorial Africa Crusoes and Castaways Stanley Rogers,2011-01-01 More than 80 illustrations enhance these dramatic stories of lives passed in exile Tales include that of the real life Robinson Crusoe plus other adventures from the North Pole to Patagonia **Buried Dreams** Andrew R. Black,2020-10-14 The Hoosac railroad tunnel in the mountains of northwestern Massachusetts was a nineteenth century engineering and construction marvel on par with the Brooklyn Bridge Transcontinental Railroad and Erie Canal The longest tunnel in the Western Hemisphere at the time 4 75 miles it took nearly twenty five years 1851 1875 almost two hundred casualties and tens of millions of dollars to build Yet it failed to deliver on its grandiose promise of economic renewal for the commonwealth and thus is little known today Andrew R Black s Buried Dreams refreshes public memory of the project explaining how a plan of such magnitude and cost came to be in the first place what forces sustained its completion and the factors that inhibited its success Black digs into the special case of Massachusetts a state disadvantaged by nature and forced repeatedly to reinvent itself to succeed economically The Hoosac Tunnel was just one of the state s efforts in this cycle of decline and rejuvenation though certainly the strangest Black also explores the intense rivalry among Eastern Seaboard states for the spoils of western expansion in the post Erie Canal period His study interweaves the lure of the West the competition between Massachusetts and archrival New York the railroad boom and collapse and the shifting ground of state and national politics The psychic makeup of Americans before and after the Civil War heavily influenced public perceptions of the tunnel by the time it was finished Black contends the indomitable triumphalism that had given birth to the Hoosac had faded to skepticism and cynicism Anticipated economic benefits never arrived and Massachusetts eventually sold the tunnel for only a fraction of its cost to a private railroad company Buried Dreams tells a story of America s reckoning with the perils of impractical idealism the limits of technology to bend nature to its will and grand endeavors untempered by humility **Life and Explorations of David Livingstone** Anonymous,2025-07-24 Reprint of the original first published in 1874 The Antigonos publishing house specialises in the publication of reprints of historical books We make
