Jaclyn Schildkraut, Gregg Lee Carter

Magnum Force Lobby The National Rifle Association Fights Gun Control:

Magnum Force Lobby Edward F. Leddy, 1987 *Magnum Force Lobby* Edward F. Leddy, 1987 *The National Rifle Association and the Media* Brian Anse Patrick, 2013-10-25

Were it not for the negative coverage that it receives from elite American news organizations the National Rifle Association and American gun culture as a whole would not be in the position of strength they enjoy today. The more negative coverage the elite media have dished out the more people have been attracted to NRA and gun culture. Brian Anse Patrick presents the evidence for this startling case. As an analysis of the data unmistakably shows not only are the elite media systematically biased against NRA they have indeed inadvertently helped to mobilize American gun culture making it one of the most successful social movements of modern times. In the new edition of this groundbreaking study with a new Foreword by the author Prof Patrick makes his case. The evidence is incontrovertible and based on scientific content analysis of ten years of actual NRA coverage in many elite news publications compared and contrasted with similar coverage of other major American social movements. Additionally Prof Patrick presents an innovative model for how information is disseminated from top to bottom in the mainstream media which he terms administrative democracy and suggests how groups like the NRA flourish in part because of the increasing availability of non centralized social media which allow dissenters from the prevailing media paradigm to construct their own narratives with which to understand society and their place within it. Written in a lucid and penetrating style this book should be of interest to readers on either side of the gun rights debate as well as to those wishing to study the workings of a successful citizens advocacy network.

Firepower Matthew J. Lacombe, 2023-05-09

Firepower explores how the NRA gradually transformed itself from a relatively small organization with close ties to the federal government and a mission dedicated to marksmanship competitive shooting and military preparedness to what it is today. A political juggernaut that pushes a right wing populist world view and enjoys a prominent position in the Republican Party coalition. As Lacombe shows NRA members and supporters participate in politics at unusually high rates and have for decades successfully opposing gun regulations despite the shockingly high rates of gun violence in the U S relative to other countries and deep durable public support for stricter rules on gun ownership. Understanding how and why this came to be can not only teach us about the evolution of one of the most influential interest groups operating today but can also shed light on how interest groups more generally can marshal the political behavior of their supporters over time in order to build and exercise power. Most of the work done on interest group influence focuses on behind the scenes tactics such as lobbying and campaign support. Yet this is not the source of the NRA's power. Instead it is the group's ability to shape the political outlooks of its supporters on behalf of its agenda. The NRA has done this by creating a gun owner culture and social identity that mobilizes individuals to engage in various forms of political participation and by linking gun rights to other political issues generating a broader political ideology. Drawing on almost a century of archival data Lacombe illuminates the NRA's identity and ideology building efforts in fine grained historical detail ultimately showing

how the group came to align with the Republican Party and considering the causes and consequences of the NRA's increasingly deep relationship with the GOP in the age of Donald Trump

The Government Taketh Away Leslie A. Pal, R. Kent Weaver, 2003-04-01 Democratic government is about making choices. Sometimes those choices involve the distribution of benefits. At other times they involve the imposition of some type of loss: a program cut, increased taxes, or new regulatory standards. Citizens will resist such impositions if they can, or will try to punish governments at election time. The dynamics of loss imposition are therefore a universal, if unpleasant, element of democratic governance. *The Government Taketh Away* examines the repercussions of unpopular government decisions in Canada and the United States, the two great democratic nations of North America. Pal, Weaver, and their contributors compare the capacities of the U.S. presidential system and the Canadian Westminster system to impose different types of losses: symbolic losses (gun control and abortion), geographically concentrated losses (military base closings and nuclear waste disposal), geographically dispersed losses (cuts to pensions and to health care), and losses imposed on business (telecommunications deregulation and tobacco control). Theory holds that Westminster-style systems, should all things being equal, have a comparative advantage in loss imposition because they concentrate power and authority; though this can make it easier to pin blame on politicians too. The empirical findings of the cases in this book paint a more complex picture: Westminster systems do appear to have some robust abilities to impose losses, and U.S. institutions provide more opportunities for loss avoiders to resist government policy in some sectors. But in most sectors, outcomes in the two countries are strikingly similar. *The Government Taketh Away* is essential for the scholar and students of public policy or comparative policy. It is also an important book for the average citizen who wants to know more about the complexities of living in a democratic society where the government can give but how it can also sometimes painfully taketh away.

Guns in American Society Jaclyn Schildkraut, Gregg Lee Carter, 2022-12-01 The revised third edition of the landmark *Guns in American Society* provides an authoritative and objective survey of the history and current state of all gun-related issues and areas of debate in the United States. *Guns in American Society: An Encyclopedia of History, Politics, Culture, and the Law* is a comprehensive and evenhanded three-volume reference resource for understanding all of the political, legal, and cultural factors that have swirled around gun rights and gun control in America past and present. The encyclopedia draws on a vast array of research in criminology, history, law, medicine, politics, and social science. It covers all aspects of the issue: gun violence, including mass shootings in schools and other public spaces; gun control arguments and organizations; gun rights arguments and organizations; the firearms industry; firearms regulation, legislation, and court decisions; gun subcultures, for example, hunters and collectors; leading opinion shapers on both sides of the gun debate; technological innovations in firearm manufacturing; various types of firearms, from handguns to assault weapons; and evolving public attitudes toward guns. Many of these entries place the topics in both historical and cross-cultural perspective.

The Changing Politics of Gun Control John M. Bruce, Clyde Wilcox, 1998-05-14 In recent years, political discourse about gun

control and the Second Amendment has become increasingly volatile and this collection of original essays by top scholars illuminates the various reasons why Gun lobbies such as the National Rifle Association are more organized and aggressive and their issue agenda has evolved as new and more powerful weapons and militia appear On the other side of the debate the critical wounding of James Brady gave gun control advocates a visible martyr with strong ties to Republican conservatives In sum gun control and the right to bear arms have become hotly disputed issues where political alignments are constantly shifting The contributors chart these changes and explore how Congress the courts the President and individual states are currently addressing the issue of gun control This book which includes profiles and examinations of relevant interest groups the gun control coalition recent Supreme Court decisions and public opinion surveys will be of great interest to classes in political science American government law and sociology

Tragedy in Aurora Tom Diaz, 2019-10-31 Tragedy in Aurora is about the 2012 murder of budding sports journalist Jessica Jessi Redfield Ghawi in a public mass shooting and the widening circle of pain it inflicted on her family friends police medical first responders and others The book is at the same time a deep examination of the causes and potential cures of the quintessential 21st century American sickness public mass shootings At the heart of that examination is an unpacking of America's deep polarization and political gridlock It addresses head on the question of why Why is American gun violence so different from other countries Why does nothing seem to change The Parkland kids inspired hope of change But the ultimate questions stubbornly remain what should what can and what will Americans do to reduce gun violence Tragedy in Aurora argues that the answer lies in a conscious cultural redefinition of American civic order Over recent decades America has defined a cultural new normal about guns and gun violence Americans express formalistic dismay after every public mass shooting But many accept gun violence as an inevitable even necessary and to some laudable part of what it means to be American Although Americans claim to be shocked with each new outrage so far they have failed to coalesce around an effective way to reduce gun death and injury The debate is bogged down in polarized and profoundly ideological political and cultural argument Meanwhile America continues to lead the globe in its pandemic levels of gun deaths and injuries Combined with the cynical learned helplessness of its politicians the result is gridlock and a growing roll of victims of carnage Is there a path out of this cultural and political gridlock Tragedy in Aurora argues that if America is to reduce gun violence it must expand the debate and confront the fundamental question of who are we Tom Diaz gives a new understanding of American culture and the potential for change offered by the growing number and ongoing organization of victims and survivors of gun violence Without conscious cultural change the book argues there is little prospect of effective laws or public policy to reduce gun violence in general and public mass shootings in particular

Guncrazy America Frank N. Egerton, 2018-10-06 The conclusion of this professor historian emeritus is that our gun culture had its uses in establishing American civilization as slavery did But we came to recognize after a bloody civil war that slavery was a gigantic mistake and now I think it's time to realize that our gun culture was a similarly gigantic mistake

though of a different kind And we need to do what we can to minimize its horrible impacts and move on to a more positive development of a humane civilization

Guns in American Society Gregg Lee Carter,2012-05-04 Thoroughly updated and greatly expanded from its original edition this three volume set is the go to comprehensive resource on the legal social psychological political and public health aspects of guns in American life The landmark 2002 edition of *Guns in American Society* An Encyclopedia of History Politics Culture and the Law was acclaimed for helping readers get beyond the sometimes overheated rhetoric and navigate the overwhelming amount of unbiased academic research on gun related issues Now in light of the steady rate of gun violence and several high profile shooting incidents this extraordinary three volume work returns in a timely and thoroughly updated edition With over 100 new entries the latest edition of *Guns in American Society* is the most current resource available on all aspects of the gun issue including rates of violence gun control gun rights regulations and legislation court decisions pro and anti gun organizations gun ownership hunters and collectors public opinion toward guns and much more With expert contributions from the fields of criminology history law medicine politics and social science it gives students journalists policymakers and researchers a foundation for their own investigations while helping readers of all kinds make decisions as family members potential gun owners and voters

Gun Crusaders Scott Melzer,2012-09-01 Uses National Rifle Association materials meetings leader speeches and interviews with NRA members to examine how the organization perceives threats to gun rights as an attack in a broad culture war that will ultimately lead to gun confiscation and socialism

Armed Gary Kleck,Don B. Kates,2001-11 Hoping to disentangle myth from reality the authors summarize research on guns and violence in accessible nontechnical language Among the topics addressed are media bias in coverage of gun issues prohibitionist measures for reducing gun violence and a close analysis of the Second Amendment

Gun Violence in America Alexander DeConde,2003 An in depth analysis of the folklore surrounding gun use and the state of the debate in today s political climate

Rise of the Anti-media Brian Anse Patrick,2010 The American concealed weapon carry movement consisting largely of political amateurs has succeeded in changing the direction of gun control policy in the U S in the last two decades overcoming well entrenched professional elites in the process The movement succeeded because overlapping horizontal interpretive communities of a new American gun culture developed their own anti media of communication bypassing mainstream media systems creating a new and politically potent informational sociology that works to their benefit

Issues in American Political Life Robert Thobaben,Charles Funderburk,Donna Schlagheck,2015-07-02 A core text for undergraduate courses in American Public Policy or supplemental reading in such courses as Introduction to American Government or Politics American Public Policy Analysis Introduction to Political Science A substantive alternative to typical issues texts which cover too many issues too superficially this intriguing and comprehensive text offers a more in depth and coherent approach to contemporary policy problems and solutions It provides a conceptual framework in which students can become comfortable actually doing policy analysis and in learning skills

beyond reading about certain political issues Thematically organized it looks at nine specific issues grouped into three broad categories that hold an enduring importance in American political life money and politics violence and politics and biology and politics All nine chapters and their respective topics campaigns corruption welfare crime terrorism arms control the environment biomedical issues and biotechnology have a strong conceptual base with current political dimensions and policy concerns woven throughout Students not only learn the context status and prospects of issues confronting the U S government but also see how these issues now cross our domestic borders into a global realm *From My Cold, Dead*

Hands Emilie Raymond, 2006-08-18 Charlton Heston is perhaps most famous for his portrayal of Moses in Cecil B DeMille s epic *The Ten Commandments* and for his Academy Award winning performance in the 1959 classic *Ben Hur* Throughout his long career Heston used his cinematic status as a powerful moral force to effect social and political change Author Emilie Raymond examines Heston s role as a crusader for individual rights and his evolution into a major American political figure with a pivotal role in the conservative movement Heston s political activities were as varied as they were time consuming He worked with the Kennedy Johnson Nixon Reagan and first Bush administrations He marched in support of black civil rights served as the president of the Screen Actors Guild and helped shape policy for the National Endowment for the Arts before taking on his most high profile position president of the National Rifle Association Over the course of his career Heston became disillusioned with the Democrats he formally registered with the Republican Party in the 1980s arguing that the decision was in keeping with his longtime advocacy of individual rights *From My Cold Dead Hands* is far more than a biography it is a chronicle of the resurgence of American conservative thought and in particular the birth of neoconservatism Heston s brand of neoconservatism differed from that of the exclusively intellectual wing and he came to represent a previously ignored segment of neoconservatives operating on the basis of more common emotionally oriented concerns The neocons brought new life to the GOP and Raymond convincingly argues that Heston revitalized conservatism in general his image of morality individualism and masculinity lent the conservative movement credibility with a larger public He effectively campaigned for conservative candidates and causes using his popularity and image to fuel and legitimize his political activities Heston s high degree of political engagement not only paved the way for many of today s Hollywood activists but also helped popularize many of the beliefs of the neoconservative movement A balanced look at Heston and his offscreen work *From My Cold Dead Hands* explains how this charismatic man of conviction propelled his personal beliefs into the political mainstream of America *Her Best Shot* Laura Browder, 2009-09-15 The gun toting woman holds enormous

symbolic significance in American culture For over two centuries women who pick up guns have disrupted the popular association of guns and masculinity spurring debates about women s capabilities for violence as well as their capacity for full citizenship In *Her Best Shot* Laura Browder examines the relationship between women and guns and the ways in which the figure of the armed woman has served as a lightning rod for cultural issues Utilizing autobiographies advertising journalism

novels and political tracts among other sources Browder traces appearances of the armed woman across a chronological spectrum from the American Revolution to the present and an ideological spectrum ranging from the Black Panthers to right wing militias Among the colorful characters presented here are Deborah Sampson who disguised herself as a man to fight in the American Revolution Pauline Cushman who posed as a Confederate to spy for Union forces during the Civil War Wild West sure shot Annie Oakley African explorer Osa Johnson 1930s gangsters Ma Barker and Bonnie Parker and Patty Hearst the hostage turned revolutionary turned victim With her entertaining and provocative analysis Browder demonstrates that armed women both challenge and reinforce the easy equation that links guns manhood and American identity

Masculinities R. W. Connell, Raewyn Connell, 2005 This is an exciting new edition of R W Connell's ground breaking text which has become a classic work on the nature and construction of masculine identity Connell argues that there is not one masculinity but many different masculinities each associated with different positions of power In a world gender order that continues to privilege men over women but also raises difficult issues for men and boys his account is more pertinent than ever before In a substantial new introduction and conclusion Connell discusses the development of masculinity studies in the ten years since the book's initial publication He explores global gender relations new theories and practical uses of masculinity research Looking to the future his new concluding chapter addresses the politics of masculinities and the implications of masculinity research for understanding current world issues Against the backdrop of an increasingly divided world dominated by neo conservative politics Connell's account highlights a series of compelling questions about the future of human society This second edition of Connell's classic book will be essential reading for students taking courses on masculinities and gender studies and will be of interest to students and scholars across the humanities and social sciences

Gun Control Herbert M. Levine, 1998 Provides information on both sides of the gun control issue discussing crime suicides accidents the Constitution and government regulations **The Gun Control Movement** Gregg Lee Carter, 1997 Examines American attitudes about gun control how those attitudes reflect the gun control movement and the future of gun control in the United States

Magnum Force Lobby The National Rifle Association Fights Gun Control Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Magnum Force Lobby The National Rifle Association Fights Gun Control free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Magnum Force Lobby The National Rifle Association Fights Gun Control free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Magnum Force Lobby The National Rifle Association Fights Gun Control free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and

verify the authenticity of the source before downloading Magnum Force Lobby The National Rifle Association Fights Gun Control. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Magnum Force Lobby The National Rifle Association Fights Gun Control any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Magnum Force Lobby The National Rifle Association Fights Gun Control Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Magnum Force Lobby The National Rifle Association Fights Gun Control is one of the best book in our library for free trial. We provide copy of Magnum Force Lobby The National Rifle Association Fights Gun Control in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Magnum Force Lobby The National Rifle Association Fights Gun Control. Where to download Magnum Force Lobby The National Rifle Association Fights Gun Control online for free? Are you looking for Magnum Force Lobby The National Rifle Association Fights Gun Control PDF? This is definitely going to save you time and cash in something you should think about.
