Foundation PHP 5 for Flash David Powers,2006-11-03 Our original Foundation PHP for Flash title was rightly regarded as a must have when it came to wanting to learn just how to make your Flash sites make use of backend technologies that was published way back in the days of Flash 5 and PHP 4 and things move pretty fast in the world of web design This latest completely rewritten edition again brings together three of the web s hottest technologies Flash the server side language PHP and the MySQL database system We ve brought things back up to date using ActionScript 2 0 PHP 5 0 and MySQL 4 1 the book has been designed to be version neutral In other words you can be confident that you re working with the latest standards but that your applications won t break if deployed on an older server The book also provides a brief introduction to an alternative database system SQLite which is now automatically bundled with PHP 5 and requires no installation At each stage of the book you ll be given an overview of a new area of PHP MySQL introducing you to the syntax while showing how it compares to ActionScript and how it integrates with Flash to produce increasingly complicated applications For example earlier chapters cover things such as getting data from PHP to Flash and back again variables arrays string manipulation

validating user input and feedback forms Later on it moves on to more advanced subjects such as creating databases via the MySQL console and via phpMyAdmin manipulating database data via a Flash interface displaying data from an RSS feed in Flash persisting data with sessions and creating a full blown content management system In addition to get you up and running the book features a detailed guide to setting up your environment PHP MySQL and the Apache web server along with extensive troubleshooting information PHP is the language of choice on nearly 18 million domains and MySQL has more than five million active users including industry leaders like Google the Associated Press Sony and NASA They re open source and free and with the help of this book you ll see that they re easy and fun to learn *Speaking with Magpies* James

McGrath,2007 James McGrath is a master poet whose respect for all life rings through every clear strong word Using simple language he effortlessly conveys the deepest and at times the most terrible truth These poems are a gift of understanding
