Magnolia Mound Lois Elmers Bannon, Martha Yancey Carr, Gwen Anders Edwards, 1999-05-31 The story behind the eighteenth century French Creole cottage now on the National Register of Historic Places with illustrations included Magnolia Mound situated on a ridge overlooking the meandering Mississippi River stands as Baton Rouge's most notable eighteenth century structure This volume researched and written under the direction of the Magnolia Mound Board of Trustees traces the origin and development of this splendid Creole raised cottage providing an intimate look at plantation life and the economic system that supported it Beginning with the original land grant of 1786 the authors document both the social and the architectural history of the celebrated structure from its origin as a modest settler's house and farm to its later grandeur as a distinctive home situated within an extensive working plantation The book also includes an account of the successful struggle by the Foundation for Historical Louisiana which keeps the building and grounds open to the public to save the house from destruction in 1960 Winner Certificate of Commendation from the American Association for State and Local History

*Narrative of James Williams, an American Slave* Hank Trent, 2013-11-05 The American Anti Slavery Society originally published *Narrative of James Williams an American Slave* in 1838 to much fanfare describing it as a rare slave autobiography Soon thereafter however southerners challenged the authenticity of the work and the society retracted it Abolitionists at the time were unable to defend the book and until now historians could not verify Williams's identity or find the Alabama slave owners he named in the book As a result most scholars characterized the author as a fraud perhaps never even a slave or at least not under the circumstances described in the book In this annotated edition of *Narrative of James Williams an American Slave* Hank Trent provides newly discovered biographical information about the true author of the book an African American man enslaved in Alabama and Virginia Trent identifies Williams's owners in those states as well as in Maryland and Louisiana He explains how Williams escaped from slavery and then altered his life story to throw investigators off his track Through meticulous and extensive research Trent also reveals unknown details of James Williams's real life drawing upon runaway ads court cases census records and estate inventories never before linked to him or to the narrative In the end Trent proves that the author of the book was truly an enslaved man albeit one who wrote a romanticized fictionalized story based on his real life which proved even more complex and remarkable than the story he told
