The Desperate Union Ewoud van Laer, 2019-11-25 The European Union's origins lie in the ruins of World War Two This war inflicted huge psychological damage and everyone came to the same conclusion no more war European integration proved a successful tool for realising this deep seated need Now 60 years on the tool appears to have lost its effectiveness A large section of the population is worried about the EU's common policies Will the Greeks ever pay back those billions Will immigrants ever really integrate For 60 years European integration has been proceeding regardless
