Maharishi University of Management Maharishi Mahesh Yogi, 1995-08-01 Maharishi Introduces The Concept Of Automation In Administration Through The Application Of The Infinite Organizing Power Of Natural Law **Mirror of Consciousness** Anna J. Bonshek, 2001 Mirror of Consciousness ambitiously traverses a wide range of themes pertaining to art creativity knowledge and theory Its unique perspective lies in its exposition of Vedic Science as brought to light by His Holiness Maharishi Mahesh Yogi and in the application of the principles of this science to preliminary analysis of the Vastusutra Upanishad No other publication has examined art and theory with the same comprehensive vision To do justice to the topic of universal value in art and theory the author has delved into several areas that impact the visual arts late twentieth century debates in art theory models of historiography new definitions of culture and tradition in the context of the individual's own consciousness or simplest form of awareness Though comprehensive and detailed it will appeal to those who are curious about trends in the visual arts the advent and impact of new technologies and the development of collective consciousness in our time *The Big Fish* Anna J. Bonshek, Corrina Bonshek, Lee C. Fergusson, 2007 While debate continues in the fields of the sciences and humanities as to the nature of consciousness and the location of consciousness in the brain or as a field phenomenon in the Vedic tradition consciousness has been understood and continues to be articulated as an infinite field of intelligence at the basis of all forms of existence This infinite field of intelligence is accessible to human awareness being the very nature of the mind and the structuring dynamics of the physiology from the DNA to the cell tissues organs and to the whole body and its sophisticated functioning This two part volume *The Big Fish* Consciousness as Structure Body and Space considers in Part One the Vedic approach to consciousness specifically referencing Maharishi Vedic Science and discusses themes pertinent to the arts including perception and cognition memory as awareness history and culture artistic performance and social responsibility observatory instruments as spaces and structures to enhance consciousness and beyond metaphor architectural sites as multi layered enclosures of the brain detailed in the Shrimad Devi Bhagavatam and as cosmic habitat or Vastu aligned to the celestial bodies Presenting some more general consciousness based readings Part Two includes essays by various authors on Agnes Martin and her views on art perfection and the Classic unified field based education and freedom of expression versus censorship in art prints from the Renaissance to the contemporary era as allegories of consciousness the work of Australian artist Michael Kane Taylor as beyond a modern postmodern dichotomy the photographic series *The Ocean of Beauty* by Mark Paul Petrick referencing the Vedic text the Saundarya Lahari a Deleuzian analysis of the dual screen multi arts work *Reverie I* and an account of the making of *Reverie II* a single screen video projection inspired by the idea of dynamics of awareness This book therefore presents a broad range of interests and reading while offering a unique yet profoundly transformative perspective on consciousness *Innovative Management Education Pedagogies for Preparing Next-Generation Leaders* Tiwari, Shalini Rahul, Nafees, Lubna, 2015-11-30 Management education

is currently adapting to several societal changes Due to increased workload and outside pressures heaped on students business education programs are undergoing a unique transformation to keep up with shifting industry expectations Innovative Management Education Pedagogies for Preparing Next Generation Leaders facilitates the discussion on a variety of teaching methods and practices being used in current business education programs Highlighting the ways that technology can be used to aid students in the advancement of their studies as well as career development and preparation this text covers a range of topics from leadership expectations and workforce requirements to electronic course materials The timely research based practices and methods included in this publication are beneficial to school administrators instructional designers instructors and researchers in the fields of business and higher education

Life is Heaven: Maharishi Mahesh Yogi's Vedic Programs Ayla Cevik, 2025-06-15 LIFE IS BLISS as stated by Maharishi Mahesh Yogi who has revived purity and Integrity of ancient Vedic knowledge with a scientific outlook in order to create Heaven on Earth He has offered many Vedic programs creating perfection in all areas of life At the basis of all his programs lies the Transcendental Meditation technique through which we can know by personal experience that life is bliss Maharishi s programs bring perfection to individual and national life by reuniting all the areas of life to their source which transcends material existence the unified field out of which all the laws of nature and sub atomic particles emerge according to modern science Enlivening the connection with the source of life the source of infinite peace energy intelligence and creativity brings out the infinite bliss within everyone and creates fulfillment in every area of life Maharishi s unique gift to the world is enlightenment for the individual and invincibility for the nation Life Is Heaven describes in practical everyday language each of Maharishi s programs and shows us how to live our lives in bliss and create a peaceful world ENJOY

Consciousness-Based Leadership and Management, Volume 2 Anil K. Maheshwari, 2023-08-17 This two volume set examines the need for a consciousness based view of leadership which emphasizes universal human flourishing as opposed to a resource based view which focuses on

sustaining a competitive advantage This approach is built around three main principles 1 Paradigm Consciousness is primary including complementary existence of opposites 2 Social Interpersonal focusing on empathy and compassion and 3 Individual experiencing Oneness and expressing creativity Volume Two is divided into two sections Each section offers a mix of qualitative and quantitative studies The first section focuses on consciousness based development of organizational capabilities such as ambidexterity flow and work life balance The second section is focused on organizational interventions such as reinvention meaning making well being and sustainability Aligning leadership practices with the notion of an unbounded consciousness this edited collection will extend literature on organizational culture leadership and sustainability contributing to solving the grand challenges facing humanity *Spirituality and Sustainability* Satinder Dhiman,Joan Marques,2016-06-13 This book aims to examine sustainability and spirituality philosophically with ethics as the balancing force The goal is to reveal the important intersection between sustainability and spirituality by using spirituality as the invisible guiding hand in the quest for sustainability The editors and contributors examine old social and economics dilemmas from a new perspective in order to provide alternative approaches to economic and social development The enclosed contributions cover a broad range of topics such as sustainable development and human happiness contemporary spirituality environmental ethics and responsibility and corporate social responsibility In addition the title features real world case studies and discussion questions that inspire self reflection and theoretical and empirical deliberation in academic courses and business seminars Contemporary approaches to economic and social development have failed to address humankind's abiding need for spiritual growth For material development to be sustainable spiritual advancement must be seen as an integral part of the human development algorithm While the policy makers and governments can play their respective role each one of us has to consciously adopt spirituality and sustainability as a way of life This book will rely on the spiritual power of individuals to heal themselves and the environment Featuring interdisciplinary perspectives in areas such as science marine biology environmental policy cultural studies psychology philosophy ecological economics and ethics this book will provide extensive insights into the complimentary fields of spirituality sustainability and ethics

Transcendental Meditation in Criminal Rehabilitation and Crime Prevention Charles Nathaniel Alexander,2003 This is a collection of papers on the use of Maharishi Transcendental Meditation and TM Sidhi programs to reduce offender recidivism The papers provide a theoretical overview new original research findings and examples of practical implementation Studies covering periods of 1 15 years indicate that employing the Maharishi Transcendental Meditation and TM Sidhi programs may reduce recidivism by 35 50% **Organizing through Empathy** Kathryn Pavlovich,Keiko Krahnke,2013-09-11 Empathy dissolves the boundaries between self and others and feelings of altruism towards others are activated This process results in more compassionate and caring contexts as well as helping others in times of suffering This book provides evidence from neuroscience and quantum physics that it is empathy that connects humanity and that this

awareness can create a more just society It extends interest in values based management exploring the intellectual physical ecological spiritual and aesthetic well being of organizations and society rather than the more common management principles of maximising profit and efficiency This book challenges the existing paradigm of capitalism by providing scientific evidence and empirical data that empathy is the most important organizing mechanism The book is unique in that it provides a comprehensive review of the transformational qualities of empathy in personal organizational and local contexts Integrating an understanding based upon scientific studies of why the fields of positive psychology and organizational scholarship are important it examines the evidence from neuroscience and presents leading edge studies from quantum physics with implications for the organizational field Together the chapters in this book attempt to demonstrate how empathy helps in the reduction of human suffering and the creation of a more just society
